

City of Banning

Septic Site Example

Banning Building Department 99 E. Ramsey St.

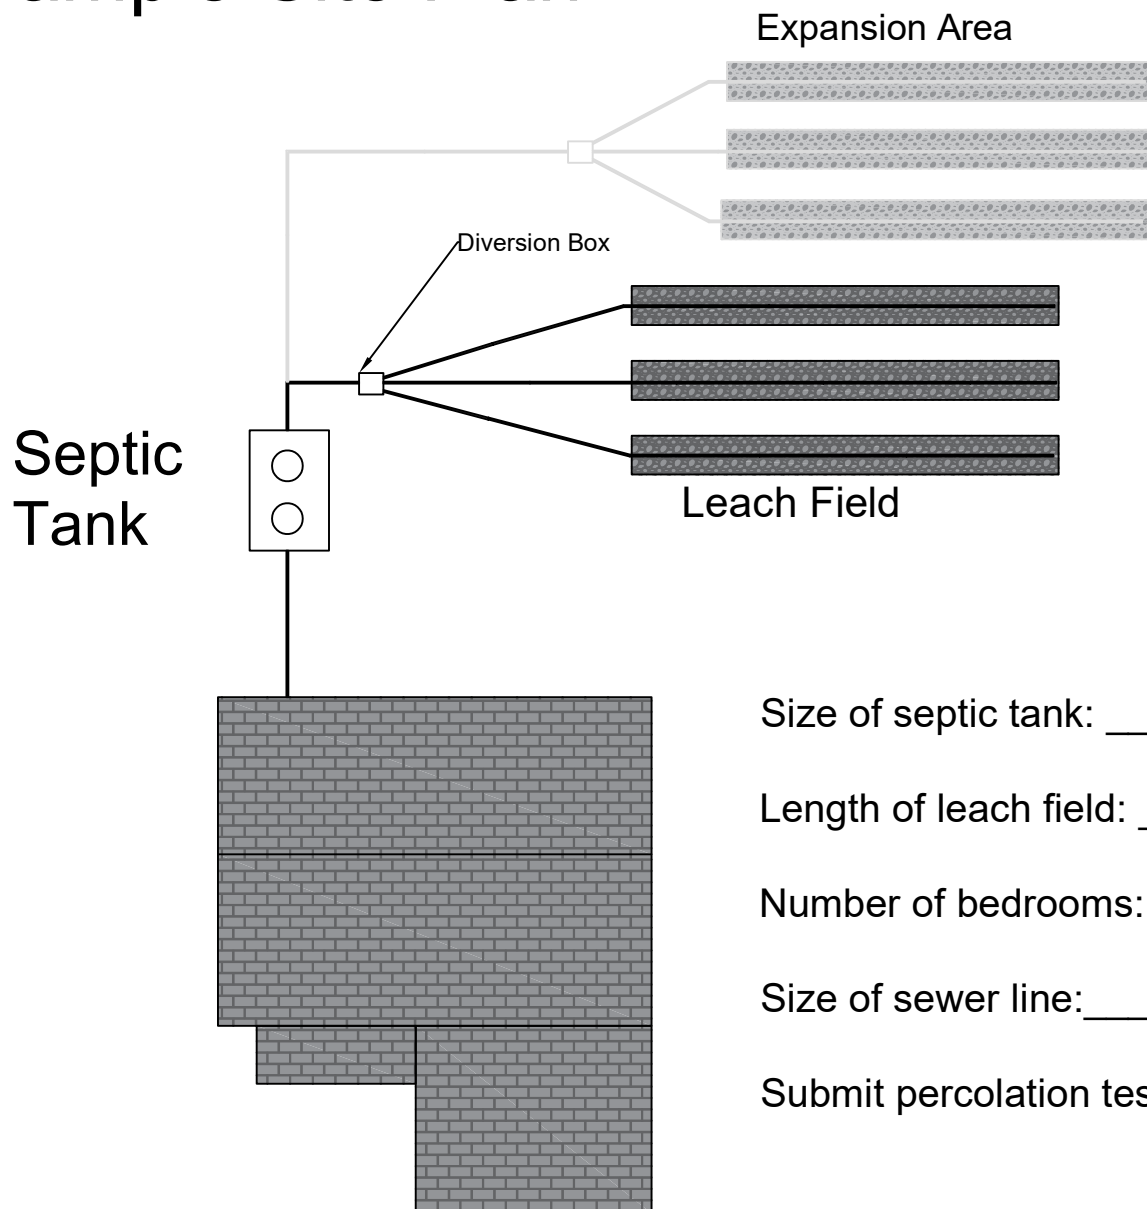

8/09/2024

By Brian Gumpert

Example only. Alternate designs or sizes not listed here require design engineering analysis specific to your site.

Note: Sewer must be connected to City sewer line if within 200 ft of property.

Sample Site Plan

Size of septic tank: _____ Gallons

Length of leach field: _____ Ft.

Number of bedrooms: _____

Size of sewer line: _____ in.

Submit percolation test: ____ (Y/N)

To demolish a septic tank:

- 1) Pump out tank, show pump ticket to inspector at time of inspection
- 2) Fill tank with pea gravel
- 3) Bury tank, keep records of location.
