LAW ENFORCEMENT CODE OF ETHICS
As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Sworn members of this [department/office] are authorized to exercise peace officer powers pursuant to applicable state law (Penal Code § 830.1 et seq.).

100.2.1 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE BANNING POLICE DEPARTMENT
The arrest authority outside the jurisdiction of the Banning Police Department includes (Penal Code § 830.1; Penal Code § 836):

(a) When the officer has probable cause to believe the person committed a felony.
(b) When the officer has probable cause to believe the person has committed a misdemeanor in the presence of the officer and the officer reasonably believes there is immediate danger to person or property or of escape.
(c) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized even if not committed in the presence of the officer such as certain domestic violence offenses and there is immediate danger to person or property or of escape or the arrest is mandated by statute.
(d) When authorized by a cross jurisdictional agreement with the jurisdiction in which the arrest is made.
(e) In compliance with an arrest warrant.

On-duty arrests will not generally be made outside the jurisdiction of this [department/office] except in cases of hot or fresh pursuit, while following up on crimes committed with the City or while assisting another agency.

On-duty officers who discover criminal activity outside the jurisdiction of the City should when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

100.2.2 ARREST AUTHORITY INSIDE THE JURISDICTION OF THE BANNING POLICE DEPARTMENT
The arrest authority within the jurisdiction of the Banning Police Department includes (Penal Code § 830.1; Penal Code § 836):

100.2.3 TIME OF MISDEMEANOR ARRESTS
Officers shall not arrest a person for a misdemeanor between the hours of 10:00 p.m. of any day and 6:00 a.m. of the next day unless (Penal Code § 840):

(a) The arrest is made without a warrant pursuant to Penal Code § 836 which includes:

Sworn members of this [department/office] who enter the state of Oregon in order to provide or attempt to provide law enforcement assistance have Oregon peace officer authority within 50 miles from the California-Oregon border (ORS 133.405). Such authority shall only apply when officers are acting:

(a) In response to a request for law enforcement assistance initiated by an Oregon sheriff, constable, marshal, municipal police officer or member of the Oregon State Police.

(b) In response to a reasonable belief that emergency law enforcement assistance is necessary to preserve life, and circumstances make it impractical for Oregon law enforcement officials to formally request assistance.

(c) For the purpose of assisting Oregon law enforcement officials with emergency assistance in response to criminal activity, traffic accidents, emergency incidents or other similar public safety situations, regardless of whether an Oregon law enforcement official is present at the scene of the incident.

Banning Police Department officers have no authority to enforce Oregon traffic or motor vehicle laws.

Whenever practicable, officers should seek permission from a [department/office] supervisor before entering Oregon to provide law enforcement services. As soon as practicable, officers exercising law enforcement authority in Oregon shall submit any appropriate written reports.
concerning the incident to the Oregon agency having primary jurisdiction over the area in which the incident occurred.

### 100.3 POLICY

It is the policy of the Banning Police Department to limit its members to only exercise the authority granted to them by law.

While this [department/office] recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This [department/office] does not tolerate the abuse of law enforcement authority.

### 100.4 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended to other states:

(a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.

(b) When an officer enters an adjoining state in close or fresh pursuit of a person believed to have committed a felony (ARS § 13-3832; NRS 171.158; ORS 133.430).

The person arrested out of state must be taken without unnecessary delay before a magistrate of the county in which the arrest was made (ARS § 13-3833; NRS 171.158; ORS 133.440).

103.2 POLICY
Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that the work of law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines. It is the intent of this manual to be viewed from an objective standard, taking into consideration the sound discretion entrusted to members of this department under the circumstances reasonably available at the time of any incident.

103.2.1 DISCLAIMER
The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Banning Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Violations of any provision of any policy contained within this manual shall only form the basis for department administrative action, training or discipline. The Banning Police Department reserves the right to revise any policy content, in whole or in part.

103.2.2 STAFF
Staff shall consist of the following:

- Chief of Police
- Captain

(b) Increase the technical expertise and overall effectiveness of our personnel
(c) Provide for continued professional development of department personnel

- State mandated training
- Federal mandated training

Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Sergeant.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Training Sergeant. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.
Electronic Mail

205.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the Department’s electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

205.2 EMAIL RIGHT OF PRIVACY
All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department’s email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

205.3 PROHIBITED USE OF EMAIL
Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user’s name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual’s email, name and/or password by others.

205.4 EMAIL RECORD MANAGEMENT
Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.
Electronic Mail

The City's Information Systems Staff shall ensure that email messages are retained and recoverable as outlined in the City's Records Maintenance and Release Policy.

206.4 SURVEYS
All surveys made in the name of the Department shall be authorized by the Chief of Police.
Staffing Levels

207.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

207.2 MINIMUM STAFFING LEVELS
One Watch Commander/Supervisor (Sergeant rank or higher) will be deployed during each patrol watch.
License to Carry a Firearm

208.1 PURPOSE AND SCOPE
The Chief of Police is given the statutory discretion to issue a license to carry a firearm to residents within the community (Penal Code § 26150; Penal Code § 26155). This policy will provide a written process for the application and issuance of such licenses. Pursuant to Penal Code § 26160, this policy shall be made accessible to the public.

208.1.1 APPLICATION OF POLICY
Nothing in this policy shall preclude the Chief or other head of a municipal police [department/office] from entering into an agreement with the Sheriff of the county or preclude the Sheriff of the county from entering into an agreement with the Chief of any municipal police [department/office] to process all applications and license renewals for the carrying of concealed weapons (Penal Code § 26150; Penal Code § 26155).

The Chief of Police has the discretion to contract with an outside agency to process all applications and license renewals for the carrying of concealed weapons.

The application process for a license to carry a firearm shall consist of two phases. Upon the successful completion of each phase, the applicant will advance to the next phase until the process is completed and the license is either issued or denied.

208.4.1 PHASE ONE (TO BE COMPLETED BY ALL APPLICANTS)

(a) Any individual applying for a license to carry a firearm shall first fully complete a California Department of Justice (DOJ) application to be signed under penalty of perjury. Any applicant who provides false information or statements on the application will be removed from further consideration and may be prosecuted for a criminal offense (Penal Code § 26180).

1. In the event of any discrepancies in the application or background investigation, the applicant may be required to undergo a polygraph examination, at no cost to the applicant.

2. If an incomplete application package is received, the Chief of Police or authorized designee may do any of the following:
   (a) Require the applicant to complete the package before any further processing.
   (b) Advance the incomplete package to phase two for conditional processing pending completion of all mandatory conditions.
   (c) Issue a denial if the materials submitted at the time demonstrate that the applicant would not qualify for a license to carry a firearm even if the package was completed (e.g., not a resident, disqualifying criminal conviction, absence of good cause).

(b) At the time the completed application is submitted, the applicant shall submit a check made payable to the California Department of Justice for the required California DOJ application fee, along with a separate check made payable to the City of Banning for a nonrefundable 20 percent of the application fee to cover the cost of processing the application (Penal Code § 26190).

1. Additional fees may be required for fingerprinting, training or psychological testing, in addition to the application fee.

2. Full payment of the remainder of the application fee will be required upon issuance of a license.

3. Payment of related fees may be waived if the applicant is a duly appointed reserve peace officer as defined in Penal Code § 830.6 (a) or (b) (Penal Code § 26170).

(c) The applicant shall be required to submit to fingerprinting and a complete criminal background check by the California DOJ. A second set of fingerprints may be required for retention in [department/office] files. Two recent passport-size photos (2 inches by 2 inches) of the applicant shall be submitted for [department/office] use. No person
determined to fall within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100 or Welfare and Institutions Code § 8103 will be issued a license to carry a firearm. A license shall not be issued if the California DOJ determines that the applicant is prohibited by state or federal law from possessing, receiving, owning or purchasing a firearm (Penal Code § 26195).

(d) The applicant should submit at least three signed letters of character reference from individuals other than relatives.

(e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

Once the Chief of Police or authorized designee has reviewed the completed application package and relevant background information, the application will either be advanced to phase two or denied.

In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

208.4.2 PHASE TWO
This phase is to be completed only by those applicants successfully completing phase one.

(a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or authorized designee. During this stage, there will be further discussion of the applicant’s statement of good cause and any potential restrictions or conditions that might be placed on the license.

1. The determination of good cause should consider the totality of circumstances in each individual case.
2. Any denial for lack of good cause should be rational, articulable and not arbitrary in nature.
3. The [Department/Office] will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).

(b) The Chief of Police may, based upon criteria established by the Chief of Police, require that the applicant be referred to an authorized psychologist used by the [Department/Office] for psychological testing. The cost of such psychological testing (not to exceed $150) shall be paid by the applicant. The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).

(c) The applicant shall complete a course of training approved by the [department/office], which complies with Penal Code § 26165. The applicant will not be required to complete and pay for any training courses prior to any determination of good cause (Penal Code § 26165; Penal Code § 26202).
License to Carry a Firearm

(d) The applicant shall submit any firearm to be considered for a license to the Rangemaster or other [department/office] authorized gunsmith, at no cost to the applicant, for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer’s specifications or that is unsafe (Penal Code § 31910).

(e) The applicant shall successfully complete a firearms safety and proficiency examination with the firearm to be licensed, to be administered by the [department/office] Rangemaster, or provide proof of successful completion of another [department/office]-approved firearms safety and proficiency examination, including completion of all releases and other forms. The cost of any outside inspection/examination shall be the responsibility of the applicant.

Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

208.5 LIMITED BUSINESS LICENSE TO CARRY A CONCEALED FIREARM
The authority to issue a limited business license to carry a concealed firearm to a non-resident applicant is granted only to the Sheriff of the county in which the applicant works. A chief of a municipal police [department/office] may not issue limited licenses (Penal Code § 26150). Therefore, such applicants may be referred to the Sheriff for processing.

An individual who is not a resident of the county but who otherwise successfully completes all portions of phases one and two above, may apply for and be issued a limited license subject to approval by the Sheriff and subject to the following:

(a) The applicant physically spends a substantial period of working hours in the applicant’s principal place of employment or business within the City of Banning (Penal Code § 26150).

(b) Such a license will be valid for a period not to exceed 90 days from the date of issuance (Penal Code § 26220).

(d) Any application for renewal or reissuance of such a license may be granted only upon concurrence of the original issuing authority and the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

2. The licensee will be required to sign a Restrictions and Conditions Agreement. Any violation of any of the restrictions and conditions may result in the immediate revocation of the license.

(b) The license shall be laminated, bearing a photograph of the licensee with the expiration date, type of firearm, restrictions and other pertinent information clearly visible.

1. Each license shall be numbered and clearly identify the licensee.

2. All licenses shall be subjected to inspection by the Chief of Police or any law enforcement officer.

A license issued to any reserve peace officer as defined in Penal Code § 830.6(a) or (b), or a custodial officer employed by the Sheriff as provided in Penal Code § 831.5 will be valid for a period not to exceed four years, except that such license shall be invalid upon the individual’s conclusion of service as a reserve officer.

(d) If the licensee’s place of residence was the basis for issuance of a license and the licensee moves out of the county of issuance, the license shall expire 90 days after the licensee has moved (Penal Code § 26210).

(e) The licensee shall notify this [department/office] in writing within 10 days of any change of place of residency.

208.6.1 LICENSE RESTRICTIONS

(b) The Chief of Police reserves the right to inspect any license or licensed firearm at any time.

(c) The alteration of any previously approved firearm including, but not limited to adjusting the trigger pull, adding laser sights or modifications shall void any license and serve as grounds for revocation.

208.6.2 AMENDMENTS TO LICENSES
Any licensee may apply to amend a license at any time during the period of validity by completing and submitting a written Application for License Amendment along with the current processing fee to the [Department/Office] in order to (Penal Code § 26215):

(a) Add or delete authority to carry a firearm listed on the license.
(b) Change restrictions or conditions previously placed on the license.
(c) Change the address or other personal information of the licensee (Penal Code § 26210).

In the event that any amendment to a valid license is approved by the Chief of Police, a new license will be issued reflecting the amendment. An amendment to any license will not serve to extend the original expiration date and an application for an amendment will not constitute an application for renewal of the license.

208.6.3 REVOCATION OF LICENSES
Any license issued pursuant to this policy may be immediately revoked by the Chief of Police for any of the following reasons:

(a) The licensee has violated any of the restrictions or conditions placed upon the license.
(b) The licensee becomes psychologically unsuitable to carry a firearm.
(c) The licensee is determined to be within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100, Welfare and Institutions Code § 8103 or any state or federal law.
(d) The licensee engages in any conduct which involves a lack of good moral character or that might otherwise remove the good cause for the original issuance of the license.
(e) If the license is one to carry “loaded and exposed,” the license shall be revoked immediately upon a change of the licensee’s place of residence to another county (Penal Code § 26210).
License to Carry a Firearm

The issuance of a license by the Chief of Police shall not entitle the holder to either a property or liberty interest as the issuance, amendment or revocation of such license remains exclusively within the discretion of the Chief of Police as set forth herein.

If any license is revoked, the [Department/Office] will immediately notify the licensee in writing and the California DOJ (Penal Code § 26225).

208.6.4 LICENSE RENEWAL
No later than 90 days prior to the expiration of any valid license to carry a firearm, the licensee may apply to the Chief of Police for a renewal by:

(a) Verifying all information submitted in the original application under penalty of perjury.
(b) Completing a [department/office]-approved training course pursuant to Penal Code § 26165. The applicant shall not be required to pay for a training course prior to the determination of good cause (Penal Code § 26165).
(c) Submitting any firearm to be considered for a license renewal to the Rangemaster for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer’s specifications or that is unsafe (Penal Code § 31910).
(d) Paying a non-refundable renewal application fee.

Once the Chief of Police or authorized designee has verified the successful completion of the renewal process, the renewal of the license to carry a firearm will either be granted or denied. Prior issuance of a license shall not entitle any licensee to any property or liberty right to renewal.

Whether an application for renewal is approved or denied, the applicant shall be notified in writing within 90 days of the renewal application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

208.7 [DEPARTMENT/OFFICE] REPORTING AND RECORDS
Pursuant to Penal Code § 26225, the Chief of Police shall maintain a record of the following and immediately provide copies of each to the California DOJ:

(a) The denial of a license
(b) The denial of an amendment to a license
(c) The issuance of a license
(d) The amendment of a license
(e) The revocation of a license

The Chief of Police shall annually submit to the State Attorney General the total number of licenses to carry firearms issued to reserve peace officers and judges.
208.8 CONFIDENTIAL RECORDS
The home address and telephone numbers of any peace officer, public defender, prosecutor, magistrate, court commissioner or judge contained in an application shall not be considered public record (Government Code § 6254(u)(2)).

Any information in an application for a license to carry a firearm that indicates when or where the applicant is vulnerable to attack or that concerns the applicant’s medical or psychological history or that of his/her family shall not be considered public record (Government Code § 6254(u)(1)).
Retiree Concealed Firearms

209.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Banning Police Department identification cards under the Law Enforcement Officers' Safety Act (LEOSA) and California law (18 USC § 926C; Penal Code § 25455).

209.2 POLICY
It is the policy of the Banning Police Department to provide identification cards to qualified former or retired officers as provided in this policy.

209.3 LEOSA
The Chief of Police may issue an identification card for LEOSA purposes to any qualified former officer of this [department/office] who (18 USC § 926C(c)):

(a) Separated from service in good standing from this [department/office] as an officer.
(b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this [department/office].
(c) Has not been disqualified for reasons related to mental health.
(d) Has not entered into an agreement with this [department/office] where the officer acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.
(e) Is not prohibited by federal law from receiving or possessing a firearm.

209.3.1 AUTHORIZATION
Any qualified former law enforcement officer, including a former officer of this [department/office], may carry a concealed firearm under 18 USC § 926C when he/she is:

(a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:

1. An indication from the person’s former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
(b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
(c) Not prohibited by federal law from receiving a firearm.

209.3.2 LEOSA IDENTIFICATION CARD FORMAT
The LEOSA identification card should contain a photograph of the former officer and identify him/her as having been employed as an officer.

If the Banning Police Department qualifies the former officer, the LEOSA identification card or separate certification should indicate the date the former officer was tested or otherwise found by the [Department/Office] to meet the active duty standards for qualification to carry a firearm.

209.4 CALIFORNIA IDENTIFICATION CARD ISSUANCE
Any full-time sworn officer of this [department/office] who was authorized to, and did, carry a concealed firearm during the course and scope of his/her employment shall be issued an identification card with a Carrying Concealed Weapon endorsement, "CCW Approved," upon honorable retirement (Penal Code § 25455).

(a) For the purpose of this policy, honorably retired includes all peace officers who have qualified for, and accepted, a service or disability retirement. It shall not include any officer who retires in lieu of termination.
(b) No CCW Approved endorsement shall be issued to any officer retiring because of a psychological disability (Penal Code § 26305).

209.4.1 QUALIFIED RETIRED RESERVES
Qualified retired reserve officers who meet the [department/office] requirements shall be provided an identification card with a CCW Approved endorsement (Penal Code § 26300).

209.4.2 CALIFORNIA IDENTIFICATION CARD FORMAT
The identification card issued to any qualified and honorably retired officer shall be 2 inches by 3 inches, and minimally contain (Penal Code § 25460):

(b) The retiree’s name and date of birth.
(c) The date of retirement.
(d) The name and address of this [department/office].
(e) A stamped CCW Approved endorsement along with the date by which the endorsement must be renewed (not more than one year). If a CCW endorsement has been denied or revoked, the identification card shall be stamped “No CCW Privilege.”

(b) This [department/office] is in possession of the retiree’s complete personnel record or can verify the retiree’s honorably retired status.

(c) The retiree is in compliance with all of the requirements of this [department/office] for the issuance of a CCW Approved endorsement.

209.5 FORMER OFFICER RESPONSIBILITIES
A former officer with a card issued under this policy shall immediately notify the Watch Commander of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions policy.

209.5.1 RESPONSIBILITIES UNDER LEOSA
In order to obtain or retain a LEOSA identification card, the former officer shall:

(a) Sign a waiver of liability of the [Department/Office] for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the [Department/Office].

(b) Remain subject to all applicable [department/office] policies and federal, state and local laws.

(c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.

(d) Successfully pass an annual criminal history background check indicating that he/she is not prohibited by law from receiving or possessing a firearm.

209.5.2 MAINTAINING A CALIFORNIA IDENTIFICATION CARD CCW ENDORSEMENT
In order to maintain a CCW Approved endorsement on an identification card issued under California law, the retired officer shall (Penal Code § 26305):

(a) Qualify annually with the authorized firearm at a course approved by this [department/office] at the retired officer’s expense.

(b) Remain subject to all applicable [department/office] policies and federal, state and local laws.

(c) Not engage in conduct that compromises public safety.

(d) Only be authorized to carry a concealed firearm inspected and approved by the [Department/Office].
209.6 DENIAL, SUSPENSION OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD

A CCW endorsement under Penal Code § 25470 for any officer retired from this department/office may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety.

(a) In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.

(b) Prior to revocation of any CCW endorsement, the Department/Office shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree’s last known address (Penal Code § 26315).

1. The retiree shall have 15 days from the date of service to file a written request for a hearing.

2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).

3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.

(c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department/Office, one selected by the retiree or his/her employee organization and one selected jointly (Penal Code § 26320).

1. The decision of such hearing board shall be binding on the Department/Office and the retiree.

2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department/Office will then reissue a new identification card which shall be stamped “No CCW Privilege.”

(d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.

1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).

2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.
Retiree Concealed Firearms

3. The personal and written notification should be as follows:
   (a) The retiree’s CCW endorsement is immediately and temporarily suspended.
   (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
   (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the [Department/Office] to deliver the written notification.

209.7 FIREARM QUALIFICATIONS
The Rangemaster may provide former officers from this [department/office] an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this [department/office] is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS
Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The [Department/Office] recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably
Use of Force

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by the [Department/Office]. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

(a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The conduct of the involved officer (Penal Code § 835a).
(e) The effects of drugs or alcohol.
(f) The individual’s apparent mental state or capacity (Penal Code § 835a).
(g) The individual’s apparent ability to understand and comply with officer commands (Penal Code § 835a).
Use of Force

(h) Proximity of weapons or dangerous improvised devices.
(i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
(k) seriousness of the suspected offense or reason for contact with the individual.
(l) Training and experience of the officer.
(m) Potential for injury to officers, suspects, and others.
(n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
(o) The risk and reasonably foreseeable consequences of escape.
(p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
(q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
(r) Prior contacts with the subject or awareness of any propensity for violence.
(s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed [department/office]-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.
(b) Whether the person can comply with the direction or orders of the officer.
(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD
The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:

(a) The officer shall have successfully completed [department/office]-approved training in the use and application of the carotid control hold.
Use of Force

(b) The carotid control hold may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:

1. The subject is violent or physically resisting.
2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm officers, him/herself or others.

(c) The application of a carotid control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:

1. Females who are known to be pregnant
2. Elderly individuals
3. Obvious juveniles
4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE
In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Banning Police Department for this specific purpose.
Use of Force

300.4 DEADLY FORCE APPLICATIONS

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers should evaluate the use of other reasonably available resources and techniques when determining whether to use deadly force. The use of deadly force is only justified in the following circumstances (Penal Code § 835a):

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.

(b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this [department/office] shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the [Department/Office] may require the completion of additional report forms, as specified in [department/office] policy, procedure or law.
Use of Force

300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.
(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of a TASER device or control device.
(f) Any application of a restraint device other than handcuffs, shackles or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges any of the above has occurred.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Bureau policy.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).
Use of Force

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY
A supervisor shall respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and should the supervisor suspect that any application of force was not within policy they shall contact their Division Lieutenant as soon as possible.
Use of Force

(i) Ensure all recorded media (Audio and Video), related to the use of force, is downloaded and booked into evidence.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 LIEUTENANT RESPONSIBILITY
The Lieutenant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING
Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

300.9 USE OF FORCE ANALYSIS
At least annually, the Patrol Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.
(b) Training needs recommendations.
(c) Equipment needs recommendations.
(d) Policy revision recommendations.
Deadly Force Review

301.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a process to review the use of deadly force by employees of this department. The Use of Deadly Force Review process is part of the personnel administrative investigative process.

301.2 POLICY
The Banning Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

It is the policy of this department to convene a Use of Deadly Force Review Board when the use of deadly force by an employee results in serious injury or death to a person.

The Use of Deadly Force Review Board may also be convened to review the circumstances surrounding accidental or intentional discharges of a firearm, whether the employee is on or off duty, excluding range training or recreational use, at the discretion of the Chief of Police.

The Chief of Police may convene the Use of Deadly Force Review Board to investigate the circumstances surrounding any use of force incident.

301.3 COMPOSITION OF THE BOARD
The Use of Deadly Force Review Board shall be comprised of the following personnel, when possible:

- One Lieutenant
- One Sergeant
- One peer of the officer involved

Personnel assigned to the Use of Deadly Force Review Board shall not have been involved in the incident under review or any type of investigative (Criminal or Administrative) action related to the incident. In the event a Lieutenant is not available or eligible to chair the board, a second sergeant will be utilized.

The senior ranking member will serve as chairperson.

The Chief of Police will convene the Use of Deadly Force Review Board, as necessary, and select the board members. It will be the responsibility of every Supervisor of the involved employee(s) to notify the Chief of Police and appropriate Lieutenant of any incidents potentially requiring board review. Personnel assigned to conduct the administrative investigation will ensure that all relevant
reports, documents, and materials are available for consideration during the presentation to the board.

The Chief of Police has the discretion to relinquish the Deadly Force Review Board's responsibilities to an outside agency.

301.4 BOARD RESPONSIBILITIES
The Use of Deadly Force Review Board is empowered to review the administrative investigation into the circumstances of an incident, as presented to them by the lead administrative investigator. Board members may request further investigation if after the presentation and review of materials the consensus of the board believes further information is required to make a decision. Board members have the ability to discuss the provided materials amongst themselves before making a decision during the meeting. The involved employee will be notified of when the meeting is being convened.

Deadly Force Review
The review shall be based upon those facts which were reasonably believed by the officer at the time of the incident, applying legal requirements, department policy and procedures, and approved training to those facts. Facts later discovered but unknown to the officer at the time, can neither justify nor call into question an officer's decision regarding use of force.

The board does not have the authority to recommend discipline. The board shall make a finding and such finding will be limited to one of the following:

(a) The employee's actions were within department policy and procedures.
(b) The employee's actions were in violation of department policy and procedures.

A finding will represent the consensus of the board. After the board has concluded, the board chairperson will verbally notify the lead administrative investigator of the board's decision. The lead administrative investigator shall notify the Chief of Police of the board's decision and document it in the Use of Deadly Force Review Board Summary form, which shall be signed by all three board members and the Chief of Police. After review by the Chief of Police and completion of the administrative investigation, the involved employee will be notified of the board's decision.

At the conclusion of the review process, a copy of all relevant reports and information will be filed with the Chief of Police and stored according to department policy and procedures.

Board members shall not discuss any information provided to them during the presentation, except amongst themselves during the review process.
Handcuffing and Restraints

302.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY
The Banning Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and [department/office] training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

302.3 USE OF RESTRAINTS
Only members who have successfully completed Banning Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others.

When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized
determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

302.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer, or damage property.

302.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the [Department/Office]. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or
Handcuffing and Restraints

distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only [department/office]-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the [Department/Office] shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints, the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 AUTHORIZED RESTRAINT
Officers shall only use restraints approved by the Department.

302.9 REQUIRED DOCUMENTATION
If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person’s behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.

302.10 TRAINING
Subject to available resources, the Training Sergeant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:
Handcuffing and Restraints

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the [Department/Office].

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
KINETIC ENERGY PROJECTILE GUIDELINES

303.1 PURPOSE AND SCOPE
This guideline addresses the training and use of extended range impact devices. The Police department recognizes the combative, non-compliant, or violent subjects cause handling and control problems that require special training and equipment. This department is committed to reducing the potential for violent confrontations. Thus, the department has adopted the use of these devices to assist with the de-escalation of these potentially violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.1.1 DEPLOYMENT
Only department approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer(s) determine that deployment of these munitions cannot be done safely. The safety of hostages, innocent third party citizens, and officers, takes priority over the safety of subjects engaged in criminal or suicidal behavior.

303.1.2 EXAMPLES OF CIRCUMSTANCES APPROPRIATE FOR DEPLOYMENT
Examples include, but are not limited to, the following types of situations where the subject:

(a) is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions;

(b) has made credible threats to harm himself or others;

(c) is engaged in riotous behavior or is throwing rocks, bottles, or other dangerous projectiles at citizens and/or officers.

(d) there is probable cause to believe the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.2 DEFINITIONS
(a) Kinetic Energy Impact Projectiles (also referred to as "Extended Range Impact Ammunition") - Flexible or non-flexible projectiles, which are intended to incapacitate a subject with a minimal potential for causing death or serious injury, when compared to conventional projectiles.

(b) Safety Priorities - The department safety priorities are established as follows:

1. Hostages
2. Involved non-subject civilians
3. Police Officers

4. Suspects

(c) **Subject** - The person who is the focus of the police operation.

### 303.3 PROCEDURE

#### 303.3.1 EXTENDED RANGE IMPACT DEVICE
There are many projectiles used in extended range devices. The primary types used by the Banning Police Department are the Flexible Baton 12 gauge, and/or the Non-Flexible/Flexible -37/40 mm. Only Department approved kinetic energy munitions shall be carried and deployed.

#### 303.3.2 TECHNICAL ASPECTS-KINETIC ENERGY IMPACT PROJECTILES

(a) Flexible Baton -12 gauge

(b) Non-Flexible or Flexible-37mm

(c) Non-Flexible or Flexible-40mm

#### 303.3.3 EVALUATION OF PROJECTILES
Kinetic energy impact projectiles will be evaluated on the following criteria:

(a) Accuracy

(b) Effectiveness

(c) Potential for causing death or serious physical injury

#### 303.3.4 ACCURACY
This is the primary consideration, since proper shot placement greatly assists in controlling the other two evaluation criteria. This will be evaluated and based on the anticipated ranges of deployment. A minimal standard of accuracy for such rounds is:

(a) 12 inch group at 15 yards for the 12-gauge system.

(b) 12 inch group at 25 yards for the 37 and 40 -mm systems.

This minimum standard is to be achieved from a secured rest.

#### 303.3.5 EFFECTIVENESS
This is the potential of the round to cause incapacitation and reduce the subject's ability to continue their inappropriate behavior.

The level of energy necessary to cause incapacitation creates the potential for injury, but when properly deployed, there is a low-probability for causing serious physical injury or death.
303.3.6   POTENTIAL FOR CAUSING DEATH OR SERIOUS PHYSICAL INJURY
The potential for causing death or serious physical injury with such projectiles is a reality. This potential is greatly reduced when impacts to the head and neck are avoided, and when appropriate medical examination is provided in cases where the subject is struck in an area that might conceal a closed injury, including such areas as the chest, back, thoracic and abdominal cavities and the groin.

When engaging a target, the officer should evaluate the effectiveness of each round during the volley. Compliance and/or incapacitation is the desired goal, and alternative target areas/response considerations will be based on the circumstances the officer is encountering and the established department safety priorities.

303.3.7   DEPLOYMENT AREAS
The projectiles will be delivered to suspect target areas based on the circumstances, the established priorities, and the level of force authorized.

The PR-24 training chart is the recognized department model for determining contact areas for kinetic energy impact weapons, based on the potential for injury.

(a) Green Areas - These areas will be considered when incapacitation is necessary and minimal potential for injury is appropriate.

(b) Yellow/Red Areas - These areas will be considered when an escalation of force above green areas is necessary and appropriate acknowledging an increase in the potential for death or serious physical injury.

(c) Head/Neck - Intentional impacts to these areas will be avoided unless the use of deadly force is justified, necessary, and appropriate.

303.3.8   DEPLOYMENT DISTANCES AND CONSIDERATIONS
Before discharging projectiles, the officer should consider the following factors:

(a) Severity of the crime or incident,

(b) Subject’s capability to pose an imminent threat to the safety of officers or others,

(c) If the subject is actively resisting arrest or attempting to evade arrest by flight,

(d) The credibility of the subject’s threat as evaluated by the officers present and physical capability,

(e) The proximity of weapons available to the subject,

(f) The officer’s versus the subject’s physical factors (i.e., age, size, relative strength, skill level, injury/exhaustion, the number of officer(s) versus subject(s),

(g) The availability of other force options and their possible effectiveness,

(h) Distances and angle to target,

(i) Type of munitions employed,
(j) Type of thickness of subject's clothing,
(k) The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.
(l) Officers will keep in mind the manufacturer's recommendations regarding deployment when using kinetic energy projectile devices, but are not solely restricted to use according to these manufacturer recommendations. Each tactical situation must be evaluated on the totality of the circumstances at the time of deployment.
(m) The subject's proximity to others,
(n) The location of the subject,

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of Officers or when it is not practical due to circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other Officers and individuals that the device is being deployed.

303.3.9 SHOT PLACEMENT
The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers should generally follow the manufacturer's recommendations regarding minimum deployment distances and target areas however any target area or distance may be considered when it reasonably appears necessary to accomplish immediate incapacitation in order to prevent serious injury or death and other reasonable methods have failed or reasonably appear ineffective.

303.4 DEPLOYMENT TECHNIQUES FOR 12 GAUGE

(a) Dedicated System - The issued shotgun will be dedicated to extended range impact projectiles, and marked in some fashion consistent with such designation. Officers assigned will disassemble such weapons, and visually/physically inspect the chamber and magazine, each time the weapon comes under their control (beginning of shift, and/or any time the weapon was out of their direct control), to ensure the total absence of non-extended range impact ammunition.

(b) Transition System - When a qualified officer transitions the weapon from lethal to extended range impact ammunition, the following procedures shall be performed. The officer is solely responsible for the condition of the weapon (lethal vs. extended range impact ammunition). Absent compelling circumstances, officers who must transition from conventional ammunition to extended range impact ammunition will employ the two person rule for loading. The two person rule is a safety measure achieved by having a second officer watch the loading process to ensure that the weapon is completely emptied of conventional ammunition.
1. All duty ammunition will be removed from the weapon and remain under the control of the officer.

2. The officer will visually and physically inspect the chamber and magazine to insure that all duty ammunition is removed from the shotgun. The officer will then load the extended range impact rounds into the shotgun.

3. Visually inspecting each round prior to insertion, ensuring that each round is in fact an extended range impact round.

(c) Before using either the dedicated or transitional delivery system, the officer shall consider:

1. The level of force being confronted
2. The proximity/access of subject to officer
3. The department safety priorities

(d) The officer will then determine if lethal cover is necessary and appropriate. Special consideration of lethal cover should be made in all cases involving subjects with firearms.

303.5 DEPLOYMENT TECHNIQUES FOR 37 AND 40 MILLIMETER
The Watch Commander and the department's Emergency Tactical Unit will maintain all 37 and 40-millimeter extended range impact delivery systems. This system will be deployed with a lethal cover officer in circumstances consistent with:

(a) The level of force being confronted

(b) The proximity/access of subject to officer

(c) The department safety priorities

303.6 HANDLING OF INJURED SUSPECTS
Suspects who are struck by extended range impact projectiles shall be transported to medical facility for examination.

303.7 REPORTING USE OF KINETIC ENERGY PROJECTILES
Any member who accidentally or intentionally deploys an extended range impact device listed within this section shall make a verbal notification to the on-duty Watch Commander as soon as possible and document the application pursuant to Policy Manual § 300.4 and 300.5.

303.8 TRAINING
The Training Manager shall ensure that all personnel who are authorized to carry a Kinetic Energy Projectile device have been properly trained and certified to carry the device and are retrained or re-certified as necessary.
KINETIC ENERGY PROJECTILE GUIDELINES

(a) Proficiency training shall be monitored and documented by a certified Kinetic Energy Projectile or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer training file.

(c) Officers who fail to demonstrate proficiency with the Kinetic Energy Projectile device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with the device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the device and may be subject to discipline.
Control Devices and Techniques

304.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

304.1.1 REQUIRED CONTROL DEVICE DEPLOYMENT
Uniformed officers working patrol or any uniformed assignment shall carry on their equipment belt an authorized baton/ASP and a working canister of oleoresin capsicum spray.

304.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Banning Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

304.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

304.4 RESPONSIBILITIES

304.4.1 WATCH COMMANDER RESPONSIBILITIES
The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

304.4.2 RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.
Control Devices and Techniques

304.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

304.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

304.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Emergency Tactical Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

304.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

Code Compliance Officers authorized to carry oleoresin capsicum (OC) spray may only consider its use for defensive purposes. If a Code Compliance Officer deploys (OC) the on-duty Watch Commander will be notified immediately, along with the Lieutenant supervising the Code Compliance Department. The on-duty Watch Commander will document the incident using the use-of-force documentation process.
304.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

304.7.2 PEPPER PROJECTILE SYSTEMS
The Pepper Projectile Launcher is intended for use in those situations where physical contact to control a violent or potentially violent subject is likely and the use of force is authorized pursuant to existing department policy.

(a) Program Coordinator - A sergeant will be designated as the program coordinator. The program coordinator's responsibilities shall include the following:
   1. Inspection and maintenance of all program related equipment;
   2. Inventory and ordering of equipment and supplies;
   3. Maintaining training records related to the program;
   4. Training all sworn personnel in the use and deployment of the Pepper Projectile Launcher system.
   5. Maintain the air supply for refilling all Pepper Projectile Launcher systems.
   6. Each scuba tank must be visually inspected by a certified scuba shop every year and must be hydrostatically tested every five years.
   7. Each tank should contain at least 2000 psi.

(b) Launchers
   1. The launchers shall be stored within the station between shifts and employees authorized to carry the weapon will sign out the equipment at the beginning of their shift.

(c) Projectiles
   1. The only projectiles to be used in the Pepper Projectile Launchers are those approved by the department range staff and only designated Pepper Projectile Launchers are to be used to fire the projectiles.
   2. There are several different types of projectiles for the Pepper Projectile Launcher. Only two types of projectiles will be utilized by the Banning Police Department, as follows:
      (a) Red OC Powder filled These projectiles are red in color and contain a mixture of powdered OC and talcum powder. When utilizing the OC-filled projectiles, personnel should take weather conditions into consideration. Even a moderate amount of wind may dissipate the OC before it is effective, or may blow the OC back toward officers. Rainy conditions may also limit the effectiveness of these projectiles and not all projectiles will break on impact.
      (b) Purple Training rounds- This "inert" projectile is purple in color and is filled with talcum powder. These projectiles are for training purposes and are not
for use in the field. These projectiles are not to be stored with the launcher and shall not be carried in the field.

(d) Deployment

(a) Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practical.

(b) A supervisor shall respond to all pepper projectile system deployments where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

(c) Whenever possible, the supervisor in control of the incident should not be the individual using the Pepper Projectile Launcher. The intent of this suggestion is that the employee responsible for control of the incident remains as a supervisor and decision-maker. For this reason, supervisors should delegate the Pepper Projectile Launcher deployment to a trained employee.

(d) Employees who are authorized to carry the Pepperball Launcher in their patrol unit shall note the launcher number on the watch commander log. The employee is responsible for inspecting the equipment at the beginning of his/her shift. The inspection should include:

(a) The high-pressure air tank should be charged to between 2000 and 3000 psi and should be free from visible damage.

(b) The tank shall be attached to the launcher with the on/off knob in the off position.

(c) The launcher should be free from visible damage and shall have no projectiles in the chamber. The launcher's projectile hopper should be filled with red OC-filled projectiles.

(e) The launcher and related equipment are to be secured in the supplied case. The case should also be checked for visible damage. It is important that the launcher and attachments be stored in the case to prevent damage.

(e) Use

1. The Pepper Projectile Launcher may be used under the following circumstances:
   
   (a) When a subject exhibits violent or potentially violent behavior that threatens the safety of others and attempts to subdue the subject by conventional means of persuasion, escort control, self-defense techniques and/or pain compliance measures have not been or reasonably appear unlikely to be effective, or;

   (b) To defend one's self or another from an aggressive or attacking animal, or;

   (c) Crowd control/disbursement in civil disobedience situations.

(f) When the decision is made to use the Pepper Projectile Launcher, the following factors shall be taken into consideration:
Control Devices and Techniques

(a) Whenever possible, at least one other officer should be present and in close proximity at a scene before the Pepper Projectile Launcher is deployed in order to provide lethal cover if it becomes necessary.

(b) Whenever possible, verbal warnings shall be given to the target subject before using the Pepper Projectile Launcher.

(c) Whenever possible, other law enforcement personnel present should be alerted to the imminent use of the Pepper Projectile Launcher.

(d) "Proximity" shots may be fired near a subject to either deploy a cloud of OC powder, or to encourage the subject to comply with directives without actually striking the subject with projectiles.

(e) Proximity shots can be fired near the subject's feet or near other portions of the subject's body if a hard surface is present for impact of the projectiles. Extreme caution must be taken to prevent unintentionally striking the subject in the head, neck, spine and groin.

(f) The projectiles are not likely to ricochet off hard surfaces with sufficient energy to cause injury.

(g) If it becomes necessary to fire projectiles at a subject, it may be necessary to fire multiple shots to achieve compliance. Personnel firing at a subject should continuously reassess whether or not compliance has been achieved or the situation has changed.

(h) Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, shot placement of pepper projectiles shall be consistent with instruction provided through the department approved training program with the understanding the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, officers deploying the pepper projectile launcher should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

(g) Follow-up Medical Treatment

(a) Following the use of the Pepper Projectile Launcher, an immediate assessment shall be made to ensure that no injuries have been sustained. If injuries have occurred, appropriate medical treatment shall be obtained.

(h) Decontamination

(a) Decontamination of a subject who has been exposed to powdered OC is the same as for a subject who has been exposed to aerosol OC. CDF shall be contacted and requested to assist with the decontamination that will consist of flushing the eyes with eye wash or water. The steps taken to decontaminate the subject shall be documented in the criminal report prepared following the incident.
(b) Since not all Pepperball projectiles will break when fired at a subject, care should be taken to check the area around where the Pepper Projectile Launcher was deployed to make sure no unbroken rounds remain that could be picked up by the general public. Unbroken Pepperball rounds should never be placed back into a Pepper Projectile Launcher. Simply step on the unbroken round and render it useless.

(i) Reporting
(a) Photographs shall be taken of any injury sustained by a subject after the injuries have been evaluated, treated (if necessary), and cleaned. The photographs and/or film shall be logged into evidence under the criminal report file number.

(b) The following information shall be included in the crime report:
   (a) Approximate number of rounds fired
   (b) Number of impacts on the subject
   (c) The distance between the subject and engaging officer at the time of deployment
   (d) Any injuries and medical treatment provided
   (e) Any third party contamination or impact

(c) Each deployment of a pepper projectile system shall be documented. Unintentional discharges shall be promptly reported to a supervisor and documented appropriately. Only non-incident use of a pepper projectile launcher, such as training and product demonstrations, is exempt from the reporting requirement.

304.7.3 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

304.8 TRAINING FOR CONTROL DEVICES
The department range master shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer’s training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of
Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

304.9 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Electrical Weapon (CEW)

305.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of Conducted Electrical Weapons.

305.2 POLICY
The Taser is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to Officers and suspects.

305.3 ISSUANCE AND CARRYING TASER DEVICES
Only members who have successfully completed department-approved training may be issued and carry the Taser.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the Taser and cartridges that have been issued by the Department. Uniformed Officers who have been issued the Taser shall wear the device in an approved holster on their person. Non-uniformed Officers may secure the Taser in the driver's compartment of their vehicle.

Members carrying the Taser should perform a five second spark test on the unit prior to every shift. Additionally, prior to every shift, members carrying the Taser shall check the CID to confirm there are no errors indicated. The officer shall notify the Department Armor of inoperable Tasers or errors as soon as possible.

When carried while in uniform Officers shall carry the Taser in a weak-side holster on the side opposite the duty weapon.

(a) Whenever practicable, Officers should carry the Taser with two Taser Cartridges loaded into the cartridge bays.

(b) Officers shall be responsible for ensuring that their issued Taser is properly maintained and in good working order.

(c) Officers should not hold both a firearm and the Taser at the same time.

305.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the Taser should precede its application, unless it would otherwise endanger the safety of Officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other Officers and individuals with a warning that the Taser may be deployed.
If, after a verbal warning, an individual is unwilling to voluntarily comply with an Officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the Officer may, but is not required to, display the electrical arc, or the laser in a further attempt to gain compliance prior to the application of the Taser. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the Officer deploying the Taser in the related report.

305.4.1 MAINTENANCE/ CARE/ DATA PORT TRACKING AND TRAINING
The primary responsibility for maintaining and caring for the Electronic Control Device Weapon shall rest with the department Armorer or designee. The department Armorer or designee shall:

(a) Log and track all Electronic Control Device Weapon and munitions.
(b) The Department Armorer in conjunction with his/her duties shall perform random audit downloads of department issued Conducted Electrical Weapons. The audit will also consist of the functioning of the device as well as, testing and checking for abuse of the Conducted Electrical Weapon.
(c) Order and maintain adequate munitions and maintenance supplies.
(d) Conduct inspections of the Electronic Control Device Weapon.

305.5 USE OF THE C.E.W.
The Taser has limitations and restrictions requiring consideration before its use. The Taser should only be used when its operator can safely approach the subject within the operational range of the device. Although the Taser is generally effective in controlling most individuals, Officers should be aware that the device may not achieve the intended results and be prepared with other options.

305.5.1 APPLICATION OF THE C.E.W.
The Taser may be used in any of the following circumstances, when the circumstances perceived by the Officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm Officers, him/herself or others.

Mere flight from a pursuing Officer, without other known circumstances or factors, is not good cause for the use of the Taser to apprehend an individual.
305.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the Taser on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the Officer, the subject or others, and the Officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the Taser in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between Officers and the subject, thereby giving Officers time and distance to consider other force options or actions.

The Taser shall not be used to psychologically torment, elicit statements or to punish any individual.

305.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the Officer to limit the application of the Taser probes to a precise target area, Officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

305.5.4 MULTIPLE APPLICATIONS OF THE C.E.W.
Officers should apply the Taser for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the Taser against a single individual are generally not recommended and should be avoided unless the Officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the Taser appears to be ineffective in gaining control of an individual, the Officers should consider certain factors before additional applications of the Taser, including:

(a) Whether the probes are making proper contact.
Conducted Electrical Weapon (CEW)

(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one Taser at a time against a single subject.

305.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Officers shall notify a supervisor of all Taser discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject’s skin.

305.5.6 DANGEROUS ANIMALS
The Taser may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

305.5.7 OFF-DUTY CONSIDERATION
Officers are not authorized to carry department Tasers while off-duty.

Officer shall ensure that Tasers are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

305.6 DOCUMENTATION
Officers shall document all Taser discharges in the related arrest/crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. A copy of the police report will be forwarded to the appropriate Division Lieutenant of the deploying officer(s). Upon review of the incident report, the Division Lieutenant shall forward the information to the Captain. Upon review, the Captain will forward the information to the Chief of Police.

Unintentional discharges will be documented in memo form and forwarded to administration for review.

305.6.1 REPORTS
The Officers should include the following in the arrest/crime report:

(a) Identification of all personnel firing Tasers / number of discharges
(b) Identification of all witnesses
(c) Medical care provided to the subject / where probes struck
(d) Observations of the subject’s physical and physiological actions
(e) Any known or suspected drug use, intoxication or other medical problems
305.7 MEDICAL TREATMENT
Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate personnel, including officers, should remove Taser probes from a person's body. Used Taser probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by Taser probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The Taser probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another Officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting Officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the Taser.

305.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the Taser may be used. A supervisor should respond to all incidents where the Taser was activated.

A supervisor should review each incident where a person has been exposed to an activation of the Taser. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

Supervisors shall comply with "Supervisor Responsibility" under the Use of Force Policy.
305.9 TRAINING

Personnel who are authorized to carry the Taser shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the Taser as a part of their assignment for a period of one year or more shall be recertified by a department-approved Taser instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued Tasers should occur every year. A reassessment of Officer’s knowledge and/or practical skill may be required at any time if deemed appropriate by the Range Master. All training and proficiency for Officer will be documented in the Officers training file.

Command staff, supervisors and investigators should receive Taser training as appropriate for the investigations they conduct and review.

Officers who do not carry Tasers should receive training that is sufficient to familiarize them with the device and with working with Officers who use the device.

The department range master is responsible for ensuring that all members who carry Tasers have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of Tasers during training could result in injury to personnel and should not be mandatory for certification.

The department range master should ensure that all training includes:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
(e) Handcuffing a subject during the application of the Taser and transitioning to other force options.
(f) De-escalation techniques.
(g) Restraint techniques that do not impair respiration following the application of the Taser.
Officer-Involved Shootings and Deaths

306.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

306.2 POLICY
The policy of the Banning Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

306.3 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

(a) A criminal investigation of the incident by the agency having jurisdiction where the incident occurred. This department may relinquish its criminal investigation to an outside agency with the approval of the Chief of Police or his/her designee.

(b) A criminal investigation of the involved officer(s) conducted by an outside agency

(c) A civil investigation to determine potential liability conducted by the involved officer's agency

(d) An administrative investigation conducted by the involved officer's agency, to determine if there were any violations of department policy

306.4 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

306.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect’s crime occurred. For example, the Banning Police Department would control the investigation if the suspect’s crime occurred in Banning.
If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency. The Chief of Police has the discretion to relinquish all or a portion of the Banning Police Department's responsibilities to an outside agency.

306.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the employing agency’s protocol. When an officer from this [department/office] is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this [department/office] to investigate a shooting or death involving an outside agency’s officer shall be referred to the Chief of Police or the authorized designee for approval.

306.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency. The Chief of Police has the discretion to relinquish all or a portion of the Banning Police Department's responsibilities to an outside agency.

306.4.4 INVESTIGATION RESPONSIBILITY MATRIX
The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings:

306.5 INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting or death.
306.5.1 DUTIES OF INITIAL ON SCENE SUPERVISOR
Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor should:

(a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.

(b) Attempt to obtain a brief overview of the situation from any non-shooter officer(s).
   1. In the event that there are no non-shooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.

(c) If necessary, the supervisor may administratively order any officer from this department to immediately provide public safety information necessary to secure the scene and pursue suspects.
   1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.

(d) Absent a voluntary statement from any officer(s), the initial on scene supervisor should not attempt to order any officer to provide other than public safety information.

(e) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.

(f) Take command of and secure the incident scene with additional personnel until relieved by a detective supervisor or other assigned personnel.

(g) As soon as practical, shooter officers should respond or be transported (separately, if feasible) to the station for further direction.
   1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.
   2. An Officer's weapon should only be taken from the officer by the Investigator handling the shooting investigation for evidence purposes, the officer will then be provided with a comparable replacement weapon.

306.5.2 WATCH COMMANDER RESPONSIBILITIES
Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police, Captain, or Lieutenant.

All outside inquiries about the incident shall be directed to the Watch Commander until he/she is relieved by the Chief of Police, Captain, or Lieutenant.

306.5.3 NOTIFICATIONS
The following person(s) shall be notified as soon as practicable:

- Chief of Police
• Captain
• Lieutenant
• [OIS protocol] rollout team
• Outside agency investigator (if appropriate)
• Professional Standards Unit supervisor
• Civil liability response team
• Psychological/peer support personnel
• Chaplain
• Coroner (if necessary)
• Involved officer’s agency representative (if requested)
• Press Information Officer

All outside enquiries about the incident shall be directed to the Watch Commander until the arrival of the Chief of Police or his/her designee.

306.5.4 SUPERVISOR RESPONSIBILITIES
Upon arrival at the scene, the first uninvolved BPD supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
   1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If necessary, the supervisor may administratively order any BPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
   1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
   2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional BPD members until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
Officer-Involved Shootings and Deaths

1. Each involved BPD officer should be given an administrative order not to discuss the incident with other involved officers or BPD members pending further direction from a supervisor.

2. When an involved officer’s weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

306.5.5 INVOLVED OFFICERS
The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.

1. Involved BPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.

2. Requests from involved non-BPD officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).

(d) A licensed psychotherapist shall be provided by the [Department/Office] to each involved BPD officer. A licensed psychotherapist may also be provided to any other affected BPD members, upon request.

1. Interviews with a licensed psychotherapist will be considered privileged.

2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.

3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Although the [Department/Office] will honor the sensitivity of communications with peer counselors, there is no legal privilege to such communications. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved BPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.
306.6 CRIMINAL INVESTIGATION

The Chief of Police has the discretion to relinquish all or a portion of the Banning Police Department’s responsibilities to an outside agency for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this [department/office] may be assigned to partner with investigators from outside agencies to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) BPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of BPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer’s statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

306.6.1 REPORTS BY INVOLVED BPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this [department/office] shall retain the authority to require involved BPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved BPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved BPD officer of the right to consult with legal counsel prior to completing any such criminal report.
Officer-Involved Shootings and Deaths

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

306.6.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the [Department/Office].
   1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect’s known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

306.6.3 INVESTIGATIVE PERSONNEL
Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. [Department/Office] investigators may be assigned to work with investigators from an outside agency and may be assigned to separately handle the investigation of any related crimes not being investigated by the outside agency.

All related [department/office] reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Administrative Officer.
306.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this [department/office] will conduct an internal administrative investigation of BPD officers to determine conformance with [department/office] policy. The investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to [department/office] policies and applicable laws (see the Personnel Complaints Policy).

(a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer’s statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).

3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).

4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Lybarger or Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
5. The Professional Standards Unit shall compile all relevant information and reports necessary for the [Department/Office] to determine compliance with applicable policies.

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

306.8 AUDIO AND VIDEO RECORDINGS
Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney’s Office, as appropriate.

306.9 REPORTING
If the death of an individual occurs in the Banning Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Patrol Lieutenant will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

306.10 CIVIL LIABILITY RESPONSE
A member of this [department/office] may be assigned to work exclusively under the direction of the legal counsel for the [Department/Office] to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.
Officer-Involved Shootings and Deaths

306.11 DEBRIEFING
Following an officer-involved shooting or death, the Banning Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

306.11.1 CRITICAL INCIDENT/STRESS DEBRIEFING
A critical incident/stress debriefing should occur as soon as practicable. The Captain is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the [Department/Office] directly involved in the incident, which can include support personnel (e.g., [dispatchers, other non-sworn personnel]). Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the [Department/Office] or personally owned firearms that are approved for [department/office] use may be repaired or modified only by a person who is [department/office]-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

307.6.1 Injured Animals
With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

307.7 REPORT OF FIREARM DISCHARGE
Any member who discharges a weapon accidentally or intentionally, on or off-duty, except during training or recreational use, shall immediately make a verbal report to the on-duty supervisor by the fastest method possible and shall file a written report with their Lieutenant prior to the end of shift if on-duty and if off-duty, as directed by the on-duty supervisor.

Upon receipt of information regarding a Department member involved shooting, a supervisor shall respond to the scene of the incident and assume control of the scene. If the shooting is outside the City of Banning, the supervisor shall request a courtesy report to be completed by the appropriate jurisdiction in which the shooting occurred. If the jurisdiction cannot provide a report, the supervisor shall contact the Department's Detective Bureau Supervisor to respond and complete an investigation into the shooting.

After obtaining the initial information regarding a Department member involved shooting, a supervisor shall immediately notify the involved employee's Lieutenant and the Chief of Police.

307.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Sergeant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to [department/office] members during hours established by the [Department/Office].

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this [department/office] to verify proper operation. The Rangemaster has the authority to deem any [department/office]-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Sergeant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the [Department/Office], a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Sergeant.

Firearms carried on duty shall be maintained in a clean, serviceable condition. Since the use of personally owned weapons is at the option of the individual officer, that officer will be responsible for the furnishing, maintenance and repair of such weapon.
307.10 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure purposes.

(b) Officers must carry their Department identification card which must contain a full-face picture, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver’s license, passport).

(c) The Banning Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Banning Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message to airport personnel as authorization to travel while armed on the day of travel.

(d) An official letter signed by the Chief of Police authorizing armed travel must accompany the officer. The letter must outline the officer’s need to fly armed, must detail his/her itinerary, and should include that the officer has completed the mandatory TSA training for law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification can be accomplished by early check-in at the carrier’s check-in counter.

(g) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officers must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(h) Officers should not surrender their firearm but should try to resolve any problems through the flight captain, ground security manager or other management representative of the air carrier.

(i) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.
307.11 CARRYING FIREARMS OUT OF STATE
Qualified active full-time officers and qualified retired officers (see Policy Manual § 220) of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC 926B and C):

(a) The officer shall carry his/her Department identification card whenever carrying such weapon.

(b) Qualified retired officers shall also carry certification of having met firearms qualification within the past 12 months.

(c) The officer is not the subject of any current disciplinary action.

(d) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(e) The officer will remain subject to this and all other Department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Visiting active and retired peace officers from other states are subject to all requirements set forth in 18 USC 926B and C.
AR-15 Rifles

308.1 PURPOSE AND SCOPE
To establish guidelines for the carrying of the AR-15 rifle in order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects. The Banning Police Department will make the AR-15 rifle available to qualified officers as an additional and more immediate tactical resource. The AR-15 caliber shall be a .223. These rifles shall not be altered in any manner, other than the addition of a department approved scope, sling, lighting and magazines.

308.2 PROCEDURE
The AR-15 rifle is a specialized type of firearm and it takes training to become proficient with this firearm. The AR-15 rifle can also be an added asset in rural settings or in situations where suspects are also armed with shoulder fired weapons (i.e. assault rifles). Before any officer will be allowed to be equipped with an AR-15 rifle they will be required to pass a department qualification course of fire.

308.3 GUIDELINES
Department AR-15 rifles will be checked out prior to each shift and checked in at the end of each shift by the Watch Commander. Extra ammunition and magazines (three for each weapon) will be carried in the unit and will be checked in and out with the weapon. Each weapon will be equipped with a shoulder sling.

The department will supply duty ammunition and magazines for the AR-15 rifle. Personal ammunition or personal magazines will not be carried unless approved by the department range staff and the Chief of Police. Magazines will be of the box fed, spring loaded type with a 10, 20, or 30 round capacity.

308.3.1 WHEN THE AR-15 CAN BE USED
Officers may deploy the AR-15 rifle in any circumstance where the officer can articulate a reasonable expectation that the weapon may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the officer reasonably anticipates an armed encounter.
(b) When an officer is faced with a situation which may require the delivery of accurate and effective fire at long range.
(c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
(d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
(e) When an officer reasonably believes that a suspect may be wearing body armor.
AR-15 Rifles

(f) During search warrants or other high-risk situations when approved by the supervisor in charge.

(g) In rural searches for possible dangerous or armed suspect(s).

(h) When authorized or requested by a supervisor.

(i) When needed to euthanize an animal and with prior approval by the on-duty Watch Commander.

308.3.2 WHEN THE AR-15 SHOULD NOT BE USED
The Watch Commander shall have the discretion to deviate from these guidelines as not all situations in law enforcement are the same. There may be a situation that arises that is not covered under these guidelines, and it would be the Watch Commander's responsibility to decide if the AR-15 rifle is to be used. Generally, the AR-15 rifle should not be used in the following situations:

(a) For the purpose of intimidation, such as crowd control.

(b) Urban environment during non-violent crimes.

(c) Unarmed / non-violent misdemeanor confrontations.

(d) Building searches, such as residences, small businesses or locations with confined quarters.

Additionally, Watch Commanders shall have the discretion to deviate from these guidelines as not all situations in law enforcement are the same. There may be a situation that arises that is not covered under these guidelines, and it would be the Watch Commander's responsibility to decide if the AR-15 rifle is to be used.

308.4 AR-15 RIFLE MAINTENANCE

(a) Primary responsibility for maintenance of department owned AR-15 shall be the responsibility of the Department Range Master or Armorer who shall inspect and service each AR-15 rifle each Firearms Qualification Day (every three months).

(b) Each patrol officer carrying an AR-15 rifle may be required to field strip and clean the weapon as needed.

(c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned weapon.

(d) Each weapon shall be subject to inspection by a supervisor, the Department Range Master or Armorer at any time.

(e) No modification shall be made to any AR-15 rifle without prior written authorization from the Department Range Master or Armorer.

(f) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.
308.5 TRAINING
Before an officer can be authorized to carry an AR-15 rifle, they will be required to show a working knowledge of the weapon both in the areas of safety and proficiency and pass the following department course of fire:

(a) Shooters Choice (kneeling or standing) 10 rounds at 10 yards in 10 seconds.
(b) Shooters Choice (kneeling or standing) 10 rounds at 20 yards in 15 seconds.
(c) Shooters Choice (kneeling or standing) 10 rounds at 30 yards in 20 seconds

Total of 30 rounds will be expended. This course of fire will be fired on the department standard qualification target, with a pass/fail score given by the range staff. This course of fire shall be fired and passed twice a year.

308.6 DISCHARGE OF THE AR-15 RIFLE
The discharge of the AR-15 rifle shall be governed by the Department's Deadly Force Policy, § 300.

308.7 PATROL READY
Any qualified officer carrying an AR-15 in the field shall maintain the weapon in the "patrol ready" condition until deployed when needed. After deployment the AR-15 shall be checked and placed back into the "patrol ready" condition before it is secured back into the vehicle. A rifle is considered "patrol ready" when it has been inspected by the assigned officer and meets the following conditions:

(a) There is no round in the chamber.
(b) The rifle bolt is forward with the hammer down.
(c) The rifle safety is on.
(d) There is a fully loaded magazine in the rifle with no more than 28 rounds.
(e) The dust cover is closed.
(f) The rifle is stored in the locked patrol vehicle's rifle rack or trunk.

The AR-15 may be carried in unmarked units, secured in the trunk portion of the vehicle. The rifle is not to remain in the trunk of an unmarked unit over night. Officers who are assigned take home vehicles shall not leave the weapon in their vehicles over night.

308.8 PURCHASE OF THE AR-15 BY INDIVIDUAL OFFICERS
AR-15 rifles registered to the Banning Police Department, but purchased by individual officers, will become the property of that officer when he or she is separated from the Banning Police Department. This will include retirement, lateral transfers or termination for any reason. Federal Law provides an exception for assault weapons that are registered to a Law Enforcement Agency.
and are transferred by the agency to an officer upon the officer's retirement from or termination of
his or her employment with the agency. (18 USC 922 Unlawful Acts Section (v)(1)(4) Paragraph
(1)(A) (C)).
Vehicle Pursuits

309.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement’s duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where [department/office] policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer’s conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual’s desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

309.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer’s signal to stop.

309.1.2 FAILURE TO YIELD
Refers to the actions of a vehicle operator who fails to stop or respond to the emergency light(s) and siren of a law enforcement vehicle. Generally, the vehicle operator continues to travel forward at or below the speed limit, observes applicable rules of the road and does not change the direction of travel in an evasive manner.

309.1.3 VEHICLE PURSUIT POLICY OBJECTIVES
The following is the Department policy for pursuits involving vehicles and other specialized craft. The objectives are:

(a) To prevent injury or death to Officers, innocent citizens and suspected violators from pursuits, and;
Vehicle Pursuits

(b) To apprehend a suspected violator and to minimize the threat to public safety as a result of the pursuit, and;

(c) To reduce the likelihood of force being used against a suspected law violator due to a communication breakdown.

309.1.4 RESERVE OFFICERS IN PURSUITS
Level III Reserve Police Officers shall not operate a Department vehicle in emergency response or pursuit modes. Level I and Level II Reserve Officers may operate a Department vehicle in emergency response or pursuit modes as follows:

(a) Level I Reserve Police Officer in compliance with existing policy manual for a full-time police officer.

(b) Level II Reserve Police Officer only accompanied by a full-time police officer in compliance with the existing policy manual.

309.2 OFFICER RESPONSIBILITIES
It shall be the policy of this department that a motor vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056. All officers involved in pursuits are required to use both lights and sirens operated continuously while using safe driving techniques with regard for safety of all persons.

The emergency response or pursuit operation of a vehicle is limited to sworn staff. Classified employees shall not operate a vehicle in an emergency response or pursuit.

309.2.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when they have reasonable cause to believe that a person in or on a motor vehicle has committed a felony offense or the driver is operating the motor vehicle under the influence of alcohol and/or drugs and attempts to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

(c) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety).
(d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.

(f) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) Availability of other resources such as helicopter assistance.

(l) The police unit is carrying passengers other than police officers. (A pursuit shall not be undertaken with a prisoner(s) or other civilians including, but not limited to Volunteers, Explorer Scouts, or Ride-a-longs in the officer's unit.)

309.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) Pursued vehicle’s location is no longer definitely known.
Vehicle Pursuits

(c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.

(d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.

(e) There are hazards to uninvolved bystanders or motorists.

(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(g) Pursuit is terminated by a supervisor.

309.2.3 SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

309.3 PURSUIT UNITS
Pursuit units should be limited to two vehicles (excluding supervisors and K-9 units with supervisor approval); however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s). All other officers should stay out of the pursuit, but should remain alert to its progress and location. Only emergency radio traffic will be permitted. If available, a supervisor should join in and maintain supervisory control of the pursuit. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

309.3.1 MOTORCYCLE OFFICERS
A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle and/or unmarked unit with emergency equipment as primary and/or secondary pursuit unit as soon as practical. In the event that such a unit is unavailable, a distinctively marked patrol vehicle or "stealth" vehicle equipped with emergency lights and siren should replace a motorcycle unit until a unit with overhead emergency lights can replace it. The motor unit and/or
unmarked unit with emergency equipment may then proceed to the termination point of the pursuit at a legal speed unless directed otherwise.

309.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Officer(s) in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those officers shall terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.

PRIVATE VEHICLES

All personnel in private vehicles shall not engage in pursuits of violator vehicles. This includes using driving tactics such as exceeding the speed limit, passing on the right, failure to stop at stop signs, etc., while observing the suspect vehicles. This policy does not preclude following violators or suspect vehicles within the confines of the law in order to obtain a license number and/or description, and/or until such time as a marked unit is observed and is able to make a proper stop.

The seriousness of a known crime that has occurred may dictate a different course of action than outlined above. A serious and/or violent crime may be cause for some deviation. The use of good judgment and discretion is necessary in determining when these procedures may be deviated from. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.

309.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator’s vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to themselves or other persons.

A critical, on-going responsibility of the primary pursuing unit is to determine whether or not to continue the pursuit.

Officers intending to stop a vehicle should be within close proximity to the violator’s vehicle before activating the red lights and attempting to stop. This will reduce the violator’s temptation to evade police contact. The initiating officer shall immediately notify Dispatch that a vehicle pursuit has been initiated and request authorization from a supervisor to continue, giving the following information:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
Vehicle Pursuits

(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.
(h) The weather / road conditions.
(i) As soon as possible, the initiating officer should inform Dispatch if assistance from any allied agency will be necessary.
(j) The initiating officer may, at his or her discretion, immediately notify Dispatch that the pursuit has been discontinued, and Dispatch will pass this information on to the allied agencies and the affected Watch Commander.
(k) The officer in the primary pursuit unit shall assume command at the termination point of the pursuit, unless relieved by a supervisor.
(l) Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.
(m) If the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the suspects. The primary unit will be responsible for coordinating any further search for either vehicle or suspects fleeing on foot.

309.3.4 SECONDARY UNITS RESPONSIBILITIES
The second officer in the pursuit is responsible for the following:

(a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
(c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

309.3.5 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
Vehicle Pursuits

(b) Because intersections can present increased risks, the following tactics should be considered:

1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
2. Pursuing units should exercise due caution when proceeding through controlled intersections.

(c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:

1. Requesting assistance from an air unit.
2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
3. Requesting other units to observe exits available to the suspects.

(d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

309.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

309.3.7 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.
309.3.8 AIRCRAFT ASSISTANCE
When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

309.3.9 OPTION "BREAK AWAY" PROCEDURE
The purpose of this procedure is to provide a pre-planned alternative to continued pursuits, where aircraft are in position to continue to observe the suspect. The procedure can be invoked at the discretion of the pursuing ground units or by the supervisor controlling the pursuit. The gravity of the known violations, Departmental policy and other risk factors should be weighed prior to invoking this procedure.

AIRCRAFT "BREAK AWAY" PROCEDURES
Initial assessment. Once overhead, direct reliable communication between the aircraft and pursuing units shall be established. The aircraft crew shall evaluate their ability to continue surveillance based on fuel-on-board, weather, direction and speed involved, and other appropriate factors.

Radio notification. When appropriate conditions as outlined in paragraph "1" above (Purpose Statement) exist, the aircraft crew will notify ground units they are in position to invoke "Break Away" option. This notification will be accomplished utilizing the radio notification "Break Away option available." If "Break Away" procedures are not invoked by the ground units, the aircraft will continue to provide only those services requested.

GROUND UNIT "BREAK AWAY" PROCEDURES
(a) Decision to invoke "Break Away." Ground units receiving the notification "Break Away option available" shall have the discretion to:

(b) Based on the circumstances, advise the aircraft that "Break Away" procedures will not be utilized, or;

(c) Initiate "Break Away" procedures.

Initiating "Break Away" procedures. Pursuing ground units will initiate the procedure with the order, "All units break away." All pursuing ground units will discontinue ground pursuit and will terminate Code 3 operations. The aircraft will continue surveillance of the suspect vehicle, advising appropriate agencies of the continued movement of the suspect vehicle. However, they should avoid any actions that could alert the suspect to the aircraft's continuing surveillance.
Pursuit/surveillance termination. Wherever possible, the aircraft will notify available ground units in the vicinity when the suspect(s) abandon the vehicle. The aircraft will advise arriving units of the circumstances involved and request assistance in apprehending the suspect(s). The originating unit may continue in the direction of the surveillance, or return to its jurisdiction, at the discretion of the supervisor. Once the surveillance is terminated, the originating agency should be advised of the results and allowed the opportunity to respond to the termination point and assume control of any apprehended suspect(s).

309.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that aircraft are requested if available.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Controlling and managing BPD units when a pursuit enters another jurisdiction.

(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes;

(k) Advise chain-of-command of extraordinary circumstances.

(l) Often the involvement in dangerous or life-threatening situations result in elevated emotional levels resulting from stress and increased adrenaline. As a result, it is important that a supervisor respond to the termination point of a pursuit to assume control and exercise oversight. Whenever practical, the supervisor shall proceed promptly to the termination point of the pursuit. Supervisors at the termination point shall:
Vehicle Pursuits

1. Evaluate the need for medical aid and when indicated ensure medical aid is summoned promptly and injured persons receive medical treatment;
2. Evaluate the scene and ensure the scene is safe and adequate containment is in place;
3. Ensure all law enforcement members comply with Department policies and procedures;
4. Ensure all law enforcement members and Department personnel on scene comply with state and federal laws of arrest;
5. Ensure the use and level of force used in effecting the arrest is appropriate and within Department policy;
6. Identify the crimes committed and which agency is responsible for the investigation;
7. Identify any damage or traffic collisions caused by the pursuit;
8. Ensure the pursuit is properly documented including any damage or report of damage or traffic collision;
9. Ensure proper notifications are made.

If an allied agency’s pursuit ends in our area, the supervisor should go to the termination point, if at all possible, to provide supervision and on-scene coordination with the allied agency supervisory personnel. The supervisors present should determine each agency’s responsibility for transporting, booking, and prosecution, following the guidelines of the pursuit policy.

309.4.1 WATCH COMMANDER RESPONSIBILITY
Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a motor vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Lieutenant in their chain-of-command.

309.5 COMMUNICATIONS
If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this [department/office] or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

309.5.1 COMMUNICATION CENTER RESPONSIBILITIES
Upon notification that a pursuit has been initiated, Dispatch will:

(a) Coordinate pursuit communications of the involved units and personnel with the pursuit supervisor;
(b) Notify and coordinate with other involved or affected agencies as practical;
Vehicle Pursuits

(c) Immediately notify the on-duty field supervisor of the pursuit and if one is not available contact a supervisor in the station;

(d) Ensure supervisor's directions, regarding the pursuit, are relayed to all the involved officers;

(e) Assign an incident number and log all pursuit activities;

(f) Broadcast pursuit updates as well as other pertinent information as necessary;

(g) Notify the California Highway Patrol of all pursuits, which have entered or have a potential to enter a state highway or freeway within their jurisdiction.

309.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

309.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

309.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Banning Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

All requests will be directed to the Field Supervisor/Watch Commander for review.
309.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this [department/office] should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this [department/office] may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this [department/office] to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit
(b) Circumstances serious enough to continue the pursuit
(c) Adequate staffing to continue the pursuit
(d) The public's safety within this jurisdiction
(e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this [department/office] will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this [department/office] may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

309.7 PURSUIT INTERVENTION
Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable.

309.7.1 WHEN USE IS AUTHORIZED
There shall not be an attempt to stop pursued vehicles using any of the following techniques:
Vehicle Pursuits

(a) "Boxing in";
(b) "Ramming";
(c) "heading off";
(d) "Blocking or Vehicle Intercept";
(e) Forcing off the road;
(f) Driving parallel to the pursued vehicle;
(g) Roadblocks leaving no avenue of escape;
(h) Use of the PIT maneuver;
(i) Any other type of legal intervention as specified in the State Collision Investigation Manual (HPM 110.5), with the exception of deployment of the Department approved tire deflation device;

Off-Road type vehicles shall not be pursued if the vehicle leaves the road.

309.7.2 DEFINITIONS

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

Roadblocks - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

Spikes or tack strips - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

309.7.3 USE OF FIREARMS
The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.
309.7.4 INTERVENTION STANDARDS
Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
4. The target vehicle is stopped or traveling at a low speed.
5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.
2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
(d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public.

309.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

309.7.6 CONCLUSION OF PURSUIT
(a) The primary unit is responsible for the investigation at the conclusion of the pursuit.

(b) The secondary unit shall be responsible for assisting the primary unit and broadcasting pertinent information at the termination of the pursuit.

(c) Officers are to use appropriate "high risk stop" procedures on removing suspects from a vehicle at the conclusion of the pursuit.

309.8 REPORTING REQUIREMENTS
The following reports should be completed upon conclusion of all pursuits:

(a) The primary officer should complete appropriate crime/arrest reports.

(b) At the conclusion of all pursuits involving Department personnel, the supervisor approving and/or involved in the pursuit will ensure a CHP187A form is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary
Vehicle Pursuits

An officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.

(c) Other officers involved in a pursuit may be required to submit supplemental reports.

(d) In the event of unusual pursuits involving more than one agency, each agency may request an evaluation of the pursuit from other agencies involved. The evaluations shall only address the need for amendments or changes in the inter agency vehicular pursuit guidelines, and not serve as a basis to critique the judgment and/or actions of personnel of another agency or the policies of another agency.

(e) After first obtaining the available information, a field supervisor shall promptly complete a memorandum directed to the Chief of Police, via chain-of-command, summarizing the pursuit. This memo should minimally contain the following information:

1. Date and time of pursuit
2. Length of pursuit
3. Involved units and officers
4. Initial reason for pursuit
5. Starting and termination points
6. Disposition: arrest, citation, etc. Arrestee information should be provided if applicable
7. Injuries and/or property damage
8. Medical treatment
9. Name of supervisor at scene
10. A preliminary determination, simply stating whether or not the pursuit appears to be in compliance with this policy
11. Determine the need for any additional review and/or follow-up

309.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

Vehicle Pursuits

309.8.2 POLICY REVIEW
Sergeants are to review this policy with subordinates at least twice yearly and will document in writing the subordinate has received, read and understands the initial policy and any amendments. The documentation will be maintained in the subordinates divisional file.

309.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.
Officer Response to Calls

310.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

310.2 RESPONSE TO CALLS
Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

310.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

310.3.1 NUMBER OF UNITS ASSIGNED
Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

310.4 INITIATING CODE 3 RESPONSE
If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Dispatch. Generally, only one unit should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, Dispatch shall be notified and the Watch
Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

310.5 RESPONSIBILITIES OF RESPONDING OFFICERS
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer’s judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

310.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3.

The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance
(b) Immediately notify the Watch Commander
(c) Confirm the location from which the unit is responding
(d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
(f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

310.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

(a) The proper response has been initiated
(b) No more than those units reasonably necessary under the circumstances are involved in the response
(c) Affected outside jurisdictions are being notified as practical
The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

**310.8 FAILURE OF EMERGENCY EQUIPMENT**

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.
Off Duty Arrests

311.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to police officers regarding acceptable criteria for affecting an off-duty arrest.

311.2 POLICY
Off-duty officers are often faced with situations involving criminal conduct that they are neither equipped nor prepared to handle in the same manner as if they were on duty. This may lead to unnecessary injuries to off-duty officers, and confusion for those on-duty officers arriving at the scene trying to correctly assess the facts. In order to promote safety and the most efficient operations, it is the policy of this Department to determine and regulate those situations and locations within which a sworn member is permitted to make an arrest while off-duty.

311.3 RESPONSIBILITY
Under California law, both on-duty and off-duty officers have peace officer authority as to any public offense committed or where there is immediate danger to person or property, or the escape of the perpetrator of such offense. However, on-duty officers outside the City limits who are not acting within the scope of employment as a Banning Police Officer on matters of direct concern to the City and off-duty officers both inside and outside the City limits are to give first consideration to causing the appropriate action to be effected by the responsible law enforcement agency.

311.4 PERSONALLY INVOLVED
Where the off-duty officer, a family member, or a friend becomes engaged in a dispute or incident with the person to be arrested or any other person connected with the incident. This does not apply to situations where the police officer is a victim of a crime.

311.5 LIABILITY PROTECTION
Although police officers of this department have liability protection while acting in the course and scope of their employment as peace officers for the City of Banning, such protection does not extend to criminal activity or willful acts that cause injury or damage to person or property. While state law grants peace officer authority anywhere in the state, it does not include liability protection. In order for an officer to be protected for his or her actions, as a peace officer, compliance with sections 317.6, 317.61, and 317.7 is necessary.

311.6 PERMITTED OFF DUTY-ARRESTS
When off-duty and within the legal jurisdiction of this Department, a police officer may make an arrest only when:

(a) The arresting officer is not personally involved in the incident underlying the arrest; and
Off Duty Arrests

(b) There is an immediate need for the prevention of a crime or apprehension of a suspect; and
(c) The officer should consider the tactical situation; and
(d) The crime would be charged as a jailable offenses requiring a full custodial arrest; and
(e) The arresting officer is in possession of appropriate police identification.

311.6.1 OFF-DUTY RESPONSIBILITIES
While off-duty, it is the responsibility of the police officer to immediately report any suspected or observed criminal activities to on-duty authorities.

Except as allowed by this policy, off-duty officers should not enforce summary offenses or minor violations such as harassment, disorderly conduct or other quality-of-life offenses. On-duty personnel shall be contacted to respond to the situation where an off-duty officer becomes aware of such violations.

Where an arrest is necessary, the off-duty officer shall consider the tactical situation prior to taking any action, and then the officer shall abide by all departmental policies and procedures.

This section does not negate any responsibilities delineated in section 317.3.

311.7 PROHIBITED OFF-DUTY ARRESTS
Police officers of this Department may not make an arrest off-duty:

(a) When the arresting officer is personally involved in the incident underlying arrest; or
(b) When engaged in off-duty employment of a non-police nature and the actions are only in furtherance of the interest of the private employer.
(c) When the arrest is made solely as enforcement of a minor traffic regulation. Despite the fact that a police officer has police powers and responsibilities 24 hours a day throughout the jurisdiction the off-duty officer should not enforce minor traffic regulations.

Nothing in this section affects the officer's right to make a citizen's arrest pursuant to Penal Code §§ 834 and 837.
Canine Policy

312.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the Banning Police Department with an internal set of guidelines for the use of police canines. This policy is not intended to provide the standard of care for any civil or other external proceeding and the determination of compliance with this policy is expressly reserved to internal proceedings within the Banning Police Department.

The policy of the Banning Police Department is to promote an atmosphere of service and safety in our community by providing general and specialized law enforcement activity through the efficient use of police canines.

312.2 OBJECTIVES
The objectives of the police canine team are:

(a) Reduce the manpower and time spent in thoroughly searching buildings or areas of concern.
(b) Searching for missing persons.
(c) Reduce injuries to police officers and citizens resulting from criminal attacks.
(d) Increase the number of suspects apprehended while committing criminal acts.
(e) The detection of certain narcotics and dangerous drugs.

312.3 PREPARATIONS FOR UTILIZING A POLICE SERVICE DOG
Prior to the use of a police service dog to search for or apprehend an individual, the police service dog handler and/or the supervisor on scene shall carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to the following:

(a) The individual's age or estimate thereof;
(b) The nature of the suspected offense;
(c) Any potential danger to the public and/or other officers at the scene if the service dog is released;
(d) The degree of resistance or threatened resistance, if any, the subject has shown;
(e) The potential for escape or flight if the police dog is not utilized;
(f) The potential for injury to the officers or the public caused by the suspect if the police dog is not utilized.

312.4 USE OF POLICE CANINE
The decision to use a police canine in accordance with this policy shall be deemed an act of discretion and shall be reviewed in light of information reasonably available to the officer(s) at the
time the decision is made. The ultimate disposition of any related criminal proceeding shall have no bearing on determining the reasonableness of any such decision.

312.4.1 GUIDELINES AND CAPABILITIES
A police canine may be used to apprehend an individual if:

(a) The canine handler reasonably believes that the individual has either committed or has threatened to commit any serious offense and if any of the following conditions exist:

1. There is a reasonable belief that the individual poses an immediate threat of violence or serious harm to the public or any officer.
2. The individual is physically resisting or is threatening to resist arrest and the use of a police canine appears necessary to overcome such resistance.
3. The individual is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

(b) It is recognized that situations may arise which do not fall within the provisions set forth in this policy. In any such case, a standard of reasonableness shall be used to review the decision to use a police canine in view of the totality of the circumstances. Note: Absent reasonable belief that an individual has committed or threatened to commit a serious offense, mere flight from pursuing officer(s) shall not serve as good cause for the use of a canine to apprehend an individual.

(c) The police canine has been trained and may be used to defend itself from any annoying, harassing, or provoking acts or assisting the handler in any of the following:

1. In the apprehension or holding of a suspect where the handler has a reasonable suspicion of the suspect's involvement in criminal activity.
2. In the investigation of a crime or possible crime.
3. In the execution of a warrant.
4. In alarm situations: - burglary or robbery.
5. In evidence searches.
6. In searching for narcotics or drugs.
7. To locate lost persons or articles.
8. In security checks.
9. In warrant service situations.
10. To back up police officers.
11. To overtake or capture barricaded suspects.
12. To track lost persons and suspects.
13. To protect or defend police officers or citizens from acts of violence.
14. To conduct structure and area searches.
15. At major disaster scenes (plane crashes, earthquakes, fires, etc. locate victims or maintain security of the disaster scene.

312.4.2 GENERAL HANDLING
Final determination as to the use of the police canine will be the responsibility of the canine handler. The handler shall apprise the on-duty Watch Commander/Supervisor as to the implementation of the canine and any other special considerations to be taken into account. However, an on-duty Watch Commander/Supervisor sufficiently appraised of the situation may decide not to deploy the dog.

In using the police canine in apprehending a fleeing suspect, or in using the canine as an actual means of force, the handler must give proper consideration to the limits on using force as stated in this General Order and the Department’s Use of Force Guidelines, and the Penal Code. A loud clear warning will be given prior to releasing the dog on a fleeing or hidden suspect. In the case of a concealed suspect, the handler should give a reasonable amount of time for the suspect to surrender unless it is tactically unsafe for the officer or may infringe on the public safety.

Exception: A loud clear warning will not be necessary, if the search is for a suspect who may be armed or considered dangerous, where a warning would jeopardize officer safety.

(a) Handlers should make every reasonable effort to ensure that the search area is clear of uninvolved citizens and that an adequate perimeter is established to keep citizens out and the suspect within.

(b) The decision to search on or off leash will be left to the handler.

(c) Police canines should be kept on leash in areas open to the public, unless being actually used for specific and authorized police purposes as specified in this General Order.

(d) When police canines are left unattended in a police vehicle, the vehicle will be locked and the windows rolled up unless equipped with screens. Handlers shall provide proper ventilation for the canine at all times.

(e) Police canines shall not be used for crowd control without the approval of a supervisor. During riot situations the canine may be used. The rioters will be warned of the intended application of the canine. Canines should be worked on a leash in these situations.

(f) Police canines should not be handled by anyone other than canine trained and certified Department employees, and authorized veterinarian(s).

(g) Handlers will ensure that their canines are maintained at a proficiency level as required by the Department canine trainer and the Banning Police Department.
Canine Policy

(h) Handlers shall prepare and file all appropriate reports, daily logs, diagrams and daily activity reports prior to the end of their current shift.

(i) At no time, either on-duty or off-duty, shall the handler utilize the canine for the purpose of threatening or intimidating any person without just cause and actual police necessity.

(j) Unless the suspect is known to be armed, canines shall not be used to search (excluding tracking) for persons in hiding, when the person is known to be under the age of 16 years, or to stop the flight of a person known to be under 16 years of age.

Exception: The canine may be used in defense of an officer or persons who may be in immediate danger.

312.4.3 NON-HANDLER PERSONNEL

Police canines are trained to perform specific duties. All non-handler personnel are cautioned with regard to petting or attempting to become friendly with the canines. No attempt to pet the canine shall be made unless the handler is present and has given approval for the action. The canines are trained to protect their handlers and their Department vehicle. Department personnel shall not attempt to pet the canine when it is alone in the police vehicle or unattended.

(a) Attempts to entice the canine to disobey its handler are forbidden. No calling, whistling or command simulations should be made by non-handlers.

(b) No one except the handler should feed the canine.

(c) Whenever a canine team can be used to search an area or building, Department personnel are to establish a perimeter and refrain from entering same until the operation is completed.

(d) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.

312.4.4 PUBLIC RELATIONS AND DEMONSTRATIONS

(a) All requests for public relations activities shall be made to the Chief of Police in writing. The memo shall include the date, location, organization involved, number and approximate age of the group and a short synopsis of how the canine will be used.

(b) Department coverage and manpower needs will take priority over any request.

(c) All statistics on the police canine’s performance will be approved by the Division Commander.

(d) “Apprehension work” will not be shown or photographed unless specifically authorized by the Chief of Police.
Canine Policy

(e) All canine personnel assigned to public relations duties shall prepare themselves, their canine and their equipment in such a manner as to present a professional image to the public.

(f) Handlers will take into consideration the capabilities and limitations of their individual dogs when conducting public relations demonstrations. The canine's safety and that of the public take precedence over other factors.

312.4.5 BITE/INJURY REPORT

(a) Any bite victim will be evaluated by an emergency care facility as to the need for further medical attention. A copy of the medical report will accompany the handler's report.

(b) The handler shall notify the on-duty Watch Commander/Supervisor or the on-call supervisor of any bite incident.

(c) All bites require that the handler complete a detailed report as to the events leading up to the bite, the bite occurrence itself and disposition of the person bit. In addition~ all people who observed the bite will be included as witnesses in the report. Others who heard the commands of the handler or saw actions leading up to the bite should also be included in the report. Photographs showing the location of the bites, number of bites and types of bites will also be submitted with the report.

(d) If an accidental or unintentional bite occurs, the above procedure shall be complied with.

(e) Photographs of the bites should be taken by the handler or supervisor.

(f) If a bite occurs while the canine and handler are off-duty, the handler shall immediately notify an on-duty supervisor or the on-call supervisor. The supervisor shall submit an evaluation of the incident through the chain-of-command to the Chief of Police. The handler shall also submit a written report to the Division Lieutenant within twenty-four hours.

(g) No officer shall make any statement of liability acceptance for injuries inflicted by a Department canine. The injured person shall be advised that he/she may submit a written claim to the City Clerk during normal business hours.

312.4.6 REQUESTS FOR ASSISTANCE

(a) Departmental:

1. Canine units shall act in support of patrol units on all calls which indicate that the canine’s presence will be of assistance as provided in this General Order.

2. A report shall be filed following each incident. The original shall be submitted to the on-duty supervisor for approval and then submitted to the Records Unit. A copy shall be forwarded to the Chief of Police via the Division Commander by the handler completing the report.
Canine Policy

(b) Outside Agencies:

1. All requests for canine assistance shall be cleared through the on-duty supervisor or the on-call supervisor.

2. Handlers will work their canines under Banning Police Department procedures and not the procedures of the requesting agency.

312.4.7 CARE AND MEDICAL TREATMENT

(a) It is the responsibility of the canine handler to keep his canine in such physical condition that the canine is able to perform the duties expected of it.

(b) Any indication that the canine is not in good condition shall be reported to the Chief of Police via the Division Lieutenant.

(c) All veterinary attention, not of an emergency nature, shall be coordinated by the canine handler.

(a) Given clearance to do so by the handler.

(b) The canine can be called from the handler and secured.

(c) On-scene officers shall attempt the following procedures to secure a canine from an injured handler:

1. Attempt to call the canine to a secure location.

2. Contact another handler to secure the canine.

In the event that immediate medical attention is required for the handler and the canine will not permit this to take place, a supervisor may take appropriate action to eliminate the hazard presented by the canine.

312.5 TRAINING

Before assignment in the field, each police service dog shall be trained and certified to meet current POST guidelines. Cross-trained dog teams or those dog teams trained exclusively for the detection of narcotics and/or explosives shall be trained and certified to meet the standards established
for such detection dogs by the California Narcotic Canine Association or other recognized and approved certification standards.

312.5.1 CONTINUED TRAINING
Each police service dog team shall thereafter be re-certified to P.O.S.T. police service dog guidelines and the California Narcotic Canine Association or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Police service dog teams shall receive training as defined in current contract with the department's police service dog training provider:

1. Police service dog handlers are encouraged to engage in additional training with approval of the unit coordinator;

2. In order to ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is contrary to the policies of the Banning Police Department;

3. All police service dog training shall be conducted while on-duty unless otherwise approved by the unit coordinator or watch commander.

312.6 RECORD KEEPING

(a) Each canine will have a complete personnel file maintained, documenting all training, medical care, and activities the canine is involved in.

(b) Training: The on-going certification training of the canine will be documented (e.g.; filed searches; structure-Searches; etc.): The regularly scheduled field training; detailing the times involved and areas covered will also be documented;

(b) Residents must be aware that the canine is not a pet but a trained working canine.

(c) Handlers must live in a single family dwelling with a fully fenced rear yard. Handlers must agree to allow representatives of the Department on their property for the purpose of inspecting areas where the canine is kenneled.

(d) The immediate neighbors of the intended handler shall be contacted and advised that a police canine may be housed nearby! Their opinions and desires shall be considered in any decision by the Department in handler selection.
Canine Policy

(e) Canines shall be kept at the home of their handlers in kennels or quarters approved by the Division Lieutenant.

(f) The kennel shall be kept in a clean and sanitary condition at all times.

(g) Canines will be securely kenneled or under the direct control of their handler while off-duty.

(h) Handlers are not to involve themselves in any off-duty activity with their canines which may bring discredit on the program or the Department.

(i) The handler and his family must realize that the canine placed in the care of the handler is a 24 hour responsibility.

(j) The canine must not be allowed to roam at will.

(k) Vacation kenneling will be arranged by the canine handler at an approved facility.

(l) Handlers shall permit the unit coordinator to conduct spontaneous on-site inspections of affected areas of their residence as well as the service dog unit, to verify that conditions and equipment conform to this policy.

(m) Any changes in the living status of the handler which may affect the lodging or environment of the police canine dog shall be immediately reported to the unit coordinator.

312.9 NARCOTICS DETECTION CANINE

(a) Training: Continuous training is absolutely essential to maintain proficiency in narcotics detection. Whenever possible, handlers of working detection canines should be allowed to one free hour during the work shift for training. The amount of scheduled weekly narcotic training, in addition to canine patrol training, will be recommended by the department trainer. This additional narcotics training, if deemed necessary, will be conducted on a designated training day.

(b) Certification: Certification of a narcotics detection team will be administered annually by a person qualified to certify a team under suggested POST guidelines. The department trainer will be consulted on the selection of the person certifying the team.

(c) Call-Outs: The narcotics detection teams are not considered an emergency response team, therefore generally will not be available for 24 hour call-out. The handlers can be called out at the discretion of the watch commander. The legality and justification for calling out the team should be carefully evaluated by the watch commander.

(d) Field Duties: The narcotic teams are trained for narcotics detection only. As this is a collateral duty, the handlers have no special limitations or restrictions with patrol work and will be assigned to normal field duties.

IMMUNITY

All duly authorized peace officers in performance of their official duties and any person working under their immediate direction, supervision, or instruction are immune from prosecution under the Uniform Controlled Substance Act while providing substance abuse training or canine drug detection training (Health & Safety Code § 11367.5(b)).

(a) Search warrants

(b) Consent searches

(c) Exigent circumstances

(d) Vehicle searches

(e) Searches incident to an arrest

(f) Guidelines for non-apprehension use: Because canines have senses far superior to those of humans, they may often be effectively utilized to track or search for non-criminals (e.g. lost children, individuals who may be disoriented or in need of medical attention) or even suspects wanted for minor criminal offenses. In such circumstances, it will be necessary for the handler to evaluate the conditions and ability of the canine to determine the feasibility of such an application.

1. Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such applications should be conducted on leash or
Canine Policy

under such conditions that will minimize the likelihood that the canine will bite or otherwise injure the individual.

2. Throughout the deployment of the canine in such circumstances, the handler should consider issuing periodic verbal assurances that the canine will not bite or hurt the person.

3. Once the individual has been located, the canine should be placed in a down stay or otherwise secured as soon as it becomes reasonably practicable.

312.9.2 SEARCHES
When called to a scene to conduct a search, the handler will contact the officer in charge immediately. The handler will:

(a) Evaluate the type and legality of the requested search and advise the officer in charge.

Asset seizures will be evaluated and submitted through the department's designated representative for asset forfeiture processing.

(c) Currency Report: used to document positive or negative narcotic finds on currency in conjunction with the Search Report. The report will be given to the canine supervisor at the end of the calendar year.
312.9.5 ASSIGNMENT

6. Maintain records of training aid documentation and all reports and training documentation submitted by the handlers.

312.9.8 TRAINING AIDS
Controlled substance training aids are required to effectively train and maintain drug detecting dogs. Further, controlled substances can also be an effective training aid during training sessions for law enforcement personnel and the public.

Health & Safety Code § 11367.5 provides that any Sheriff, Chief Of Police, the Chief of the Bureau of Controlled Substance Enforcement, or the Commissioner of the California Highway Patrol, or a designee thereof may, in his or her discretion, provide controlled substances in his or her possession for training purposes:

(a) To any duly authorized peace officer or civilian drug detection canine trainer working under the direction of a law enforcement agency.
Canine Policy

(b) Provided the controlled substances are no longer needed as criminal evidence

(c) Provided the person receiving the controlled substances, if required by the Drug Enforcement Administration, possesses a current and valid Drug Enforcement Administration registration that specifically authorizes the recipient to possess controlled substances while providing substance abuse training to law enforcement or the community or while providing canine drug detection training

312.9.9 PROCEDURE

Training narcotics will be obtained from the police evidence narcotics vault. Responsibility for the release of narcotics rests with the evidence technician.

(a) Acquisition of narcotics to be used as training aids shall be weighed and logged in by the evidence technician or his designee. Narcotics being taken from storage as training aids must be weighed and logged in the presence of the handler requesting the narcotics.

(b) All training aids in the possession of the canine handlers will be inspected monthly by the canine unit supervisor and a report submitted to the Field Operations Lieutenant.

(c) Officers designated as narcotics detection handlers will be issued training aids for specific periods of time and in sufficient quantities to facilitate an ongoing daily training program in order to maintain their dog's level of expertise.

(d) Each handler will maintain his/her training aids in security boxes, mounted- bolted to the vehicle body, in the trunks of their respective police units. To control access to the trunks, locks will be changed to ensure key control and the auto-release trunk switch will be disconnected. Access will be limited to the narcotic detection handler and the canine unit supervisor only.

(e) All training aids in possession of the handlers will be inspected and weighed quarterly, or at any time at the request of the unit supervisor or supervisory personnel. A training aid issuance log and inspection reports will be completed and maintained by both the Canine Unit supervisor and evidence technician staff. Any discrepancy in issuance log and/or logged weight quantity of the training aid shall be documented and the handler involved will prepare an officer’s report explaining the circumstances for the files after the approval by both the Field Operations and Special Operations Lieutenants.

(f) Periodically, training aids will be returned to the evidence room for destruction. These products shall be weighed, witnessed and logged by the handler and evidence technician. The returned product will then be destroyed and replaced with like substance as required for ongoing train all necessary log entries and/or approval forms will be completed.
Domestic Violence

313.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

313.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

313.2 POLICY
The Banning Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this [department/office] to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

313.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

313.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
Domestic Violence

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Bureau in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.
313.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect’s release from jail.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

313.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the resolution in a report.

313.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim’s behavior and actions may be affected.

(b) Provide the victim with the [department/office]’s domestic violence information handout, even if the incident may not rise to the level of a crime.

(c) Alert the victim to any available victim advocates, shelters and community resources.

(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

313.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.
Domestic Violence

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

313.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

313.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
   1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.
   1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.
313.9 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

313.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).

(b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person’s arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person’s arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person’s arrests (Penal Code § 836(b)).

(c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender’s child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.
Domestic Violence

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer’s presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

313.9.2 COURT ORDERS

(a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person’s parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

313.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

313.9.4 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.

(b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
(c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

313.9.5 RECORD-KEEPING AND DATA COLLECTION
This [department/office] shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the [Department/Office], including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

313.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE
Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee’s appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).
Search and Seizure

314.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Banning Police Department personnel to consider when dealing with search and seizure issues.

314.2 POLICY
It is the policy of the Banning Police Department to respect the fundamental privacy rights of individuals. Members of this [department/office] will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this [department/office] will comply with relevant federal and state law governing the seizure of persons and property.

The [Department/Office] will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutor considerations regarding specific search and seizure situations, as appropriate.

314.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this [department/office] is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
314.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this [department/office] will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search.

2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

314.5 DOCUMENTATION
Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

• Reason for the search

• Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)

• What, if any, injuries or damage occurred

• All steps taken to secure property

• The results of the search, including a description of any property or contraband seized

• If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and [department/office] policy have been met.
314.6 WARRANT SERVICE CHECKLIST
The Banning Police Department Search Warrant Checklist shall be completed by all Banning Police Department personnel, regardless of assignment, when engaged in the operational planning of a search warrant and/or arrest warrant and included in the case report. If, based on the department's Search Warrant Threat Assessment form, a review is not required by an outside agency S.W.A.T. Team Supervisor, this form shall be submitted to the appropriate Division Supervisor for review and approval prior to the execution of the search and/or arrest warrant(s), with the exception of department members assigned to a task force. Department personnel assigned to a task force are authorized to use the task force's Search Warrant Checklist in lieu of the Banning Police Department Search Warrant Checklist.

314.7 WARRANT SERVICE THREAT ASSESSMENT FORM
The Banning Police Department Warrant Threat Assessment Form shall be completed by all Banning Police Department personnel, regardless of assignment, when engaged in the operational planning of a search warrant and/or arrest warrant and included in the case report. The Threat Assessment Form is to be used as a means to evaluate the need for assistance from an outside agency S.W.A.T. Team. If one or more of the criteria listed in Items 1-5 are checked "Yes," the Threat Assessment Form shall be submitted to the Detective Bureau Supervisor who will coordinate a consultation with an outside agency S.W.A.T. Team Supervisor prior to the execution of the search and/or arrest warrant(s). If two or more of the criteria listed in Items 6-12 are checked "Yes," the Threat Assessment Form shall be submitted to the Detective Bureau Supervisors who will coordinate a consultation with an outside agency S.W.A.T. Team Supervisor for review prior to the execution of the search and/or arrest warrant(s).

If after completing the Threat Assessment Form it is determined that a review by an outside agency S.W.A.T. Team Supervisor is not required, the form shall still be completed and included in the case report.

Banning Police Department personnel, assigned to a task force, are exempt from completing the Banning Police Department Threat Assessment Form when engaged in the operational planning of a search warrant and/or arrest warrant outside the City of Banning.
School Resource Officers

315.1 PURPOSE AND SCOPE
The purpose of this general order is to establish a job description and outline of duties for personnel assigned as a School Resource Officer (SRO).

315.1.1 DEFINITION
A School Resource Officer is a sworn police officer, who is assigned to a primary education facility or group of facilities and is responsible for assisting school administrative staff with maintaining a safe, secure learning environment and developing and maintaining cooperative relationships between schools and police.

315.1.2 DUTIES
(a) The primary focus of the SRO is the safety of the students, staff, and facility. The SRO is responsible for assisting school administrative staff in designing, implementing, and maintaining procedures and policies at the educational facility in order to promote campus safety.

(b) The SRO will enforce all pertinent laws and ordinances on school campuses that the officer is assigned to. Enforcement will be consistent with services rendered to all citizens in the community. This enforcement will also include preparing written reports consistent with existing department policy.

(c) The SRO is responsible for conducting preliminary investigations for any crimes reported to the SRO by students or staff, whether or not they occur on campus. The SRO may also write reports to document incidents occurring off campus, if the incident involves students or staff.

(d) The SRO is responsible for completing monthly activity reports and submitting these reports to his/her immediate supervisor. These reports will contain, at the minimum, the number of reports taken, citations issued, and arrests made.

(e) The SRO will conduct truancy enforcement by issuing citations, returning students to school, conducting home visits, and providing informal counseling.

(f) The SRO will also provide law enforcement educational services as requested by school staff and upon approval of a supervisor. These services may include classroom instruction, special programs, or small group instruction.

(g) The SRO is responsible for coordinating and organizing additional Banning Police Department resources for special events (i.e., additional officers for sporting events, graduation, etc.).

(h) While performing the duties of the SRO, the officer will uphold the standards of the Code of Ethics and conform to all Department policies and procedures.
315.1.3 OTHER RESPONSIBILITIES

(a) The SRO should help to increase the students understanding and respect for law enforcement through positive interaction, informal counseling, and through professional appearance.

(b) The SRO is not a school disciplinarian and will only take action when there is a violation of the law. School discipline is the responsibility of the school administrative staff.

(c) The SRO will participate actively in school affairs as a representative for the Banning Police Department.

(d) The SRO will present the philosophies of the Banning Police Department in a positive and professional manner.

(e) All searches conducted on campus will only be conducted when the search is warranted and shall comply with existing policy, statutory law, and case law guidelines. Whenever possible, the SRO should avoid directing school staff to conduct any search. The SRO should not participate in administrative searches by school staff, but may stand by for safety purposes, if requested.

(f) In the event a police report is written, Department policy relating to the preparation and submittal for review should be adhered to. If the school staff requests a copy of the report, they shall be directed to the Department’s Records Department. If requested, the SRO will write a memorandum to the school's principal for purposes of documentation for additional school disciplinary procedures.

(g) The SRO is an extension of patrol and will drive an assigned marked patrol vehicle. The SRO will be in uniform, unless directed otherwise. The SRO will contact dispatch upon going in service and arriving on campus. The SRO will advise dispatch upon leaving campus.

(h) The SRO should take days off to coincide with school holidays and will work five eight hour shifts. The hours of work will coincide with the times school is in session.

(i) In the event the SRO is unavailable to respond to an incident at their school, the SRO shall notify the Watch Commander and dispatch, so that the Watch Commander may assign additional resources.

(j) Supervision of the SRO will be determined by the Administrative Lieutenant.
Temporary Custody of Juveniles

316.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Banning Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

316.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this [department/office] performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

316.2 POLICY
The Banning Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Banning Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

316.3 JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit any of the following conditions should not be held at the Banning Police Department:

(a) Unconscious

(b) Seriously injured

(c) A known suicide risk or obviously severely emotionally disturbed

(d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).

(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Banning Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).
Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

316.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. [Department/Office] members should administer first aid as applicable (15 CCR 1142).

316.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
[Department/Office] members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

316.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the Banning Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Banning Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Banning Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

316.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Banning Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

316.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do
so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

316.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Banning Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.

(b) Released to a parent or other responsible adult after processing at the [Department/Office].

(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.

(d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

316.5 ADVISEMENTS
Officers shall take immediate steps to notify the juvenile’s parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the Miranda rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).
Temporary Custody of Juveniles

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

316.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the [Department/Office], the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile.
(b) Date and time of arrival and release from the Banning Police Department (15 CCR 1150).
(c) Watch Commander notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
(e) Any changes in status (e.g., emergency situations, unusual incidents).
(f) Time of all safety checks.
(g) Any medical and other screening requested and completed (15 CCR 1142).
(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).
(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

316.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the [Department/Office] (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Banning Police Department
Temporary Custody of Juveniles

(trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

316.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Banning Police Department shall ensure the following:

(a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Banning Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Banning Police Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal safety checks and significant incidents/activities shall be noted on the log.

(d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles shall have privacy during family, guardian, and/or lawyer visits (15 CCR 1143).

(j) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k) Blankets shall be provided as reasonably necessary (15 CCR 1143).
   1. The supervisor should ensure that there is an adequate supply of clean blankets.

(l) Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
Temporary Custody of Juveniles

(n) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

316.9 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Banning Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

316.10 PERSONAL PROPERTY
The officer taking custody of a juvenile offender or status offender at the Banning Police Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Banning Police Department.

316.11 SECURE CUSTODY
Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity, and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
Temporary Custody of Juveniles

(e) Age, type, and number of other individuals in custody at the facility

Members of this [department/office] shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

316.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.

(b) Juveniles shall have constant auditory access to [department/office] members (15 CCR 1147).

(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).

(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
   1. All safety checks shall be logged.
   2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
   3. Requests or concerns of the juvenile should be logged.

(e) Males and females shall not be placed in the same locked room (15 CCR 1147).

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.
Temporary Custody of Juveniles

316.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE
The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Banning Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police, and Investigation Division Supervisor.
(b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
(c) Notification of the appropriate prosecutor.
(d) Notification of the City attorney.
(e) Notification to the coroner.
(f) Notification of the juvenile court.
(g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
(h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
(i) Evidence preservation.

316.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS
No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of Miranda rights, an officer shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

(a) Information is necessary to protect life or property from an imminent threat.
(b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

316.13.1 MANDATORY RECORDINGS OF JUVENILES
Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a [department/office] facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a Miranda advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.
Temporary Custody of Juveniles

(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

316.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Detective Bureau supervisor, giving due consideration to the following:

(a) The gravity of the offense
(b) The past record of the offender
(c) The age of the offender

316.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department/office shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.
Temporary Custody of Juveniles

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Banning Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the appropriate Detective Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

316.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION
The Patrol Division Commander shall coordinate the procedures related to the custody of juveniles held at the Banning Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

316.17 RELIGIOUS ACCOMMODATION
Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).
Adult Abuse

317.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Banning Police Department members as required by law.

317.1.1 DEFINITIONS
Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. Neglect includes self-neglect (Welfare and Institutions Code § 15610.07; Penal Code § 368.5).

317.2 POLICY
The Banning Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

317.3 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(j) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the adult abuse (Welfare and Institutions Code § 15640(f)).

(k) Whether a death involved the End of Life Option Act:
   1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)
   2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person’s life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)
   3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)
   4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

### 317.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

   (a) Conduct interviews in appropriate interview facilities.
   (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
   (c) Present all cases of alleged adult abuse to the prosecutor for review.
   (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
   (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
   (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).

### 317.5 MANDATORY NOTIFICATION
Members of the Banning Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have
observed, or have knowledge of an incident that reasonably appears to be abuse of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):

1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.

4. When a report of abuse is received by the [Department/Office], the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

(c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.

(d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

(e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.

(f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.
(g) The District Attorney’s office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.

(h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).

1. When a report of abuse is received by the [Department/Office], investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

(i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).

(j) When the [Department/Office] receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Detective Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

317.5.1 NOTIFICATION PROCEDURE
Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

(a) The name of the person making the report.

(b) The name and age of the elder or dependent adult.

(c) The present location of the elder or dependent adult.

(d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.

(e) The nature and extent of the condition of the elder or dependent adult.

(f) The date of incident.

(g) Any other information, including information that led the person to suspect elder or dependent adult abuse.
317.6 PROTECTIVE CUSTODY
Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this [department/office] should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

317.6.1 EMERGENCY PROTECTIVE ORDERS
In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

317.7 INTERVIEWS

317.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

317.7.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:
Adult Abuse

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

317.8 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

317.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

317.9.1 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

   (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

   (b) Notify the Detective Bureau supervisor so an interagency response can begin.

317.9.2 SUPERVISOR RESPONSIBILITIES
The Detective Bureau supervisor should:

   (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

   (b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that he/she has responded to a drug lab or other narcotics crime
Adult Abuse

scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

317.10 TRAINING
The [Department/Office] should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.
(b) Conducting interviews.
(c) Availability of therapy services for adults and families.
(d) Availability of specialized forensic medical exams.
(e) Cultural competence (including interpretive services) related to adult abuse investigations.

Discriminatory Harassment

318.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent [department/office] members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

318.2 POLICY
The Banning Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The [Department/Office] will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The [Department/Office] will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the [Department/Office] may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

318.3 DEFINITIONS
Definitions related to this policy include:

318.3.1 DISCRIMINATION
The [Department/Office] prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or [department/office] equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to [department/office] policy and to a work environment that is free of discrimination.
Discriminatory Harassment

318.3.2 SEXUAL HARASSMENT
The [Department/Office] prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person’s sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

318.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or [department/office] rules or regulations, or any other appropriate work-related communication between supervisor and member.

318.3.4 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

318.4 RESPONSIBILITIES
This policy applies to all [department/office] personnel. All members shall follow the intent of these guidelines in a manner that reflects [department/office] policy, professional law enforcement standards and the best interest of the [Department/Office] and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Administrative Services Director or the City Manager.
Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

318.4.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of each supervisor and manager shall include, but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.

(c) Ensuring that his/her subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Chief of Police or Administrative Services Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

318.4.2 SUPERVISOR’S ROLE
Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of the [Department/Office] and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

318.4.3 QUESTIONS OR CLARIFICATION
Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Administrative Services Director, the City Manager, or the California Department of Fair
Discriminatory Harassment

Employment and Housing (DFEH) for further information, direction, or clarification (Government Code § 12950).

318.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the [Department/Office] that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

318.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

318.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Administrative Services Director or the City Manager.

318.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the [Department/Office]. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.
318.6 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Manager or the Administrative Services Director, depending on the ranks of the involved parties.
- Maintained in accordance with the [department/office]'s established records retention schedule.

318.6.1 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

318.7 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the [Department/Office].

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

318.7.1 STATE-REQUIRED TRAINING
The Training Sergeant should ensure that employees receive the required state training and education regarding sexual harassment, prevention of abusive conduct, and harassment based on gender identity, gender expression, and sexual orientation as follows (Government Code § 12950.1; 2 CCR 11024):

(a) Supervisory employees shall receive two hours of classroom or other effective interactive training and education within six months of assuming a supervisory position.

(b) All other employees shall receive one hour of classroom or other effective interactive training and education within six months of their employment or sooner for seasonal or temporary employees as described in Government Code § 12950.1.

(c) All employees shall receive refresher training every two years thereafter.

If the required training is to be provided by DFEH online training courses, the Training Sergeant should ensure that employees are provided the link or website address to the training course (Government Code § 12950).

318.7.2 TRAINING RECORDS
The Training Sergeant shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11024).
Discriminatory Harassment

318.8 WORKING CONDITIONS
The Administration Division Commander or the authorized designee should be responsible for reviewing facility design and working conditions for discriminatory practices. This person should collaborate with other City employees who are similarly tasked (2 CCR 11034).

318.9 REQUIRED POSTERS
The [Department/Office] shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).
Child Abuse

319.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Banning Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

319.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

319.2 POLICY
The Banning Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

319.3 MANDATORY NOTIFICATION
The child protection agency shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or

(b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney’s office shall be notified in all instances of known or suspected child abuse or neglect reported to this [department/office]. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).
Child Abuse

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

319.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

319.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

319.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

319.5.1 EXTRA JURISDICTIONAL REPORTS
If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, [department/office] members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

319.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this [department/office] should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.
Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:

1. The child has an immediate need for medical care.
2. The child is in immediate danger of physical or sexual abuse.
3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child’s health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:

1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
2. There is no lawful custodian available to take custody of the child.
3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

319.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.
Child Abuse

319.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

319.7 INTERVIEWS

319.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

319.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

319.7.3 INTERVIEWS AT A SCHOOL
Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member’s presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

319.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency...
having legal custody of the child. The officer should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

319.9 DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

319.9.1 SUPERVISOR RESPONSIBILITIES
The Detective Bureau supervisor should:

(a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

319.9.2 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Detective Bureau supervisor so an interagency response can begin.

319.10 STATE MANDATES AND OTHER RELEVANT LAWS
California requires or permits the following:
319.10.1 RELEASE OF REPORTS

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California’s CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

319.10.3 CACI HEARING OFFICER
The Detective Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person’s name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

319.10.4 CACI HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

(b) Statements by investigators
(c) Statements from representatives of the District Attorney’s Office

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party’s name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the
person’s name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

320.1.1 CPS/APS NON-EMERGENCY REFERRAL DEFINITION
A Non-Emergency CPS/APS Referral is defined as a document and/or information received by the Banning Police Department from a Mandatory Reporting Agency either by mail, FAX, telephone, etc. A non-emergency CPS/APS referral will not elicit an immediate police response to danger of life. Referrals and information of this nature are often referred to as "Agency Cross Reports".

320.1.2 PROCEDURE
The Patrol Division will conduct the preliminary investigation of non-emergency CPS/APS referral as a call for service.

320.2 INVESTIGATION RESPONSIBILITY

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

324.4 INVESTIGATIONS
Whenever any member of this [department/office] receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

(a) Assigned officers should promptly contact the victim, witness or reporting party to investigate the matter further as circumstances may dictate.

(b) A supervisor should be notified of the circumstances as soon as practical.

(c) Once in-progress aspects of any such situation have been stabilized (e.g., treatment of victims, apprehension of suspects at the scene), the assigned officers should take all reasonable steps to preserve evidence that establishes a possible hate crime.

(d) Based upon available information, officers should take appropriate action to mitigate further injury or damage to potential victims or the community.

1. Officers should contact the property owner to remove any evidence that cannot be physically removed (i.e., painted words or signs on a wall) by the officer once the offense is documented.

(e) The assigned officers should interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a hate crime.

1. No victim of or a witness to a hate crime who is not otherwise charged with or convicted of a crime under state law may be detained for or turned over to federal authorities exclusively for any actual or suspected immigration violation (Penal Code § 422.93(b))

(f) Depending on the situation, the assigned officers or supervisor may request additional assistance from detectives or other resources.
(g) The assigned officers should include all available evidence indicating the likelihood of a hate crime in the relevant reports. All related reports should be clearly marked as “Hate Crimes” and, absent prior approval of a supervisor, should be completed and submitted by the assigned officers before the end of the shift.

(h) The assigned officers will provide the victims of any suspected hate crime with a brochure on hate crimes (Penal Code § 422.92). Such brochures will also be available to members of the general public upon request. The assigned officers should also make reasonable efforts to assist the victims by providing available information on local assistance programs and organizations.

(i) The assigned officers and supervisor should take reasonable steps to ensure that any such situation does not escalate further and should provide information to the victim regarding legal aid (e.g., Possible Temporary Restraining Order through the District Attorney or City Attorney Penal Code § 136.2 or Civil Code § 52.1 as indicated).

324.4.1 DETECTIVE BUREAU RESPONSIBILITY
If a hate crime case is assigned to the Detective Bureau, the assigned detective will be responsible for:

(a) Coordinating further investigation with the District Attorney and other appropriate law enforcement agencies.

324.5 TRAINING
All members of this [department/office] will receive POST-approved training on hate crime recognition and investigation as provided by Penal Code § 13519.6. Training should also include recognition of bias motivators such as ranges of attitudes and perceptions toward a specific characteristic or group.
Standards of Conduct

325.1 PURPOSE AND SCOPE
This policy establishes standards of conduct that are consistent with the values and mission of the Banning Police Department and are expected of all [department/office] members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this [department/office] or a member’s supervisors.

325.2 POLICY
The continued employment or appointment of every member of the Banning Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

Members shall comply with lawful directives and orders from any [department/office] supervisor or person in a position of authority, absent a reasonable and bona fide justification.

325.3.1 UNLAWFUL OR CONFLICTING ORDERS
Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or [department/office] policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, [department/office] policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

325.5 CAUSES FOR DISCIPLINE

(c) If the alleged victim opts not to have his or her name as part of the public record, the following information shall not be released:

327.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS
Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for [department/office] consistency.

See attachment: 2017 Stolen Vehicle Narrative Update.pdf

327.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS
County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

327.3.3 TIME FRAME FOR REPORT COMPLETION BY PATROL PERSONNEL
All reports written by members of the Banning Police Department shall conform with the requirements and procedures set forth in this General Order and all other appropriate Department publications.

Patrol personnel or other officers filling assignments in the Patrol Division will not go off duty without providing the on-coming watch of the status of calls, investigations, and reports handled during their tour of duty.

(a) All in-custody and related reports taken by patrol personnel shall be competed and submitted for approval in the following manner. (b) All other reports will be completed and approved within fourteen (14) days of the original report date unless a time extension is approved by the on-duty Watch Commander. When giving extensions the on duty watch commander will give officers a specific date when the report is due. (Overtime is not authorized to complete non in-custody related reports, unless the on duty Watch Commander determines that the report involves a special circumstance that requires immediate and/or sensitive attention.)

(c) Supervisors will have the responsibility of assuring that officers comply with this directive.

327.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

327.4.1 INCIDENT NOTES
When an employee responds to a call for service or is involved in self-initiated activity, the employee will document the activity with notes if a report is not warranted. The notes shall be maintained by the officer either in a notebook that they will retain for a period of no less than two years or in the notes section of RIMS under the related incident number.

The notes should be thorough enough to refresh the officer’s memory should they need to recall the incident for any future follow-up investigations or is a report needs to be written at a later time.

327.5 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted to the Records Bureau for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Bureau may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.

327.6 ELECTRONIC SIGNATURES
The Banning Police Department has established an electronic signature procedure for use by all employees of the Banning Police Department. The Patrol Lieutenant shall be responsible for maintaining the electronic signature system and ensuring that each employee creates a unique, confidential password for his/her electronic signature.
Report Preparation

- Employees may only use their electronic signature for official reports or other official communications.
- Each employee shall be responsible for the security and use of his/her electronic signature and shall promptly notify a supervisor if the electronic signature has or may have been compromised or misused.
Media Relations

328.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

328.2 RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police, however, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, the Captain, Lieutenants, Watch Commanders and designated Press Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law.

328.2.1 MEDIA REQUEST
Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

(a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.

(b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

(c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

328.3 MEDIA ACCESS
Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions (Penal Code § 409.5(d)):

(a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.

(b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should
be coordinated through the department Press Information Officer or other designated spokesperson.

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

(c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee (Government Code § 3303(e)).

(d) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Press Information Officer.

328.3.1 PROVIDING ADVANCE INFORMATION
To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

328.4 SCOPE OF INFORMATION SUBJECT TO RELEASE
The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Commander. This log will generally contain the following information:

(a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the
Media Relations

safety of any individual or jeopardize the successful completion of any ongoing investigation

(b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Chief of Police or his/her designee. (Welfare and Institutions Code § 827.5).

Information concerning incidents involving certain sex crimes and other offenses set forth in Government Code § 6254(f) shall be restricted in accordance with applicable statutory provisions. Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of the Public Records Act (Government Code § 6250, et seq.).

328.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained. Examples of such restricted information include, but are not limited to:

(a) Confidential peace officer personnel information (See Policy Manual § 1026)

1. The identities of officers involved in shootings or other major incidents may only be released to the media pursuant to consent of the involved officer or upon a formal request filed and processed in accordance with the Public Records Act.

Subpoenas and Court Appearances

329.1 PURPOSE AND SCOPE
This policy establishes the guidelines for [department/office] members who must appear in court. It will allow the Banning Police Department to cover any related work absences and keep the [Department/Office] informed about relevant legal matters.

329.1.1 DEFINITIONS
On-Call - When an employee has appeared in court, or is at the time on-duty, and has been told by a member of the court that he/she is free to leave the court or return to duty, subject to being available by phone or pager if called back.

Standby - When an employee receives a subpoena of a type which allows him or her to not appear in court, but remain available by phone or pager so that he or she may be directed to appear in court within a reasonable amount of time.

Trailing Status - When an employee remains on standby status for additional court sessions until notified otherwise.

Mandatory Appearance - Subpoenas marked as mandatory appearance require an employee's physical appearance in the specified court. Failure to timely appear in the specified court, either intentionally or by negligence, may result in disciplinary action.

329.2 POLICY
Banning Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

329.2.1 SERVICE OF SUBPOENA
Service of a subpoena requiring the appearance of any department employee in connection with a matter arising out of the employee's course and scope of official duties may be accomplished by personal service on the employee or by delivery of two copies of the subpoena on the employee's supervisor or other authorized departmental agent (Government Code § 68097.1; Penal Code § 1328(c)). Subpoena service is also acceptable by courier or court liaison from the court to this department.

329.2.2 VALID SUBPOENAS
No subpoena shall be accepted for an employee of this department unless it has been properly served and verified to have originated from a recognized legal authority.

329.2.3 ACCEPTANCE OF SUBPOENA
(a) Only the employee named in a subpoena, his/her immediate supervisor or the department subpoena clerk shall be authorized to accept service of a subpoena. (Penal Code § 1328(c)). Any authorized employee accepting a subpoena shall immediately provide a copy of the subpoena to the department subpoena clerk. The
Subpoenas and Court Appearances

subpoena clerk shall maintain a chronological log of all department subpoenas and provide a copy of the subpoena to each involved employee.

(b) Any supervisor or other authorized individual accepting a subpoena on behalf of another employee shall immediately check available schedules to determine the availability of the named employee for the date listed on the subpoena.

(c) Once a subpoena has been received by a supervisor or other authorized individual, a copy of the subpoena shall be promptly provided to the subpoena clerk as well as a copy to the individually named employee.

329.2.4 REFUSAL OF SUBPOENA

Except where previous arrangements with the issuing court exist, training, vacations and regularly scheduled days off are not valid reasons for refusing a subpoena or missing court. If, due to illness or injury, the named employee is unable to appear in court as directed by a previously served subpoena, he/she shall, at least one hour before the appointed date and time, inform the subpoena clerk or the Watch Commander of his/her absence. It shall then be the responsibility of the subpoena clerk to notify the issuing authority of the employee's unavailability to appear.

If the immediate supervisor or other authorized individual knows that he/she will be unable to deliver a copy of the subpoena to the named employee within sufficient time for the named employee to comply with the subpoena, the supervisor or other authorized individual may refuse to accept service (Penal Code § 1328(d)).

If a subpoena is presented for service to an immediate supervisor or other authorized individual less than five working days prior to the date listed for an appearance and the supervisor or other authorized individual is not reasonably certain that the service can be completed, he/she may refuse to accept service (Penal Code § 1328(e)).

If, after initially accepting service of a subpoena, a supervisor or other authorized individual determines that he/she will be unable to deliver a copy of the subpoena to the individually named employee within sufficient time for the named employee to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

329.2.5 COURT STANDBY

To facilitate court standby agreements with the courts, employees are required to provide and maintain current information on their address and phone number with the Department. Employees are required to notify the Department within 24 hours of any change in residence address or home phone number, and to provide accurate and reasonably reliable means or methods for contact.

If an employee on standby changes his/her location during the day, the employee shall notify the subpoena clerk of how he/she can be reached by telephone. Employees are required to remain on standby each day the case is trailing. In a criminal case the Deputy District Attorney handling the case is the only person authorized to excuse an employee from standby status.
Subpoenas and Court Appearances

329.2.6  OFF-DUTY RELATED SUBPOENAS
Employees receiving valid subpoenas for actions taken off-duty not related to their employment with Banning Police Department shall comply with the requirements of the subpoena. Employees receiving these subpoenas are not compensated for their appearance and arrangements for time off shall be coordinated through their immediate supervisor.

329.2.7  FAILURE TO APPEAR
Any employee who fails to comply with the terms of any valid and properly served subpoena may be subject to discipline as well as court imposed civil and/or criminal sanctions.

329.3  SUBPOENAS
Only [department/office] members authorized to receive a subpoena on behalf of this [department/office] or any of its members may do so. This may be accomplished by personal service to the officer or by delivery of two copies of the subpoena to the officer’s supervisor or other authorized [department/office] agent (Government Code § 68097.1; Penal Code § 1328(c)).

The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of $275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

(a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena.

(b) It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

329.3.1  SPECIAL NOTIFICATION REQUIREMENTS
Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

(a) Any civil case where the City or one of its members, as a result of his/her official capacity, is a party.

(b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.

(d) Any civil action stemming from the member’s on-duty activity or because of his/her association with the Banning Police Department.

(e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Banning Police Department.

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

329.3.2 CIVIL SUBPOENA
The [Department/Office] will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The [Department/Office] should seek reimbursement for the member’s compensation through the civil attorney of record who subpoenaed the member.

329.3.3 OFF-DUTY RELATED SUBPOENAS
Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

329.4 FAILURE TO APPEAR
Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

329.5 STANDBY
To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the [Department/Office].

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

329.5.1 PREPARATION FOR TESTIMONY
Before the date of testifying, the subpoenaed officer shall request a copy of relevant reports and become familiar with their content in order to be prepared for court.

All property issued to the Reserve Officer shall be returned to the Department upon termination or resignation.

330.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS
Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Department of Human Resources prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

330.3 DUTIES OF RESERVE OFFICERS
Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Reserve officers are required to work a minimum of 16 hours per month.
330.3.1 POLICY COMPLIANCE
Police reserve officers shall be required to adhere to all departmental policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time officer, it shall also apply to a sworn reserve officer unless by its nature it is inapplicable.

330.3.2 RESERVE OFFICER ASSIGNMENTS
All reserve officers will be assigned to duties by the Reserve Coordinator or his/her designee.

330.4.1 TRAINING OFFICERS
Officers of this department, who demonstrate a desire and ability to train reserve officers, may train the reserves during Phase II, subject to Watch Commander approval.

330.4.2 PRIMARY TRAINING OFFICER
Upon completion of the Academy, reserve officers will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO) Committee. The reserve officer will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as the Primary Training Phase.
330.4.3 FIELD TRAINING MANUAL
Each new reserve officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Banning Police Department. The reserve officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

330.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE
At the completion of the Primary Training Phase, (Phase I) the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training.

If the reserve officer has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

330.4.5 SECONDARY TRAINING PHASE
The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Watch Commander.

During Phase II of training, as with Phase I, the reserve officer's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Officer's Field Training Manual. At the completion of Phase II of training, the reserve officer will return to his/her primary training officer for Phase III of the training.

330.4.6 THIRD TRAINING PHASE

If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

330.5.1 SPECIAL AUTHORIZATION REQUIREMENTS
Reserve officers certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Division Lieutenant, be relieved of the "immediate supervision" requirement. Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Division Lieutenant, the Watch Commander may assign a certified Level I reserve officer to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

330.5.2 RESERVE OFFICER MEETINGS
All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

330.5.3 IDENTIFICATION OF RESERVE OFFICERS

330.5.4 UNIFORM
Reserve officers shall conform to all uniform regulation and appearance standards of this department.

330.5.5 INVESTIGATIONS AND COMPLAINTS
If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Patrol Division Lieutenant.

Reserve officers are considered at-will employees. Government Code § 3300 et seq. applies to reserve officers with the exception that the right to hearing is limited to the opportunity to clear their name.

Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual.
330.5.6 RESERVE OFFICER EVALUATIONS
While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. 330.6 FIREARMS REQUIREMENTS
Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during his/her assigned tour of duty, provided the reserve officer qualifies or falls within the provisions of Penal Code § 832.6.

330.6.1 CARRYING WEAPON ON DUTY
Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on-duty. It is the policy of this department to allow reserves to carry firearms only while on-duty or to and from duty.

330.6.2 CONCEALED FIREARMS PROHIBITED
No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in the Field Training section), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Chief of Police with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve officer remains in good standing as a Reserve Officer with the Banning Police Department.

330.6.3 RESERVE OFFICER FIREARM TRAINING
All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all areas of the firearms training section of the Policy Manual.
330.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL
The Reserve Coordinator shall develop a plan outlining an emergency call-out procedure for reserve personnel.
Outside Agency Assistance

331.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

331.2 POLICY
It is the policy of the Banning Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this [department/office].

331.3 ASSISTING OUTSIDE AGENCIES
Generally, requests for any type of assistance from another agency should be routed to the Watch Commander’s office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this [department/office], the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this [department/office].

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this [department/office] until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this [department/office] will not ordinarily be booked at this [department/office]. Only in exceptional circumstances, and subject to supervisor approval, will this [department/office] provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

331.3.1 INITIATED ACTIVITY
Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Banning Police Department shall notify his/her supervisor or the Watch Commander and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

331.4 REQUESTING OUTSIDE ASSISTANCE
If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.
Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

331.5 REPORTING REQUIREMENTS
Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Watch Commander.

331.6 MANDATORY SHARING
Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

The documentation should include:

(a) The conditions relative to sharing.

(b) The training requirements for:

1. The use of the supplies and equipment.

2. The members trained in the use of the supplies and equipment.

(c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Dispatch and the Watch Commander to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Sergeant should maintain documentation that the appropriate members have received the required training.
Registered Offender Information

332.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the Banning Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the [Department/Office] will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

332.2 POLICY
It is the policy of the Banning Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

332.3 REGISTRATION
The Detective Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

332.3.1 CONTENTS OF REGISTRATION
The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph and any other information required by applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

332.4 MONITORING OF REGISTERED OFFENDERS
The Detective Bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.

(b) Review of information on the California DOJ website for sex offenders.

(c) Contact with a registrant’s parole or probation officer.
Any discrepancies should be reported to the California DOJ.

The Detective Bureau supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Banning Police Department personnel, including timely updates regarding new or relocated registrants.

332.5 DISSEMINATION OF PUBLIC INFORMATION
Members will not unilaterally make a public notification advising the community of a particular registrant’s presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Banning Police Department’s website. Information on sex registrants placed on the Banning Police Department’s website shall comply with the requirements of Penal Code § 290.46.

The Records Supervisor may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1; Health and Safety Code § 11594), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

332.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY
California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).
332.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

(f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Death Investigation

335.1 PURPOSE AND SCOPE

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. Identity Theft

336.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

336.2 REPORTING

(a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim’s name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim’s name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

(f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

337.2 POLICY
All patrol officers and those with assigned take home units shall inspect their vehicle at the beginning of each shift. Any damage found will be reported to their supervisor immediately. Patrol shall inspect their vehicle before leaving the pit area prior to any call for service. If an officer leaves for an in progress call prior to checking his or her unit and then later returns and locates damage to that unit, they will be held responsible for the damage. In the likely event that an officer has to drive other than their assigned unit, they shall inspect which ever unit they drive for that day.

337.2.1 DAMAGE REPORTING
Officers shall write a memorandum to their respective Lieutenant describing in detail the damage found on the vehicle. The officer will also complete the Patrol Car Diagram showing where the damage is located on the vehicle.

The damage noted in this memorandum and diagram will be compared against the unit damage log located in the Watch Commander's Office.

337.2.2 SUPERVISOR RESPONSIBILITIES
The Supervisor will check to see if the noted damage in the report is consistent with the damage to the vehicle. A copy shall be placed in a book which will be provided and maintained in the Watch Commander's Office. The signed original will go to administration.
Private Persons Arrests

338.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

338.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

338.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;
(b) When the person arrested has committed a felony, although not in his or her presence;
(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

338.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person’s arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

1. Take the individual into physical custody for booking
2. Release the individual pursuant to a Notice to Appear
3. Release the individual pursuant to Penal Code § 849

338.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Community-Oriented Policing

339.1 PURPOSE AND SCOPE
The City of Banning has developed a Community-Oriented Policing (COP) strategy to identify, analyze, and resolve the crime, disorder and service problems that most effect the public and diminish the resources of the Police Department. In developing this strategy, it is recognized that community institutions are key partners with the Police Department in the creation of a safe, secure community. It is further recognized that the Department cannot succeed in achieving either its basic goals or the goals of this program without both the operational assistance and political support of the community.

The City shall institutionalize the use of this strategy so that problem solving becomes more strongly integrated into routine police activities. As this approach involves police personnel working together with municipal and community resources in the delivery of law enforcement and community services, it is consistent with the mission, goals and values of the Department.

339.2 COMMUNITY-ORIENTED POLICING POLICY
It is the policy of the Banning Police Department to encourage and support employees in the use of the Community-Oriented Policing strategy, in accordance with the procedures set forth herein.

339.2.1 DEFINITION OF TERMS
(a) **Event** - An occurrence at a single time and place that harms or threatens to harm one or more individuals.

(b) **Problem** - A group of events, similar in one or more ways, occurring in the community, that are of concern to the police and the public.

(c) **Community-Oriented Policing Strategy** - A process comprised of four stages:
   1. **Scanning** - Identifying potential problems and determining if more attention is required.
      (a) Some problems identified during this process may be so severe as to warrant immediate action, which should be taken as dictated and documented as part of the screening process.
   2. **Analysis** - Finding the characteristics, scope, consequences, and causes of the problem by collecting information from all appropriate sources. After the analysis is complete the problem needs to be clarified and a determination made as to whether the problem exists as originally stated. All parties should be in agreement as to the nature of the problem before action is taken.
   3. **Response** - Developing and implementing a solution to the problem by working with whatever public and private organizations and individuals are appropriate.
4. **Assessment** - Determining whether the response was implemented correctly and whether it had the desire effect on the problem.

5. **Problem Analysis Model.** Guidelines for aiding in the analysis of problems. This set of guidelines is to be used in the analysis stage of the Community-Oriented Policing strategy and is comprised of a three-part checklist, as follows:
   (a) **Players** - The characteristics and role of victims, offenders, and third parties (e.g. witnesses, residents, bystanders, informants, and others) who are impacted by, and/or involved in, the problem.
   (b) **Incidents** - The characteristics and role of the physical setting and social context where the problem takes place, and also the actions of the players before, during, and after the events that create the problem.
   (c) **Responses** - The reactions of the citizens and public and private organizations to the occurrences of the events that make up the problem.

6. **Planning Coordinator** - The person designated by the Chief of Police to coordinate the total efforts of the Police Department, municipal and community resources, in the COP strategy.

7. **Patrol Coordinator** - The Patrol Officer designated to coordinate the solving of each specific problem identified by this process. Normally the Patrol Coordinator will be the Officer most familiar with the problem who is working the shift during which the problem is most prevalent.

8. **Task Force** - A group of individuals representing various Police Department, municipal and community concerns.

### 339.3 STRATEGY ADMINISTRATION

(a) The Division Lieutenant and each supervisor is responsible for ensuring that officers and civilian employees are familiar with the COP strategy, and for insuring that the proper support is available for its use in addressing crime, disorder, and service problems.

(b) A COP Task Force will be created to address, guide, and support Departmental efforts in using the COP strategy.

1. This Task Force will be comprised of, but not limited to, members from the following areas: Police Department personnel, Code Enforcement, City Engineer, Building Official, City Planner.. Fire Department, and, when appropriate, community representatives and representatives of other governmental agencies (Health Department, Parole/Probation, etc.).

2. Task Force members will hold discussions and brainstorming sessions to discuss various methods of solving problems and making recommendations to
Community-Oriented Policing

the Chief of Police on utilization of Police Department, municipal, and community resources.

3. Normally, a supervisor will be appointed as the COP Task Force Planning Coordinator, and will be responsible for carrying out tasks needed and/or recommended by the COP Task Force.

4. The Task Force will meet as needed. The Chief of Police or his designated representative shall chair the meetings.

339.4 PLANNING COORDINATOR DUTIES

The Planning Coordinator will assist in supporting the Task Force effort by:

(a) Coordinating the analysis and action plan of the selected problems, upon the direction of the Chief of Police.

(c) Maintaining records, developing strategies, and initiating correspondence pertinent to the Task Force efforts.

339.4.1 ADDITIONAL DUTIES

The Division Lieutenant and all supervisors assist the Task Force as appropriate on some or all stages of the COP strategy.

339.5 IMPLEMENTATION

(a) The Division Lieutenant and all supervisors will be responsible for seeing that problems in their areas of responsibility are identified. This will be accomplished in four ways:

1. Officer-initiated efforts. The Division Commander and all supervisors will encourage officers and other personnel to identify possible or actual problem areas.

2. Externally initiated efforts. Supervisors will assign potential problems to their officers, based on complaints received from citizens, either known or anonymous.

3. Supervisor-initiated efforts. Supervisors will identify potential problems and assign them to officers or civilians under their supervision. After preliminary Investigation, the supervisor and officer/civilian will determine if a problem exists that can be addressed using the COP strategy.

4. COP Task Force initiated efforts. The Chief of Police, Division Lieutenant and supervisors will review patterns and trends identified by Departmental activity and by the Task Force, to determine if the problems are appropriate for the application of the POP strategy.
(b) Watch Commanders have the responsibility and authority to allocate their resources in a manner that ensures that the COP strategy is implemented.

1. When the decision is made that the problem should be addressed using COP, the Watch Commander will ensure that a Problem Analysis Report is completed by the Patrol Coordinator and forwarded to the COP Task Force. Watch Commanders will support the Patrol Coordinator in his/her specific problem assignment and assure that the Patrol Coordinator has sufficient time free from other duties to address the assigned problem.

The form can also be used to inform supervisors of progress throughout the COP effort.

(f) The Division Lieutenant will ensure that the COP Task Force, through the Planning Coordinator:

1. Looks for and identifies trends and patterns in crimes that could be symptoms of problems. Watch Supervisors will be notified of possible problems.

2. Provides requested information to Department members who are addressing problems. Requests for information should be directed to the Planning Coordinator and recorded on the POP form.

The Planning Coordinator will consult with members of the Task Force and Departmental members who have been assigned to handle the problems, and will also review the COP problem analysis report in the preparation of the report. The annual report on problem solving will include summaries of the problems, the efforts that were taken to solve those problems, and recommendations for modification of the COP strategy.

341.6 DEVELOPING THE CHAPLAIN'S ROLE

(a) Counseling of Departmental Personnel - Counseling is an important phase of the chaplain's work. At the request of the officer, the chaplains are encouraged to provide counseling and consultation (according to their training, skills and time available) for departmental personnel and their families in personal, marital, family, job-related and other problems. It is understood that this will be on a short-term basis.

(b) Confidentiality - The Department employee who comes to the chaplain for counseling should clearly understand that this is an "off the record" and privileged communication which will not be reported to the Department administration or have any bearing on his/her job status. This element of confidentiality is crucial to the overall effectiveness of the chaplains in their rapport with Departmental personnel.

1. Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent privilege and shall inform department members when it appears reasonably likely that the member is discussing matters that are not subject to the clergy-penitent privilege. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

2. No chaplain shall provide counsel to or receive confidential communications from any Banning Police Department employees concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

(c) Referral to Other Professional Resources - If, in a chaplain's opinion, a long term counseling program is desirable for a particular Department employee or family member, he/she may refer the individual to the Departmental psychiatrist, an appropriate community agency or to a therapist in private practice.

(d) Record of Next of Kin and Religious Affiliation - Next of kin and religious affiliation may be kept on each officer's personnel card, at the officer's discretion. This information is important when an officer has been seriously injured or has died in the line of duty, so that emergency notification by the police chaplain and Department staff can be made expeditiously to the next of kin.

   4. Chaplains will be given preference over other citizens in the scheduling of a ride-along.

(d) Each chaplain may be issued a portable radio upon his/her request for a tour of duty.

(f) All measures should be exercised so as not to expose the members of this program to any danger.

(g) Each chaplain is required to complete a minimum of four (4) hours of ride-along per month, in addition to other duties.

Limited English Proficiency Services

342.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

342.1.1 DEFINITIONS
Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Banning Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

342.2 POLICY
It is the policy of the Banning Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

342.3 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law
enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

342.4 TYPES OF LEP ASSISTANCE AVAILABLE
Banning Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

342.5 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

342.6 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

342.7 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to
communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

342.8 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

342.8.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
Limited English Proficiency Services

- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

342.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

342.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

342.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Banning Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

342.10.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language
Limited English Proficiency Services

is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

342.11 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary.

Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

342.12 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter
Limited English Proficiency Services

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

342.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

342.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

342.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

342.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
Limited English Proficiency Services

342.17 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

342.17.1 TRAINING FOR AUTHORIZED INTERPRETERS
All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

(e) Banning Police Officers will respond to animal bite complaints when Animal Control is unavailable, and gather information necessary for completion of the bite investigation. All animal bite investigations shall be reported on memorandum form.
(f) If an animal involved in the animal bite is not currently vaccinated for rabies, the animal will be quarantined at the Banning Animal Shelter or home of the dog owner.
(g) Riverside County is a designated rabies county. Animal bites involving non-domesticated animals shall be reported to the Public Health Services, Riverside County. Public Health Services will advise what procedures shall be followed.
Animal Complaints

343.4 BANNING POLICE DEPARTMENT PROCEDURES

(a) Animal complaints received during Animal Control work hours will be referred to Animal Control.

(b) Banning Police Department dispatcher takes the information from the complainant and verbally relays the information to Animal Control Officer.

(c) After handling the complaint, the Animal Control will provide the dispatcher with a disposition of the incident.

1. The Banning Police Department may not respond to an animal complaint when the Animal Control Officer is on duty. Some exceptions could include:
   (a) Dog bites;
   (b) Animal cruelty; and
   (c) Urgent situations (vicious animals, rabid animals, etc.) where an Animal Control Officer is not immediately available.

(d) Animal complaints received after Animal Control working hours. During hours when Animal Control is off-duty or is otherwise unavailable, the following animal related calls for service will be handled by the appropriate on-duty officer.

   (a) On routine complaints, an Animal Control Incident will be prepared and the information will be forwarded to the Animal Control to handle on its next work day. Emergency complaints will be referred to an off-duty ACO via a Banning Police Department Supervisor.

   (b) Officers may be dispatched to animal related calls and should take appropriate actions to control the situation until the arrival of an ACO. Due to the hazards of handling animals without proper equipment, responding officers generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of the ACO. The following are examples of when an officer should consider acting before the arrival of the ACO:

      (a) When there is a threat to the public safety.
      (b) When animal has bitten someone, officers should take measures to confine the animal and prevent further injury.
      (c) When an animal is creating a traffic hazard.
      (d) When the owner/handler has been arrested and there is no other alternative placement for the animal.
      (e) When the animal is gravely injured.

   (c) Injured Domesticated Animals When any injured domesticated animal is brought to the attention of a member of this agency, all reasonable attempts shall...
be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, it shall be taken to a doctor of veterinary medicine as described below (Penal Code § 597.1(b)).

(a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.

(b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency and Critical Care Services Clinic.

(c) The only exception to the above is when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.

(a) When the need to kill a seriously injured or dangerous animal is necessary, the department Firearms and Qualification Policy shall be followed. The decision to dispose of a seriously injured animal will rest with the on-duty [Watch Commander].

(d) Injured wildlife should be referred to the SPCA, Marine Mammal Center or Department of Fish and Game Wildlife as applicable. The SPCA will not pick up common pigeons (red legs), starlings, bats or skunks.

(e) When handling dead or injured animals department employees shall attempt to identify and notify the owner of the final disposition of the animal.

(f) Each incident shall be documented and, at minimum, include the name of the reporting party and veterinary hospital and/or person to whom the animal is released. If the ACO is off duty, the information will be forwarded for follow-up.

(d) Reporting Requirements

(a) A Banning Police Department Crime Report may be required on some animal cruelty cases and on any other criminal offenses involving animals.

343.5 DESTRUCTION OF DANGEROUS ANIMALS
When it becomes necessary to destroy a gravely injured or dangerous animal, it shall be the policy of the Banning Police Department to use the safest and most humane method possible.

343.5.1 BACKGROUND

(a) Police agencies and Animal Control Units are called upon from time to time to humanely destroy injured or dangerous animals by use of a firearm.

(b) Many times an injured and/or dangerous animal is encountered in an area where discharge of a firearm would be dangerous to nearby persons and/or property. Thus,
shooting of such an animal should occur only as a last resort, pursuant to the provisions of this General Order.

343.5.2 GENERAL CONSIDERATIONS

(a) In most cases, the officer will utilize small caliber to dispatch the animal.

(b) No ammunition other than departmental approved will be used in the dispatching of any injured and/or dangerous animals by any on-duty member of the Banning Police Department.

343.6 PROCEDURES

343.6.1 INITIAL NOTIFICATION - SCENE FOLLOW-UP

(a) The dispatcher, upon being advised by the field officer at the scene that an animal should be destroyed at the scene, shall immediately notify the on-duty supervisor or the on-call supervisor.

(b) The on-duty supervisor shall immediately respond to the scene and contact the field officer in charge or responsible for the scene.

(c) The supervisor shall assess the situation and make the determination regarding the appropriate disposition of the animal. The supervisor may consult an Animal Control Officer and/or animal owner for advice and preferences regarding the disposition of the animal.

(d) The supervisor shall determine if the animal shall be destroyed by the use of a firearm at the scene or transported to the Banning Police Department Range.

343.6.2 DISPATCHING OF ANIMAL

If the supervisor determines that the animal shall be destroyed by use of a firearm, he/she shall see that the following is carried out:

(a) Clear the Immediate area of all bystanders

(b) Determine projectile exit path when necessary

(c) Position City police units so as to protect against any type of ricochets that may occur,

(d) Determine the type of weapon and ammunition that shall be used,

(e) The supervisor, or his/her designee, shall dispatch the animal. If a designee is used, he shall be under the direct supervision of the supervisor and,

(f) The dispatched animal shall be removed from the scene as soon as possible by the Animal Control Unit, Public Works and/or the officers at the scene. Large animals, such as deer or horses, shall be moved to the shoulder of the road or to another place so as not to create a safety hazard or unsightly scene.
1. Note: If a supervisor is not on duty, the on-call supervisor may designate an on-duty officer to accomplish the above. The on-call supervisor may respond to the scene if he/she feels the situation requires the presence of a supervisor.

(g) Arrangement with victim to put animals to sleep should be noted.

(h) Follow-up Notification - An incident report shall be completed by the initial officer and shall contain a detailed account of the following:

1. Why it was necessary to dispatch the animal by firearm,
2. Type of weapon used,
3. Type of ammunition used,
4. Officer who dispatched the animal,
5. Disposition of animal, and
6. Any other pertinent information that should be a part of the official record.
Communications with Persons with Disabilities

344.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

344.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

344.2 POLICY
It is the policy of the Banning Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The [Department/Office] will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

344.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the City ADA coordinator regarding the Banning Police Department's efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
Communications with Persons with Disabilities

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to [department/office] services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
   1. Contact information
   2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to [department/office] services, programs and activities.

344.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this [department/office] should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.
344.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual’s choice of auxiliary aid or service.

The individual’s preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual’s preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Banning Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

344.6 TYPES OF ASSISTANCE AVAILABLE
Banning Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The [Department/Office] will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The [Department/Office] will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept [department/office]-provided auxiliary aids or services or they may choose to provide their own.
Communications with Persons with Disabilities

[Department/Office]-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

344.7 AUDIO RECORDINGS AND ENLARGED PRINT
The [Department/Office] may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

344.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use [department/office]-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

344.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.
Communications with Persons with Disabilities

The [Department/Office] will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

344.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the [Department/Office] to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, [department/office] members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

344.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

344.12 REPORTING
Whenever any member of this [department/office] is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the [Department/Office] or some other identified source. If the individual’s express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.
Communications with Persons with Disabilities

344.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The [Department/Office] recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this [department/office]. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

344.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

344.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this [department/office] will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the
Communications with Persons with Disabilities

individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

344.15 ARREST AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use [department/office]-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

344.16 COMPLAINTS
The [Department/Office] shall ensure that individuals with disabilities who wish to file a complaint regarding members of this [department/office] are able to do so. The [Department/Office] may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the [department/office] ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this [Department/Office].

344.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this [department/office] are important to the ultimate success of more traditional law enforcement duties. This [department/office] will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
Communications with Persons with Disabilities

344.18 TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include: The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers. ASL syntax and accepted abbreviations. Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls. Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones. Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.
Mandatory Employer Notification

345.1 PURPOSE AND SCOPE
The purpose of this policy is to describe the requirements and procedures to follow when a public or private school employee (teacher and non-teacher) has been arrested under certain circumstances.

345.2 MANDATORY SCHOOL EMPLOYEE ARREST REPORTING
In the event a school employee is arrested for any offense enumerated below, the Chief of Police or his/her designee is required to report the arrest as follows.

345.2.1 ARREST OF PUBLIC SCHOOL TEACHER
In the event a public school teacher is arrested for any controlled substance offense enumerated in Health and Safety Code § 11590 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290, Penal Code § 261(a) or Education Code § 44010, the Chief of Police or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the teacher and to immediately give written notice of the arrest to the Commission on Teacher Credentialing and to the superintendent of schools in the county where the person is employed (Health and Safety Code § 11591; Penal Code § 291).

345.2.2 ARREST OF PUBLIC SCHOOL NON-TEACHER EMPLOYEE
In the event a public school non-teacher employee is arrested for any controlled substance offense enumerated in Health and Safety Code § 11590 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290, Penal Code § 261(a) or Education Code § 44010, the Chief of Police or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the non-teacher and to immediately give written notice of the arrest to the governing board of the school district employing the person (Health and Safety Code § 11591; Penal Code § 291).

345.2.3 ARREST OF PRIVATE SCHOOL TEACHER
In the event a private school teacher is arrested for any controlled substance offense enumerated in Health and Safety Code § 11590 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290 or Education Code § 44010, the Chief of Police or his/her designee is mandated to immediately notify by telephone the private school authority employing the teacher and to immediately give written notice of the arrest to the private school authority employing the teacher (Health and Safety Code § 11591; Penal Code § 291.1).
345.2.4 ARREST OF COMMUNITY COLLEGE INSTRUCTOR
In the event a teacher or instructor employed in a community college district school is arrested for any controlled substance offense enumerated in Health and Safety Code § 11590 or Health and Safety § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(9), or for any of the offenses enumerated in Penal Code § 290 or in Penal Code § 261(a)(1), the Chief of Police or the authorized designee is mandated to immediately notify by telephone the superintendent of the community college district employing the person, and shall immediately give written notice of the arrest to the California Community Colleges Chancellor’s Office (Health and Safety Code § 11591.5; Penal Code § 291.5).

345.3 POLICY
The Banning Police Department will meet the reporting requirements of California law to minimize the risks to children and others.

345.4 ARREST OF PERSONS EMPLOYED IN COMMUNITY CARE FACILITIES
In the event an employee of a community treatment facility, a day treatment facility, a group home, a short-term residential therapeutic program or a foster family agency is arrested for child abuse (as defined in Penal Code § 11165.6) and the employee is free to return to work where children are present, the investigating member shall notify the licensee of the charge of abuse (Health and Safety Code § 1522.2).
Biological Samples

346.1 PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

346.2 POLICY
The Banning Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

346.3 PERSONS SUBJECT TO DNA COLLECTION
Those who must submit a biological sample include (Penal Code § 296):

(a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.
(b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.
(c) An adult arrested or charged with any felony.

346.4 PROCEDURE
When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

346.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.
(b) Verify that a biological sample has not been previously collected from the offender by querying the individual’s criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
(c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.
346.5 USE OF FORCE TO OBTAIN SAMPLES
If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

(a) The person’s parole or probation officer when applicable.
(b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
(c) The judge at the person’s next court appearance.
(d) The person’s attorney.
(e) A chaplain.
(f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
(g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

346.5.1 VIDEO RECORDING
A video recording should be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department’s records retention schedule (15 CCR 1059).

346.5.2 CELL EXTRACTIONS
If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

346.6 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

346.6.1 DOCUMENTATION RELATED TO FORCE
The Watch Commander shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.
346.6.2 BLOOD SAMPLES
A blood sample should only be obtained under this policy when:

(a) The California DOJ requests a blood sample and the subject consents, or
(b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

346.6.3 LITIGATION
The Chief of Police or authorized designee should notify the California DOJ’s DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state’s DNA Data Bank Program.
Publication of Information Regarding Victim of Sex Offenses

347.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the reporting of sex offenses as required by Penal Code § 293. Penal Code § 293 requires:

(a) "That any employee of a law enforcement agency who personally receives a report from any person, alleging that the person making the report has been the victim of a sex offense shall inform that person that his or her name will become a matter of public record unless he or she requests that it not become a matter of public record, pursuant to § 6254 of the Government Code.

(b) Any written report of an alleged sex offense shall indicate that the alleged victim has been properly informed pursuant to § (a) and shall memorialize his or her response.

(c) No law enforcement agency shall disclose to any person, except the prosecutor, parole officers of the Department of Corrections, hearing officers of the parole authority, or other persons or public agencies where authorized or required by law, the address of a person who alleges to be the victim of a sex offense.

(d) No law enforcement agency shall disclose to any person, except the prosecutor, parole officers of the Department of Corrections, hearing officers of the parole authority, or other persons or public agencies where authorized or required by law, the name of a person who alleges to be a victim of a sex offense, if that person has elected to exercise his or her right pursuant to Penal Code § 293 and § 6254 of the Government Code.

Range Rules

348.1 PURPOSE AND SCOPE
The purpose of this policy is to help facilitate firearms range safety along with providing protocol for personnel attending or present during firearms training conducted by the Banning Police Department. It is the intent of this policy to provide for a safe environment while conducting firearms training.

348.1.1 PROCEDURE
During any firearms training, Banning Police Department employees shall wear the following protective items while on the firing line:

• Approved eye protection
• Approved hearing protection
• Department issued protective vest

No unauthorized personnel, officer or civilian, will be allowed to be present during firearms training without the expressed permission of the Banning Police Department Administrative Staff. In addition, all persons authorized to be present during firearms training will be required to wear approved safety equipment.

348.2 RANGE STAFF RESPONSIBILITY
The range staff is responsible for firearms safety at the range. Two range staff members should be present during training to facilitate training and maintain safety guidelines. During range operations if any personnel continually violate range rules or safety guidelines, range staff have the authority to remove them from the range. Should range staff find it necessary to have an employee removed from the range, they will immediately contact Police Administration and inform them of the circumstances of the event. In addition, range staff will:

• Ensure all personnel have approved safety equipment
• Firearms and equipment function properly
• Ensure no unauthorized individuals are present during training

348.3 OFFICER RESPONSIBILITY
It will be the responsibility of the individual officer to ensure, when responding to firearms training, they have their department issued protective vest and any additional equipment, as directed.

348.4 GENERAL RANGE SAFETY GUIDELINES
Upon arrival at the range, firearms will be loaded/unloaded, in a safe manner, at the direction of range staff.

All firearms will be considered loaded until physically and visually inspected.
Range Rules

Routine firearms cleaning will not be permitted during firearms training.

Strict discipline shall be maintained by all personnel while at the range. In addition the following safety guidelines apply:

- Always point the muzzle in a safe direction; never point a firearm at anyone or anything you do not want to shoot.
- Treat every firearm as if it were loaded.
- Keep your finger off the trigger and outside the trigger guard until you are ready to shoot.
- Keep the action open and the gun unloaded until you are ready to use it.
- Before handling any firearm, understand its operation.
- Never rely on any mechanical device for safety.
- Never joke around or engage in horseplay while handling or using firearms.
- If you see unsafe behavior any time when firearms are being handled or used, speak up and take action to correct the unsafe behavior at once.
- At the range, personnel shall obey the commands of the range staff, or any individual calling "cease fire," at once.
- Circumstances may require additional safety rules unique to a particular situation and/or training exercise.

348.5 RANGE RELATED INJURIES

Personnel sustaining any injury (s) at the range shall immediately notify the range staff. Range staff shall immediately notify police administration of the injury and ensure the required forms are completed to document the employee's injury and how it occurred.
Child and Dependent Adult Safety

349.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this [department/office] (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

349.2 POLICY
It is the policy of this [department/office] to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Banning Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

349.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
349.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

349.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).
If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

349.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

349.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

349.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or [department/office] adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.
Child and Dependent Adult Safety

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

349.5 TRAINING
The Training Sergeant is responsible to ensure that all personnel of this [department/office] who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Service Animals

350.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

350.1.1 DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual’s disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

350.2 POLICY
It is the policy of the Banning Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

350.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with...
Service Animals

schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

350.4 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Banning Police Department affords to all members of the public (28 CFR 35.136).

350.4.1 INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

350.4.2 CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

350.4.3 REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

350.4.4 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service
Service Animals

animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Off-Duty Law Enforcement Actions

352.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Banning Police Department with respect to taking law enforcement action while off-duty.

352.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

352.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed any amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer’s senses or judgment.

352.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
**Off-Duty Law Enforcement Actions**

(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

352.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Banning Police Department officer until acknowledged. Official identification should also be displayed.

352.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

352.4.3 NON-SWORN RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

352.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

352.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Members should be provided with opportunities on a regular basis to share information during the daily [briefing]s and to attend [briefing]s of other divisions or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with [department/office] policies and applicable laws. Members are encouraged to share information with other units and divisions.

Traffic Stop Procedure

402.1 PURPOSE AND SCOPE
To establish policy and procedure guidelines for the advisement and clearing or all traffic stops made by officers of the Banning Police Department.

402.2 POLICY

402.3 DEFINITION
A traffic stop is an action taken by a Sworn member of this department, while on duty in an authorized emergency vehicle that results in the lawful detention of a motorist.

402.4 PROCEDURES
- When an officer makes a traffic stop, the officer will advise the Public Safety Dispatcher (PSD) that the stop is being made. The officer will do this by either voice, via a police radio, or by typing the information into the unit's mobile data terminal (when installed). Information to be provided by the officer should include the location of the stop and the license plate of the vehicle. A record of the traffic stop will be made into the Computer Aided Dispatch System (CAD).

- When the officer completes the traffic stop, the officer will advise the PSD that the traffic stop is clear by transmitting the reason and disposition for the stop. The officer will do this by either voice, via the police radio, or by typing the same information into the unit's mobile data terminal (when installed).
Briefing Training

403.1 PURPOSE AND SCOPE
Briefing training is generally conducted at the beginning of the officer’s assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

403.3 DURATION
The pre-shift briefing should be completed in an expeditious manner in order to clear officers to begin their patrol duties. Any training conducted that prolongs briefing should be documented, including the topic covered and the duration.

404.3 SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

404.4 FIRST RESPONDER CONSIDERATIONS

Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

404.5.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

404.6 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Banning Police Department) (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.).

405.3 OFFICER’S RESPONSIBILITY
The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

(f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person
Hazardous Material Response

406.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

406.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).

(b) Notify the Fire Department.

(c) Provide first-aid for injured parties if it can be done safely and without contamination.

(d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.

(e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).

(f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

406.3 REPORTING EXPOSURE(S)
Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.
Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

406.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.
Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS
Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is:

   (a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

   (b) Unlawfully held against his/her will under threat or actual use of force.

407.2 POLICY
It is the policy of the Banning Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, [department/office]-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS
Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,
Hostage and Barricade Incidents

or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

(a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),

(b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and

(c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).

(d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.

(e) The contents of any oral communications overheard are recorded on tape or other comparable device.

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
Hostage and Barricade Incidents

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the [Department/Office], such as command officers and the Press Information Officer ([PIO]).

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

407.4.2 HOSTAGE SITUATION
Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.
Hostage and Barricade Incidents

(g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the [Department/Office], such as command officers and the [PIO].

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a [Crisis Response Unit] ([CRU]) response if appropriate and apprising the [CRU] Commander of the circumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).

1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the [Department/Office] obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be
submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.

(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.

(i) Identify a media staging area outside the outer perimeter and have the [department/office] Press Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

407.6 [CRU] RESPONSIBILITIES
The Incident Commander will decide, with input from the [CRU] Commander, whether to deploy the [CRU] during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the [CRU] Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the [CRU]. The Incident Commander and the [CRU] Commander or the authorized designee shall maintain communications at all times.

407.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

408.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Banning Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY
It is the policy of the Banning Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT
Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 BANNING POLICE DEPARTMENT FACILITY
If the bomb threat is against the Banning Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a county or municipal facility within the jurisdiction of the Banning Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.
**Response to Bomb Calls**

**408.4.3 FEDERAL BUILDING OR PROPERTY**

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

**408.5 FOUND DEVICE**

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.

(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.

(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices

(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.

(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.

(f) A safe access route should be provided for support personnel and equipment.

(g) Search the area for secondary devices as appropriate and based upon available resources.

(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.

(i) Promptly relay available information to the Watch Commander including:
   1. The time of discovery.
   2. The exact location of the device.
   3. A full description of the device (e.g., size, shape, markings, construction).
   4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

408.6 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.6.1 CONSIDERATIONS
Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

408.6.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

408.6.3 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.
408.6.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

408.7 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the City of Banning, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting police assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.7.1 ASSISTANCE
The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
Response to Bomb Calls

1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.

2. The safety of all participants is the paramount concern.

(e) The need for additional resources, including:

1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.
Mental Illness Commitments

409.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

409.2 POLICY
It is the policy of the Banning Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

409.3 AUTHORITY
An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person
(b) A family member
(c) The person subject to the determination or anyone designated by the person

409.3.1 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
(b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

409.4 CONSIDERATIONS AND RESPONSIBILITIES
Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:
Mental Illness Commitments

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.
(b) Community or neighborhood mediation services.
(c) Conflict resolution and de-escalation techniques.
(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

409.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual’s personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

409.5 TRANSPORTATION
When transporting any individual for a 5150 commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

409.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.
Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION
The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.7.1 ADVISEMENT
The officer taking a person into custody for evaluation shall advise the person of:

(a) The officer’s name and agency.

(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.

(c) The name of the facility to which the person is being taken.

(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

409.8 CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
Mental Illness Commitments

(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.

(c) Facilitate the individual’s transfer to jail.

(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this [department/office] to regain custody of the individual, [department/office] resources (e.g., posting a guard) and other relevant factors in making this decision.

409.9 FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

409.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS
Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the [Department/Office] makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the [Department/Office] shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.
**Mental Illness Commitments**

**409.10 TRAINING**
This [department/office] will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.
Cite and Release Policy

410.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

410.2 POLICY
It is the policy of the Banning Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the [Department/Office]’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

410.3 RELEASE BY CITATION
Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

410.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

410.3.2 RELEASE AFTER BOOKING
In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

410.4 NON-RELEASE
410.4.1 DISQUALIFYING OFFENSES
An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
(b) Felony domestic battery (Penal Code § 273.5)
(c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
(d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
(e) Rape of a spouse (Penal Code § 262)
(f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person’s workplace or residence (Penal Code § 273.6)
(g) Stalking (Penal Code § 646.9)
(h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

410.4.2 REASONS FOR NON-RELEASE
A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the [Department/Office] and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
   1. The Banning Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
(c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
(d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).
(e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).

(f) The person could not provide satisfactory evidence of personal identification.

1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

(g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:

   (a) Previous failure to appear is on record

   (b) The person lacks ties to the area, such as a residence, job, or family

   (c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Bureau.

410.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence.

(b) The misdemeanor cited in the warrant involves a firearm.

(c) The misdemeanor cited in the warrant involves resisting arrest.

(d) The misdemeanor cited in the warrant involves giving false information to a peace officer.

(e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics.
Cite and Release Policy

(f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety.

(g) The person has other ineligible charges pending against him/her.

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.

(i) The person refuses to sign the notice to appear.

(j) The person cannot provide satisfactory evidence of personal identification.

(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

410.6 JUVENILE CITATIONS
Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Banning City codes

All other misdemeanor violations for juveniles shall be documented with a case number and appropriate paperwork and referred to the Records Bureau for filing and dissemination to the appropriate agencies.

410.7 REQUESTING CASE NUMBERS
Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.
Disturbance at Public Meetings

411.1 PURPOSE AND SCOPE
It is the policy of the Banning Police Department to assist the Mayor, City Manager, Commission Chairpersons, and City Department Heads to remove and/or arrest any person(s) at public meetings.

411.2 VIOLATIONS
Person(s) who disrupt or cause a disturbance at a public meeting are in violation of Penal Code § 403 and California Elections Code § 29440. Both of these sections are classified as misdemeanors.

411.2.1 PROCEDURES TO FOLLOW
When responding to a disturbance at a public meeting and criminal charges are requested following procedures shall be followed:

(a) Request that the meeting be recessed by the Mayor or Chairperson and members of the City Council or Commissioners leave the meeting.

(b) Request that the Mayor, Chairperson, or City Manager identify the person to be removed from the meeting.

(c) Remove the person(s) utilizing the least amount of force necessary to accomplish the task.

(d) If criminal charges are desired and the offense was not committed in the presence of a police officer, the Mayor, Chairperson, or City Manager will have to make a citizen's arrest.

(e) Once the citizen's arrest has been made, the officer(s) will have the discretion to cite and release or transport the person(s) to the Riverside County Jail.

(f) Complete all of the appropriate reports.

411.2.2 CRIMINAL CHARGES
If the Mayor, Commission Chairperson or City Manager does not wish to pursue criminal charges, the person(s) will be released, but warned about the possibility of arrest for returning and continuing to disrupt the meeting. All detained and released persons shall receive § 849(b) Penal Code notices.

411.3 CITY COUNCIL PROCEDURES

411.3.1 RIGHTS OF CITIZENS ATTENDING MEETINGS
Citizens have the right to attend the meetings of most governmental bodies and they may be permitted to address the body on subjects relevant to its business. However, citizens must observe all the rules and regulations of the body regarding attendance and addressing its members.
Disturbance at Public Meetings

Members of the public attending the meetings of governmental bodies do not have the right to interrupt or heckle. They have the right only to seek permission to be heard or to ask questions in accordance with whatever provisions for hearing public opinions or answering questions are fixed by law or have been adopted as rules of the body. They have the right to submit written petitions, protests, and requests for hearings.

411.3.2 LEGAL SOURCES

(a) California Penal Code - § 403. This section reads, "Every person who, without authority of law, willfully disturbs or breaks up any assembly or meeting, not unlawful in its character, other than such mentioned in § 302 of the Penal Code and § 29440 of the Elections Code, is guilty of a misdemeanor." § 302 of the Penal Code refers to disturbing a religious meeting.

(b) Elections Code - § 29440. This section reads, "Every person who, by threats, intimidations, or unlawful violence willfully hinders or prevents electors from assembling in public meetings for consideration of public questions is guilty of a misdemeanor."

411.3.3 PROCEDURES

In the event the Mayor wants an individual removed from a public meeting, for a violation of the above laws, and requests Police Department assistance, the following procedures are recommended:

(a) The following warnings shall be given:

1. Mr/Mrs. (Identify by name if known; if not, refer to “Sir/Madam”). Your conduct is disturbing the meeting. If you persist in your behavior, I shall order that you be taken into custody.

2. If the disturbance continues a second warning shall be given stating, “Your conduct makes it impossible for this meeting to continue. You must remain seated and silent unless recognized by the chair, or you will be taken into custody.”

(b) The Mayor recesses the City Council meeting. This procedure is important if criminal charges are to be pursued.

(c) All Council Members leave the Council Chambers (To the City Manager's Office or Conference Room).

(d) Upon the arrival of the police officers, the City Manager will identify the person(s) to be removed, and inform the police officers if criminal charges are desired.

(e) The police officers will take control and use as much time as necessary to remove the person(s), utilizing the least amount of force.
(f) Once the person(s) have been removed, and the Council Chambers secured, a police officer will inform the City Manager and request that a citizen’s arrest procedure take place, and that the appropriate forms be signed by the Mayor or City Manager.

(g) The City Manager shall inform the Mayor that the City Council has been cleared of the disruption, and that the Council Meeting can be reconvened.
Foreign Diplomatic and Consular Representatives

412.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Banning Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

412.1.1 DEFINITIONS
Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State’s Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

412.2 POLICY
The Banning Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

412.3 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.
(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.
Foreign Diplomatic and Consular Representatives

(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.

412.4 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.

1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

1. Diplomatic-level staff of missions to international organizations and recognized family members
2. Diplomatic agents and recognized family members
3. Members of administrative and technical staff of a diplomatic mission and recognized family members
4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:
Foreign Diplomatic and Consular Representatives

1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
2. Support staff of missions to international organizations
3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
4. Honorary consular officers
5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.

412.5 DOCUMENTATION
All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

413.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

413.2 POLICY
The Banning Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the [Department/Office] in protecting themselves or others from death or serious injury.

413.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.
Rapid Response and Deployment

(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

413.4 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

413.5 PLANNING
The Patrol Division Lieutenant should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.
413.6 TRAINING
The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
   1. This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).
Illegal Auto Sales

414.1 PURPOSE AND SCOPE
The purpose of this General Order is to establish a Department Procedure for the proper handling of illegal auto sales in the City of Banning.

414.1.1 PROCEDURES
This policy outlines the procedures for dealing with automobiles being sold upon or within the limits of a parcel of land, that is vacant or upon which are present only vacant structure(s), by any person other than the owner of such parcel.

(a) COURSE OF ACTION

1. Officer sees an auto for sale on a parcel of land that is vacant or upon which are present only vacant structure(s).

2. Officer calls the phone number on the window and confirms the person on the phone is the owner of the vehicle and not the owner of the land. (Officer confirms through RIMS that the owner has not received a previous warning regarding the noted BMC sections.)

3. Officer advises the owner to immediately respond to the location and remove the vehicle. Officer advises owner that if the vehicle is not removed from the location within two hours they can be cited and their vehicle impounded.

4. When the owner arrives, the officer shall verbally warn them of the noted violations and provide them with a written copy of the BMC sections. The officer will ensure the vehicle is moved. BMC 11C-8.1 - Parking or Placement on private property for purpose of sale. BMC 12-4(a) - Business tax payment required.

5. Officer enters FI into RIMs documenting the warning with the owner's personnel information and information on the vehicle that was for sale.

6. If the officer determines the owner has already received a warning the officer will issue a citation for the noted violations and ensure the car is moved. Further disobedience of the noted BMC sections will require the officer to cite the owner of the vehicle for each new violation.

7. In the event an owner is not verbally contacted, via the phone number left on the car, and the car is parked at the location over 2 hours, the officer may impound the vehicle under Vehicle Code § 22655.5 with Watch Commander approval. The officer will leave a message for the owner on an answering machine if available advising them that if their vehicle is not moved from the location within two hours it is subject to being towed and impounded.
8. An officer may also impound the vehicle at the Watch Commander's discretion if the owner was personally contacted by the officer but fails to respond to the location to remove the car within 2 hours.

9. The officer will complete a citation for the owner with as much information as possible and then attach the citation to the CHP 180 kept on file at the front window of the police department. When the owner arrives at the police department to remove the vehicle from impound the citation will be completed and issued by the releasing officer and submitted to records for processing along with the original officer's report.

414.2 PAPERWORK & EVIDENCE
A written report must be completed and submitted with each cite. The report shall include the words spoken in the phone call with the owner of the vehicle, copy of the citation, photo of the vehicle showing it was for sale at the location, DMV printout of the car, and DMV printout of the person cited. The reports will be filed through the Banning Court and a copy will be sent Attention to Banning City Attorney, c/o Burke, Williams & Sorensen, LLP, 611 West Sixth Street, Suite 2500, Los Angeles, CA 90017.

414.3 CITE DATES
Cite all offenders for this offense to the Banning Court on the third Thursday of the month. If you cite an offender within 10 days of the noted date then cite them to the third Thursday of the following month. The City Attorney will come into court and prosecute our cases.
Immigration Violations

415.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Banning Police Department relating to immigration and interacting with federal immigration officials.

415.1.1 DEFINITIONS
The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

415.2 POLICY
It is the policy of the Banning Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this [department/office] in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

415.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or California constitutions.

415.4 IMMIGRATION INQUIRIES PROHIBITED
Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

415.5 DETENTIONS AND ARRESTS
An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6). An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify...
whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

415.5.1 SUPERVISOR RESPONSIBILITIES
When notified that an officer has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.
(b) Transfer the person to jail.

415.6 FEDERAL REQUESTS FOR ASSISTANCE
Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this department/office should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

415.7 INFORMATION SHARING
No member of this department/office will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

(a) Sending information to, or requesting or receiving such information from federal immigration officials
(b) Maintaining such information in department/office records
(c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

415.7.1 IMMIGRATION DETAINERS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).
Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

(a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).

(b) The individual has been arrested and had a judicial probable cause determination for a felony punishable by time in a state prison.

(e) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

415.7.2 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the Banning Police Department intends to comply with the request (Government Code § 7283.1).

If the Banning Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

415.7.3 ICE INTERVIEWS

Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Banning Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

415.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES

Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

(a) Transfer is authorized by a judicial warrant or judicial probable cause determination.

(b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).

(c) The individual is a current registrant on the California Sex and Arson Registry.
Immigration Violations

(d) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

415.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Detective Bureau supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Records Supervisor for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the Records Bureau Policy).

415.8 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Bureau supervisor assigned to oversee the handling of any related case. The Detective Bureau supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

(e) Inform the victim liaison of any requests and their status.

415.8.1 TIME FRAMES FOR COMPLETION
Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).
Immigration Violations

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 90 days of a request from the victim or victim’s family related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within 14 days of the request.

415.8.2 REPORTING TO LEGISLATURE
The Detective Bureau supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).
Emergency Utility Service

416.1 PURPOSE AND SCOPE
The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

416.1.1 BROKEN WATER LINES
The City’s responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by Dispatch.

416.1.2 ELECTRICAL LINES
When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The City of Banning Electric Department should be promptly notified, as appropriate.

416.1.3 RESERVOIRS, PUMPS, WELLS, ETC.
The City of Banning Water Department maintains the city reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

416.1.4 EMERGENCY NUMBERS
A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Dispatch.

416.2 TRAFFIC SIGNAL MAINTENANCE
The City of Banning Street Department will furnish maintenance for all traffic signals within the city, other than those maintained by the State of California.

416.2.1 OFFICER'S RESPONSIBILITY
Upon observing a damaged or malfunctioning signal, the officer will advise the Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.
Aircraft Accidents

417.1 PURPOSE AND SCOPE
The purpose of this policy is to provide [department/office] members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

417.1.1 DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

417.2 POLICY
It is the policy of the Banning Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

417.2.1 DISPATCH RESPONSIBILITIES
Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

(a) Banning Fire Department
(b) Banning Airport Manager
(c) Closest military base if a military aircraft is involved
(d) Ambulances or other assistance as required

When an aircraft accident is reported to the Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact the Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB.

417.2.2 RECORDS SUPERVISOR RESPONSIBILITIES
The Records Manager is responsible for the following:

(a) Forward and maintain an approved copy of the accident report to the California Department of Aeronautics
(b) Forward a copy of the report to the Patrol the manager of the affected airport
Aircraft Accidents

417.3 ARRIVAL AT SCENE
Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

417.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

417.5 NOTIFICATIONS
When an aircraft accident is reported to this [department/office], the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

417.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) [Medical Examiner/JOP].
(d) Air Carrier/Operators investigative teams with NTSB approval.
Aircraft Accidents

(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this [department/office] will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene [department/office] supervisor should ensure the accident is still appropriately investigated and documented.

417.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
(c) Fluids, batteries, flares and igniters.
(d) Evacuation chutes, ballistic parachute systems and composite materials.

417.8 DOCUMENTATION
All aircraft accidents occurring within the City of Banning shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of BPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

417.8.1 WRECKAGE
When reasonably safe, members should:

(a) Obtain the aircraft registration number (N number) and note the type of aircraft.
(b) Attempt to ascertain the number of casualties.
(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.

1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
Aircraft Accidents

(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.

(e) Acquire copies of any recordings from security cameras that may have captured the incident.

417.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

(a) The location of the witness at the time of his/her observation relative to the accident site.

(b) A detailed description of what was observed or heard.

(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.

(d) The names of all persons reporting the accident, even if not yet interviewed.

(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

417.9 MEDIA RELATIONS

The Press Information Officer ([PIO]) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The [PIO] should coordinate with other involved entities before the release of information.

418.5 REQUIRED TRAINING
Entry level officers shall be required to successfully complete the Field Training Program, consisting of a minimum of 10 weeks (11 CCR 1004; 11 CCR 1005).

The training period for a lateral officer may be modified depending on the trainee’s demonstrated performance and level of experience. A lateral officer may be exempt from the Field Training Program requirement if the officer qualifies for an exemption as provided in 11 CCR 1005(a)(B).

To the extent practicable, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts, and geographical areas during their Field Training Program.

418.5.1 FIELD TRAINING MANUAL
Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Banning Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules, and regulations adopted by the Banning Police Department.

418.6 EVALUATIONS
Evaluations are an important component of the training process and shall be completed as outlined below.
**Field Training Officer Program**

418.7 DOCUMENTATION  
All documentation of the Field Training Program will be retained in the officer’s training files and will consist of the following:

(a) Daily Trainee Performance Evaluations

(b) End-of-phase evaluations

(c) A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training
Obtaining Air Support

419.1 PURPOSE AND SCOPE
The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

419.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

419.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval by the Watch Commander, any supervisor, or the Detective Sergeant to request helicopter assistance, the authorizing supervisor or his/her designee will call the Riverside or San Bernardino Sheriff Department depending on which agency may have the closest helicopter support available. The individual making the request will apprise that agency of the specific details of the incident prompting the request.

419.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Police helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements
(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
(e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.
Contacts and Temporary Detentions

420.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

420.1.1 DEFINITIONS
Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

420.2 POLICY
The Banning Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.
Contacts and Temporary Detentions

420.3 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Banning Police Department to strengthen community involvement, community awareness, and problem identification.

420.3.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
(b) Actions suggesting that he/she is engaged in a criminal activity
(c) Presence in an area at an inappropriate hour of the day or night
(d) Presence in a particular area is suspicious
(e) Carrying of suspicious objects or items
(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
(g) Location in proximate time and place to an alleged crime
(h) Physical description or clothing worn that matches a suspect in a recent crime
(i) Prior criminal record or involvement in criminal activity as known by the officer

420.4 PAT-DOWN SEARCHES
Once a valid stop has been made, and consistent with the officer’s training and experience, an officer may pat a suspect’s outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
Contacts and Temporary Detentions

(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

420.5 FIELD PHOTOGRAPHS
All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

420.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

420.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

420.5.3 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

(a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Bureau.
When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

420.5.4 SUPERVISOR RESPONSIBILITIES
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

420.6 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Banning Police Department members.
   1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.
Criminal Organizations

421.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Banning Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

421.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

421.2 POLICY
The Banning Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this [department/office] to collect and share relevant information while respecting the privacy and legal rights of the public.

421.3 CRIMINAL INTELLIGENCE SYSTEMS
No [department/office] member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for [department/office] use.

Any criminal intelligence system approved for [department/office] use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for [department/office] use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.
(b) Use of every criminal intelligence system is appropriately reviewed and audited.
(c) Any system security issues are reasonably addressed.

421.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this [department/office], such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records
Criminal Organizations

Banning Police Department
Banning PD Policy Manual

Criminal Organizations

Bureau. Any supporting documentation for an entry shall be retained by the Records Bureau in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

421.3.2 GANG DATABASES
The Chief of Police may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database.

It is the gang unit supervisor’s responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate or affiliate in a shared gang database; or submitting a document to the Attorney General’s office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate or affiliate in a shared gang database accessible by the [department/office], the basis for that designation and the name of the agency that made the designation. The [department/office] shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the [department/office]’s decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The gang unit supervisor should forward reports or FIs to the Records Bureau after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.
It is the responsibility of the Records Bureau supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

421.4 TEMPORARY INFORMATION FILE
No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the [department/office]-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

421.4.1 FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Must only be included upon documented authorization of the responsible [department/office] supervisor.
(b) Should not be originals that would ordinarily be retained by the Records Bureau or Evidence Room, but should be copies of, or references to, retained documents such as copies of reports, FI forms, Dispatch records or booking forms.
(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

421.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

421.5 INFORMATION RECOGNITION
[Department/Office] members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:
Criminal Organizations

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

[Department/Office] supervisors who utilize an authorized criminal intelligence system should work with the Training Sergeant to train members to identify information that may be particularly relevant for inclusion.

421.6 RELEASE OF INFORMATION

[Department/Office] members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to [department/office] members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

421.7 CRIMINAL STREET GANGS

The Detective Bureau supervisor should ensure that there are an appropriate number of [department/office] members who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
   1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
   2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
   3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).

(b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.

(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.
Criminal Organizations

421.7.1  CAL GANG SYSTEM

Access to the system is designated to those assigned to Gang Investigations and officers that have received training on the system only.

Information obtained through the Cal-Gang System is to be used in accordance with the guidelines set forth by the Administrators. Under no circumstances is any information that is obtained from the system and/or any reference made about the system, to be included in any type of investigative report.

Any requests for information on the system, its contents and usage by this department is to be referred to San Bernardino County Sheriff's Department All subpoenas and/or written requests from anyone other than a bona-fide Law Enforcement agency are not to be accepted and referred to the San Bernardino County Sheriff's Department.
Watch Commanders

422.1 PURPOSE AND SCOPE
Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

422.2 DESIGNATION AS ACTING WATCH COMMANDER
When a Master Sergeant or Staff Sergeant is unavailable for duty as Watch Commander, a Junior Sergeant shall be designated as acting Watch Commander.
Mobile Audio/Video

423.1  PURPOSE AND SCOPE
The Banning Police Department has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

423.1.1  DEFINITIONS
Definitions related to this policy include:

Activate  - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio/Video (MAV) system  - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician  - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media  - Audio-video signals recorded or digitally stored on a storage device or portable media.

423.2  POLICY
It is the policy of the Banning Police Department to use mobile audio and video technology to more effectively fulfill the [department/office]'s mission and to ensure these systems are used securely and efficiently.

423.3  OFFICER RESPONSIBILITIES
Prior to going into service, each officer will ensure the unit's MAV is functioning properly and there is sufficient recording time available for the officer's activity during his/her shift. Officers shall test the MAV system by recording his/her name, union number and the current date and time at the start and again at the end of each shift. If the video portion of the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service. If the audio portion of the system is not working properly, the officer shall equip themselves with a departmentally issued audio/digital recorder, per policy § 450.2, and shall use such device when the MAV system is recording.

423.4  ACTIVATION OF THE MAV
The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.
423.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

(a) All field contacts involving actual or potential criminal conduct within video or audio range:
   1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
   2. Priority responses
   3. Vehicle pursuits
   4. Suspicious vehicles
   5. Arrests
   6. Vehicle searches
   7. Physical or verbal confrontations or use of force
   8. Pedestrian checks
   9. DWI/DUI investigations including field sobriety tests
   10. Consensual encounters
   11. Crimes in progress
   12. Responding to an in-progress call

(b) All self-initiated activity in which an officer would normally notify Dispatch

(c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
   1. Domestic violence calls
   2. Disturbance of peace calls
   3. Offenses involving violence or weapons

(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

(e) Any other circumstance where the officer believes that a recording of an incident would be appropriate
423.4.2 CESSATION OF RECORDING
Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person’s attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

423.4.3 WHEN ACTIVATION IS NOT REQUIRED
Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this [department/office] may surreptitiously record a conversation of any other member of this [department/office] except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

423.4.4 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Dispatch.

At reasonable intervals, supervisors should validate that:

(a) Beginning and end-of-shift recording procedures are followed.

(b) Logs reflect the proper chain of custody, including:
   1. The tracking number of the MAV system media.
   2. The date it was issued.
   3. The law enforcement operator or the vehicle to which it was issued.
   4. The date it was submitted.
   5. Law enforcement operators submitting the media.
   6. Holds for evidence indication and tagging as required.

(c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, [department/office]-involved collisions), a supervisor
shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

423.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the [Department/Office]. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the [department/office] MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

(a) For use when preparing reports or statements
(b) By a supervisor investigating a specific act of officer conduct
(c) By a supervisor to assess officer performance
(d) To assess proper functioning of MAV systems
(e) By [department/office] investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
(f) By [department/office] personnel who request to review recordings
(g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
(h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
(i) By the media through proper process or with permission of the Chief of Police or the authorized designee
(j) To assess possible training value
(k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer’s objection
Banning Police Department
Banning PD Policy Manual

Mobile Audio/Video

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Watch Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

423.6 DOCUMENTING MAV USE
If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation, indicating that the incident was recorded.

423.7 RECORDING MEDIA STORAGE AND INTEGRITY
Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of one year after which time it will be erased, destroyed or recycled in accordance with the established records retention schedule (Government Code § 34090.6).

423.7.1 COPIES OF ORIGINAL RECORDING MEDIA
Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

423.7.2 MAV RECORDINGS AS EVIDENCE
Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Banning Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

423.8 SYSTEM OPERATIONAL STANDARDS
(a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.

(b) The MAV system should be configured to minimally record for 30 seconds prior to an event.

(c) The MAV system may not be configured to record audio data occurring prior to activation.
423.9 MAV TECHNICIAN RESPONSIBILITIES
The MAV technician is responsible for:

(a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
(b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
   1. Ensures it is stored in a secure location with authorized controlled access.
   2. Makes the appropriate entries in the chain of custody log.
(c) Erasing of media:
   1. Pursuant to a court order.
   2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
(d) Assigning all media an identification number prior to issuance to the field:
   1. Maintaining a record of issued media.
(e) Ensuring that an adequate supply of recording media is available.
(f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the [department/office] evidence storage protocols and the records retention schedule.
Mobile Data Terminal Use

424.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between [department/office] members and Dispatch.

424.2 POLICY
Banning Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

424.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any [department/office] technology system (see the Information Technology Use Policy for additional guidance).

424.4 RESTRICTED ACCESS AND USE
MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Watch Commanders.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the [Department/Office]. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

424.4.1 USE WHILE DRIVING
Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.
Mobile Data Terminal Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

424.5 DOCUMENTATION OF ACTIVITY
Except as otherwise directed by the Watch Commander or other [department/office]-established protocol, all calls for service assigned by a [dispatcher should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a [dispatcher.
(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

424.5.1 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT when the vehicle is not in motion.

424.5.2 EMERGENCY ACTIVATION
If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

424.6 EQUIPMENT CONSIDERATIONS

424.6.1 MALFUNCTIONING MDT
Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify Dispatch. It shall be the responsibility of the [dispatcher to document all information that will then be transmitted verbally over the police radio.
424.6.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.
Portable Audio/Video Recorders

425.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to Banning Police Department authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

425.2 POLICY
The Banning Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

425.3 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

425.4 MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful.

When using a portable recorder, the assigned member shall record his/her name, BPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user’s unique identification and the date and time of each recording.

Members shall document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.
425.4.1 NON-CRIMINAL MATTERS
At any time that an officer reasonably believes that a recorded contact may be of benefit in a non-criminal matter (e.g. a hostile contact, etc.), the officer should place the entire recording into evidence for safekeeping.

   (a) Under such circumstances, the officer shall notify a supervisor of the existence of the recording as soon as practicable.

   (b) Recording(s) which have been placed into safekeeping shall be retained for a period of no less than 180 days or until the related matter has been closed (e.g. internal investigation, civil litigation, etc.).

425.4.2 SUPERVISOR RESPONSIBILITIES
Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

If supervisors do not take custody of the portable audio/video recording device, supervisors shall ensure officer(s) who possess the portable audio/video recording device download the data onto the department's authorized electronic recording storage server as soon as practicable.

In either case, if the downloaded data constitutes evidence in a criminal case, supervisors shall ensure the downloaded data is entered into evidence in accordance with the Computers and Digital Evidence Policy.

425.5 ACTIVATION OF THE PORTABLE RECORDER
This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

   (a) All enforcement and investigative contacts including stops and field interview (FI) situations

   (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops

   (c) Self-initiated activity in which a member would normally notify Dispatch

   (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same
Portable Audio/Video Recorders

criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

425.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER
Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

425.5.2 CESSATION OF RECORDING
Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person’s attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

425.5.3 EXPLOSIVE DEVICE
Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

425.6 PROHIBITED USE OF PORTABLE RECORDERS
Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements.
Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

Any member who may have questions regarding the application of this policy is encouraged to seek clarification from supervisory personnel.

425.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

All recordings made on a department issued portable audio/video recorder shall be downloaded onto the department’s authorized electronic recording storage server for retention using the department approved data/recording management software. If any downloaded data/recordings constitute evidence in a criminal case or is non-criminal in nature but needs to be entered into evidence for safekeeping, a copy of the original data/recordings shall be downloaded from the storage server using the data/recording management software and entered into evidence in accordance with the Computers and Digital Evidence Policy. Original data files/recordings shall not be downloaded to or stored on a department desktop or laptop computer.

Officers should download recordings from their department issued portable audio/video recorders on a daily basis or as soon as practicable after recording an incident containing information that constitutes evidence in a criminal matter. However, officers shall download all recordings on their portable audio/video recorders prior to their End of Watch (EOW) on the last day of their normal work week.

If a recording cannot be downloaded from a recording device, the officer shall place the entire recording device into evidence for safekeeping until such time the recording can be downloaded from the device. The Watch Commander shall notify Administration, via email, of the device being placed into evidence.

In the event a Watch Commander authorizes an officer to use a personal audio/video recording device while on duty, the officer shall download all work related recordings from the device on a daily basis, using a department computer, and enter them into evidence in accordance with the Computers and Digital Evidence Policy. After transferring the data/recordings into evidence, the officer shall delete the data/recordings from their personal audio/video recording device and the department computer used to complete the transfer. The use of personal audio/video devices on-duty is only authorized when no other means of recording an incident are available to the officer and they have received prior approval by the on-duty Watch Commander.

To assist with identifying and preserving data and recordings, members should tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.

(b) A complainant, victim or witness has requested non-disclosure.
Portable Audio/Video Recorders

(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
(d) Disclosure may be an unreasonable violation of someone’s privacy.
(e) Medical or mental health information is contained.
(f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member shall promptly notify a supervisor of the existence of the recording.

See attachment: 2017 Portable Audio-Video Recorders.pdf

425.8 RETENTION OF RECORDINGS
Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):
(a) Incident involving use of force by an officer
(b) Officer-involved shootings
(c) Incidents that lead to the detention or arrest of an individual
(d) Recordings relevant to a formal or informal complaint against an officer or the Banning Police Department

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

425.8.1 RELEASE OF AUDIO/VIDEO RECORDINGS
Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

425.9 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource. However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:
Portable Audio/Video Recorders

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Chief of Police or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by a designee determined by the Chief of Police prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

425.10 COORDINATOR

The Chief of Police or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

(a) Establishing a system for downloading, storing and security of recordings.

(b) Designating persons responsible for downloading recorded data.

(c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.

(d) Establishing a system for tagging and categorizing data according to the type of incident captured.

(e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.

(f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.

(g) Maintaining logs of access and deletions of recordings.
Medical Marijuana

426.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this [department/office] with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California’s medical marijuana laws.

426.1.1 DEFINITIONS
Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient’s housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).
426.2 POLICY
It is the policy of the Banning Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California’s medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Banning Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

426.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations when a medicinal claim is made by a cardholder.
(c) Investigations when a medicinal claim is made by a non-cardholder.

426.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

426.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER
A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.
(b) The card has been obtained or used by means of fraud.
(c) The person is otherwise in violation of the provisions of the MMP.
(d) The person possesses marijuana but not for personal medical purposes.
Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient’s medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

426.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER
No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient’s current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person’s claim of having a physician’s recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person’s medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician’s name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient’s needs (Health and Safety Code § 11362.77).

426.3.4 ADDITIONAL CONSIDERATIONS
Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

(a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
Medical Marijuana

4. Other relevant factors, such as available [department/office] resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient’s needs:

1. The amount of marijuana recommended by a medical professional to be ingested.
2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors.

(c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

(d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

426.3.5 EXCEPTIONS
This policy does not apply to, and officers should consider taking enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

(c) Smoking marijuana (Health and Safety Code § 11362.79):

1. In any place where smoking is prohibited by law.
2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
3. On a school bus.
4. While in a motor vehicle that is being operated.
5. While operating a boat.
Medical Marijuana

(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

426.3.6 INVESTIGATIONS INVOLVING A STATE LICENSEE
No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

426.4 FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

426.5 EVIDENCE ROOM SUPERVISOR RESPONSIBILITIES
The Evidence Room supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Evidence Room supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Evidence Room supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Evidence Room supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Bureau supervisor.
Foot Pursuits

427.1 PURPOSE AND SCOPE
This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

427.2 DECISION TO PURSUE
The safety of [department/office] members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and [department/office] members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place [department/office] members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.
(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
(e) Air support.
(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.
427.3 GENERAL GUIDELINES
When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory

(b) The officer is acting alone.

(c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.

(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.

(g) The officer loses radio contact with the [dispatcher or with assisting or backup officers].

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer definitely known.

(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to [department/office] members or the public if the suspect is not immediately apprehended.

(o) The officer’s ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.
427.4 RESPONSIBILITIES IN FOOT PURSUITS

427.4.1 INITIATING OFFICER RESPONSIBILITIES
Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the [dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

427.4.2 ASSISTING OFFICER RESPONSIBILITIES
Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

427.4.3 SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established [department/office] guidelines.
The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

427.4.4 DISPATCH RESPONSIBILITIES
Upon notification or becoming aware that a foot pursuit is in progress, the [dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Watch Commander as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

427.5 REPORTING REQUIREMENTS
The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and officers.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Arrestee information, if applicable.
(h) Any injuries and/or medical treatment.
(i) Any property or equipment damage.
(j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
Foot Pursuits

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

427.6 POLICY
It is the policy of this [department/office] that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to [department/office] members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.
Crisis Intervention Incidents

428.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

428.1.1 DEFINITIONS
Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

428.2 POLICY
The Banning Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

428.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

428.4  COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

428.5  FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.
   1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETs) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.
(k) If circumstances reasonably permit, consider and employ alternatives to force.

428.6 DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

428.7 INCIDENT ORIENTATION
When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the [dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.

(b) Whether there have been prior incidents, suicide threats/Attempts, and whether there has been previous police response.

(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.
428.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.
(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

428.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

428.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

428.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS
Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.
(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person
may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

428.11 EVALUATION
The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

428.12 TRAINING
In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).
Public Recording of Law Enforcement Activity

429.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

429.2 POLICY
The Banning Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

429.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
1. Tampering with a witness or suspect.
2. Inciting others to violate the law.
3. Being so close to the activity as to present a clear safety hazard to the officers.
4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

429.4 OFFICER RESPONSE
Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or
behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

429.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.
(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

429.6 SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
(c) The person consents.
   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
   2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the
Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
First Amendment Assemblies

430.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

430.2 POLICY
The Banning Police Department respects the rights of people to peaceably assemble. It is the policy of this [department/office] not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

430.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

• Lawful, constitutionally protected actions and speech.
• Civil disobedience (typically involving minor criminal acts).
• Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe [department/office] members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
430.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating [department/office] performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

430.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

430.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

430.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
First Amendment Assemblies

- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

430.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with City government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.
First Amendment Assemblies

430.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

430.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

430.7 USE OF FORCE
Use of force is governed by current [department/office] policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).
First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this [department/office] shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

430.8 ARRESTS
The Banning Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

430.9 MEDIA RELATIONS
The Press Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

430.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
430.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan  
(b) Any incident logs  
(c) Any assignment logs  
(d) Vehicle, fuel, equipment and supply records  
(e) Incident, arrest, use of force, injury and property damage reports  
(f) Photographs, audio/video recordings, Dispatch records/tapes  
(g) Media accounts (print and broadcast media)

430.11.1 AFTER-ACTION REPORTING
The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event  
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)  
(c) Problems identified  
(d) Significant events  
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

430.12 TRAINING
[Department/Office] members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The [Department/Office] should, when practicable, train with its external and mutual aid partners.
Medical Aid and Response

431.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

431.2 POLICY
It is the policy of the Banning Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

431.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex, and age, if known.
   4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.
431.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

431.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

431.6 MEDICAL ATTENTION RELATED TO USE OF FORCE
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

431.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are
Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the [Department/Office] should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One [department/office] member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

431.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

431.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in [department/office] vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Sergeant who is responsible for ensuring appropriate maintenance.
Medical Aid and Response

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

431.8.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

431.8.3 AED TRAINING AND MAINTENANCE
The Training Sergeant should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Training Sergeant is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

431.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION
Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

431.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES
Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

431.9.2 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Sergeant will ensure that the Records Supervisor is provided enough information to meet applicable state reporting requirements.

431.9.3 OPIOID OVERDOSE MEDICATION TRAINING
The Training Sergeant should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).
Medical Aid and Response

431.9.4 DESTRUCTION OF OPIOID OVERDOSE MEDICATION
The Training Sergeant shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

431.9.5 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT
Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

431.10 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS
The Patrol Division Commander may authorize the acquisition of epinephrine auto-injectors for use by [Department/Office] members as provided by Health and Safety Code § 1797.197a. The Training Sergeant shall create and maintain an operations plan for the storage, maintenance, use and disposal of epinephrine auto-injectors as required by Health and Safety Code § 1797.197a(f).

Trained members who possess valid certification may administer an epinephrine auto-injector for suspected anaphylaxis (Health and Safety Code § 1797.197a(b); 22 CCR 100019).

431.10.1 EPINEPHRINE USER RESPONSIBILITIES
Members should handle, store and administer epinephrine auto-injectors consistent with their training and the [Department/Office] operations plan. Members should check the auto-injectors at the beginning of their shift to ensure the medication is not expired. Any expired medication should be removed from service in accordance with the [Department/Office] Operations Plan.

Any member who administers an epinephrine auto-injector medication should contact Dispatch as soon as possible and request response by EMS (Health and Safety Code § 1797.197a(b)).

431.10.2 EPINEPHRINE AUTO-INJECTOR REPORTING
Any member who administers an epinephrine auto-injector should detail its use in an appropriate report.

The Training Sergeant should ensure that the Records Supervisor is provided enough information for required reporting to the EMS Authority within 30 days after each use (Health and Safety Code § 1797.197a(f)).

Records regarding the acquisition and disposition of epinephrine auto-injectors shall be maintained pursuant to the established records retention schedule but no less than three years (Business and Professions Code § 4119.4(d)).

431.10.3 EPINEPHRINE AUTO-INJECTOR TRAINING
The Training Sergeant should ensure that members authorized to administer epinephrine auto-injectors are provided with initial and refresher training that meets the requirements of Health and Safety Code § 1797.197a(c) and 22 CCR 100019.
Medical Aid and Response

431.11 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor’s approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer’s training.

431.12 FIRST AID TRAINING
The Training Sergeant should ensure officers receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This [department/office] provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the Banning Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This [department/office] does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer’s work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:
500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge
(b) Court appearance procedure including the optional or mandatory appearance by the motorist
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES
If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS
The [Department/Office] has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of [department/office] members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).
Traffic Function and Responsibility

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.
Traffic Collision Reporting

501.1 PURPOSE AND SCOPE
The Banning Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

501.2 RESPONSIBILITY
The Supervisor designated to oversee Traffic Officers will be known as the Traffic Supervisor and will be responsible for distribution of the CIM manual. That supervisor will receive all changes in the State Manual and ensure conformity with this policy.

501.3 TRAFFIC COLLISION REPORTING
All Traffic Collision Reports taken by members of the Banning Police Department shall be forwarded to the Traffic Supervisor for approval and data entry into the Banning Police Department Records Management System. The Traffic Supervisor will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Field Operations Division Lieutenant, or other persons as required.

501.4 REPORTING SITUATIONS
501.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES
Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report (CHP 555 form) at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Lieutenant.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

501.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES
When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Banning Police Department, resulting in major property damage, a serious injury or fatality, the Traffic Sergeant or the Watch Commander, shall request the California Highway Patrol to conduct the investigation.

The term serious injury is defined as any injury that may result in a fatality.
501.4.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS
The Traffic Sergeant or on-duty Watch Commander shall request the California Highway Patrol to investigate any traffic collision involving any City official or employee where major property damage, a serious injury, or fatality has occurred.

501.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or Vehicle Code violation. An Incident Report may be taken at the discretion of any supervisor.

501.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

(a) COLLISION INVESTIGATION: A collision shall be documented as an "investigation" when one or more of the following conditions apply (To Complete CHP 555, refer to CIM Chapter 7, Instructions for Completing the CHP 556, Narrative/Supplemental, Page 7-3, Investigation Narrative):

1. A motor vehicle traffic collision results in the death of a person on or off a highway.
2. A motor vehicle traffic collision results in personal injury. (Refer CIM to paragraph 8, Collision Report for exceptions.)
3. All collisions resulting in an in-custody arrest for a violation of Vehicle Code §§ 2800.1, 20002, or 23152.
4. The collision is the result of an identifiable violation and prosecution will be sought. To support the prosecution, statements, collection of evidence, and a detailed analysis of the collision is required to prove the section violated. When the offense to be prosecuted is not collision related, such as possession or storage of an open container of alcoholic beverage, the requirement for an INVESTIGATION should be based upon the needs of the prosecuting attorney.
5. An involved party is in violation of the hit-and-run provisions of Vehicle Code § 20002, on or off the highway, and sufficient information is available to identify the hit-and-run driver through follow-up. For example:
6. A witness to the collision records the license plate number of the Hit-and-run vehicle and can identify the driver.
7. Witnesses provide a description of the hit-and-run vehicle and sufficient physical evidence (vehicle parts, personal property, etc.) is available for later identification of the vehicle and driver at the time of the collision.

(b) COLLISION REPORT: A collision may be documented as a REPORT (refer to CIM to complete CHP555 and Chapter 7 pg. 7-7 for collision report narrative instructions) when one or more of the following conditions apply:
1. A collision in which the only injury or injuries involve a "Complaint of Pain" claim provided the party exhibits no visible physical injuries, refuses medical treatment at the scene, and is not transported to a medical facility.
   
   (a) The Supervisor or officer(s) on scene should recognize situations where a "Complaint of Pain" injury may involve authentic internal or other non-visible injuries. Careful consideration of all factors (e.g., vehicle damage, physical evidence, mechanism of injury, fraud, potential for serious non-visible injury, etc.) associated with the collision shall be made prior to documenting the collision in the REPORT format.

2. A collision involves damage to private property and the driver is unable to notify the property owner in compliance with VC Section 20002, but notifies this Department without unnecessary delay.

3. A collision involves property damage only and the officer witnesses the violation causing the collision and issues a citation at the scene of a property damage only collision.

4. A collision involves a late-reported injury. (Refer to CIM Chapter 2, Definitions and Classifications of Collisions, Page 2-8, Late-Reported Collision.)

5. An involved party is in violation of hit and run provisions of Vehicle Code § 20002, on or off the highway and there is insufficient information available to identify the driver through follow-up.

6. A collision involves damage to city property or private property where sufficient structural damage to any building is present.

   (c) NON- INJURY COLLISIONS: In the event the collision is non-injury, the officers will assist the drivers in exchanging information. The officers should check the license status, registration and insurance information of both parties involved.

501.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION

In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Field Operations Division Lieutenant to relate the circumstances of the traffic collision. The Watch Commander or any supervisor may assign a Collision Investigator or motor officer to investigate the traffic collision.
Vehicle Towing and Release

502.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Banning Police Department. Nothing in this policy shall require the [Department/Office] to tow a vehicle.

502.2 STORAGE AND IMPOUNDS
When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

502.2.1 VEHICLE STORAGE REPORT
[Department/Office] members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator and the original shall be submitted to the Records Bureau as soon as practicable after the vehicle is stored.

502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the [Department/Office] to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the official towing garage for the City of Banning. The officer will then store the vehicle using a CHP Form 180.

502.2.3 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this [department/office] to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).
Vehicle Towing and Release

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the [Department/Office] will not be responsible for theft or damages.

502.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS
Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver’s license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver’s license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver’s license and current vehicle registration.

502.2.5 DRIVING A NON-CITY VEHICLE
Vehicles which have been towed by or at the direction of the [Department/Office] should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.2.6 DISPATCHER'S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.
Vehicle Towing and Release

The dispatcher shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

502.2.7 RECORDS BUREAU RESPONSIBILITY
Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

(a) The name, address, and telephone number of this [Department/Office].
(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
(c) The authority and purpose for the removal of the vehicle.
(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

502.3 TOWING SERVICES
The City of Banning periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
(b) When a vehicle is being held as evidence in connection with an investigation.
(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

502.3.1 "NO PREFERENCE" TOW SERVICES
The Police Department will assist citizens by calling any towing company desired. If the citizen has no preference and requests that an officer call a towing company, one of the authorized firms shall be called in the rotation.

All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.
502.4 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner’s property while in police custody, to provide for the safety of officers, and to protect the [Department/Office] against fraudulent claims of lost, stolen, or damaged property.

502.4.1 30 DAY IMPOUNDS
When an officer makes an arrest for driving on a suspended license and the driver's suspension meets the criteria as set forth in Vehicle Code § 14602.6, the Officer should impound the vehicle for 30 days pursuant to Vehicle Code § 14602.6. The vehicle's registered owner will be entitled to a hearing as set forth in Vehicle Code § 22852.

502.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

502.6 RELEASE OF VEHICLE
The [Department/Office] will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver’s license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver’s license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:

1. The vehicle was stolen.
Vehicle Towing and Release

2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.

4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

(d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

503.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Banning Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code §22650(a) and Vehicle Code § 22852(a)).

The on-duty Watch Commander will conduct all scheduled post-storage impound hearings and the appropriate documentation will be completed. If the on-duty Watch Commander is unavailable during the time of a scheduled appointment, it will be the responsibility of the Watch Commander to make appropriate arrangements to cover the appointment.

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

503.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Sergeant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the
Vehicle Impound Hearings

release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department’s policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.

   1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Impaired Driving

504.1 PURPOSE AND SCOPE
This policy provides guidance to those [department/office] members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY
The Banning Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

504.2.1 E-PAS
(a) Only officers that have been provided training as required under Title 17 section 1221.4 (a) (3) will be allowed to operate the E-PAS.

(b) One E-PAS will be kept in the station. It will be located in the evidence room next to the CAL-ID fingerprinting computer. That E-PAS will be kept in the station for the purpose of conducting DUI breath test at this facility. The only time this E-PAS will be placed in the field is with the approval of the Chief of Police, the Operations Commander or the Traffic Supervisor. Examples of placement in the field would include a DUI checkpoint or DUI sweep.

(c) Other E-PAS devices will be stored in the evidence room and left in the charging mode unless it is to be used in the field by patrol officers. There is instruction/checklist sheet in the box of this E-PAS that will guide the officer through the test process.

(d) The E-PAS is required to be calibrated every ten days as provided by law. The E-PAS will be calibrated on every Tuesday. The Evidence Technician or his/her designee will conduct the weekly calibrations providing they have received the training. Personnel who have not been trained as a coordinator (personnel that received additional training by DOJ) will not conduct any accuracy checks on the E-PAS.

(e) Officers will not use there own DL or conduct tests at random with these because all information is logged at DOJ Sacramento and the District Attorneys Office. The information will then indicate that the test subject was stopped and contacted for DUI.

(f) Personnel using the E-PAS will only use the E-PAS card that was provided to them. Personnel will not use another officer's card.

(g) When an officer makes an arrest for DUI and uses the E-PAS, that officer will enter the printouts into evidence.

(h) If an officer notices a malfunction or is having problems with the E-PAS, notify the Evidence Technician or the Traffic Supervisor.
504.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

504.4 FIELD TESTS
The Traffic Sergeant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

504.5 CHEMICAL TESTS
A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.

(b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person’s blood alcohol content is 0.05 or more (Vehicle Code § 23140).

(c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).

(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 CHOICE OF TESTS
Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).
504.5.2 BREATH SAMPLES
The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer’s belief shall be included in the officer’s report (Vehicle Code § 23612(a)(2)(C)).

504.5.3 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

504.5.4 STATUTORY NOTIFICATIONS
Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

504.5.5 PRELIMINARY ALCOHOL SCREENING
Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS
Impaired Driving

test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

504.5.6 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21
If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

504.6 REFUSALS
When an arrestee refuses to provide a viable chemical sample, officers should:

    (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
    (b) Audio- and/or video-record the admonishment when it is practicable.
    (c) Document the refusal in the appropriate report.

504.6.1 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

    (a) A search warrant has been obtained (Penal Code § 1524).
    (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person’s bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

504.6.2 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

    (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
    (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
Impaired Driving

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.

1. This dialogue should be recorded on audio and/or video if practicable.

(d) Ensure that the blood sample is taken in a medically approved manner.

(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.6.3 FORCED BLOOD SAMPLE

If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond. A supervisor shall be present whenever blood is forcibly extracted from a person who is uncooperative and has refused a chemical test. A supervisor shall be present whenever blood is forcibly extracted from a person who is uncooperative and has refused a chemical test.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video if practicable.

(d) Ensure that the withdrawal is taken in a medically approved manner.
Impaired Driving

(e) Ensure the forced withdrawal is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances:

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.

(g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.6.4 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

504.7 RECORDS BUREAU RESPONSIBILITIES
The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

504.8 ADMINISTRATIVE HEARINGS
The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

504.9 ARREST AND INVESTIGATION
Impaired Driving

504.9.1 WARRANTLESS ARREST
In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.
(b) The person is observed in or about a vehicle that is obstructing the roadway.
(c) The person will not be apprehended unless immediately arrested.
(d) The person may cause injury to him/herself or damage property unless immediately arrested.
(e) The person may destroy or conceal evidence of a crime unless immediately arrested.

504.9.2 OFFICER RESPONSIBILITIES
The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver’s license to the Department of Motor Vehicles (DMV).
(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.
Traffic Citations

505.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

505.1.1 NON-TRAFFIC CITATIONS
All non-traffic related citations will be administered in the same manner as traffic citations under this policy.

505.2 RESPONSIBILITIES
The Field Operations Division Lieutenant shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Administrative Secretary shall be responsible for the supply and accounting of all traffic citations issued to employees of the Police Department.

505.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this [department/office] do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Bureau Manager. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Bureau Manager may request the Patrol Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Patrol Division Commander for review.

505.3.1 CITATIONS ISSUED WITHOUT PROOF OF IDENTIFICATION
If an officer issues a citation and the driver cannot provide a driver’s license or some other form of valid picture identification, the officer shall obtain a thumb print on the back of the citation to avoid a violation of Penal Code § 529.

505.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not signed by the violator. The citation and copies shall then be forwarded to the Records Bureau for filing.
Traffic Citations

No employee shall void a traffic citation after it has been signed by the violator without the expressed permission of the Chief of Police or his/her designee.

505.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to the Records Bureau. The Records Bureau shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

505.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of the Police Department shall be forwarded to the Records Bureau.

Upon separation from employment with the Police Department, all employees issued traffic citations books shall return any unused citations to the Administration.

505.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

505.7.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels:

(a) Administrative reviews are conducted by the the Turbo Data Systems, Inc who will review written/documentary data. Requests for administrative reviews are available at the front desk or from the Watch Commander. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to The Superior Court of California.

505.7.2 TIME REQUIREMENTS
Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.
Traffic Citations

(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

(d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

505.7.3 COSTS

(a) There is no cost for an administrative review.

(b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).

(c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

505.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile’s age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.
Disabled Vehicles

506.1 PURPOSE AND SCOPE
Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

506.2 OFFICER RESPONSIBILITY
When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

506.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by [department/office] personnel will be contingent on the time of day, the location, the availability of [department/office] resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS
[Department/Office] personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES
The relocation of disabled vehicles by members of this [department/office] by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.3.3 RELOCATION OF DISABLED MOTORIST
The relocation of a disabled motorist should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The [department/office] member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

506.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.
72-Hour Parking Violations

507.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Banning City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

507.2 MARKING VEHICLES
Vehicles suspected of being in violation of the City of Banning 72-Hour Parking Ordinance shall be marked and noted on the Banning Police Department "Violation Notice" (form P.D. 88). No case number is required at this time.

A written notice of 72-hour parking violation should be placed on the vehicle. Any deviation in this notice shall be noted on the Violation Notice.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be re-marked for the 72-hour parking violation and a new Violation Notice shall be completed.

Parking Citations for the 72-Hour Parking Ordinance shall be not issued when the vehicle is stored for the 72-hour parking violation.

507.2.1 MARKED VEHICLE FILE
The Traffic Bureau shall be responsible for maintaining a file for all Marked Vehicle Cards.

The Traffic Bureau shall be responsible for assigning the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

507.2.2 VEHICLE STORAGE
Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Bureau immediately following the storage of the vehicle. It shall be the responsibility of the Records Bureau to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).
Employee Involved Traffic Collisions

508.1 PURPOSE AND SCOPE
To ensure accurate documentation and review of all occurrences resulting in personal injury or damage to Police Department owned or leased police vehicles.

508.2 COLLISION DEFINITION:
Criteria for determining whether or not a collision has occurred should primarily include the location of the occurrence and the presence of injuries. All substantiated collisions, as defined in the CHP Collision Report Manual, shall necessitate the completion of a traffic collision investigation in compliance with Departmental policy and the CHP Collision Report Manual. A miscellaneous report of collision or damage circumstances shall be required in all cases of personal injury or damage to City property when a collision is not substantiated, (e.g., non injury or private property). In all instances, an Incident Report will be completed.

Documentation of all collisions and damage to police vehicles shall be the responsibility of involved personnel, assigned investigator; and Watch Commander/Supervisor. Initiation of the investigation or report process will reside with the involved party. All reports must be completed in accordance with the following guidelines:

508.3 TRAFFIC COLLISION INVOLVING A CITY VEHICLE

508.3.1 DEFINITIONS
(a) A police vehicle is any Police Department owned or leased vehicle driven by or under the control of any Police Department employee.

(b) A collision is an unintended event that produces damage or injury. The words "collision" and "accident" are synonymous.

508.3.2 COMPLETE INVESTIGATION REQUIRED
A collision report is required for collisions occurring if on:
(a) Roadway, street, highway or alley.
(b) Public Property.
(c) Private property with injury.

Repossessions

509.1 PURPOSE AND SCOPE
It is the policy of the Banning Police Department to establish the responsibility of the police officer's role as a keeper of the peace while persons are engaged in the business of repossessing personal property.

Although the traditional practice of police departments, has been to regard repossession conflicts as civil only, very often such disputes involve a misdemeanor or felony violation of the Penal Code or result in some type of violence. It is important, therefore, for police officers to be aware of both the practical and legal issues involved in a repossession dispute in order to prevent these conflicts from escalating into violent confrontations. An officer who understands the basic civil and criminal law in this area can be effective in mediating disputes without the occurrence of violence or the necessity for arrests.

509.1.1 OBJECTIVE
(a) The officer's objective, when confronted with a typical repossession dispute, is not to make an arrest but try to achieve a solution to the conflict by explaining to each party what conduct is or is not lawful.

(b) The officer will not assist, under any circumstances, in the repossession of personal property by the repossessor.

(c) A repossession has occurred only when the repossessor has taken control of the property.

(d) Property that has already been repossessed, legally or illegally, prior to the officer's arrival becomes a civil matter between the consumer and the parties involved in the repossession.

509.2 VIOLATIONS
The officer must also be aware of the occurrence of violations of the Penal Code prior to his/her arrival which have resulted from actions of a repossessor while repossessing property. If the officer's investigation determines that a crime has occurred, a crime report shall be completed and an arrest is lawful if that crime warrants an arrest to be made at the scene or continuing investigation.

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY
It is the policy of the Banning Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with SART.
602.4 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.5 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim’s rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.5.1 VICTIM RIGHTS
Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

(a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).

(b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).

1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).

2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).
602.5.2 VICTIM CONFIDENTIALITY
Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim’s parent or guardian (Penal Code § 293).

Except as authorized by law, members of this [department/office] shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.6.1 COLLECTION AND TESTING REQUIREMENTS
Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). Generally, SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status
Sexual Assault Investigations

every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680(d)).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.6.2 DNA TEST RESULTS
A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. Absent a written request, no member of this [department/office] is required to, but may, communicate with the victim or the victim’s authorized designee regarding the status of any DNA testing.

(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):

1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.

2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.

(c) Provided that the sexual assault victim or the victim’s authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim’s authorized designee shall, upon request, be advised of any known significant changes regarding the victim’s case (Penal Code § 680).
Sexual Assault Investigations

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.6.3  STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT
The Evidence Room supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

602.7  DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Detective Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

602.8  CASE REVIEW
The Detective Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

602.9  RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.
602.10 TRAINING

Subject to available resources, periodic training will be provided to:

(a) Members who are first responders. Training should include:
   1. Initial response to sexual assaults.
   2. Legal issues.
   3. Victim advocacy.
   4. Victim’s response to trauma.
   5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).

(b) Qualified investigators who should receive advanced training on additional topics. Advanced training should include:
   1. Interviewing sexual assault victims.
   2. SART.
   3. Medical and legal aspects of sexual assault investigations.
   4. Serial crimes investigations.
   5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
   6. Techniques for communicating with victims to minimize trauma.
Asset Forfeiture

603.1 PURPOSE AND SCOPE
This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

603.1.1 DEFINITIONS
Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Banning Police Department seizes property for forfeiture or when the Banning Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The [department/office] member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the [Department/Office] and the assigned attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

(a) Property related to a narcotics offense, which includes (Health and Safety Code § 11470; Health and Safety Code § 11470.1):

1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.

2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.

3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.

4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.

5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
Asset Forfeiture

(b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):

1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.

2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

603.2 POLICY
The Banning Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Banning Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

603.3 ASSET SEIZURE
Property may be seized for forfeiture as provided in this policy.

603.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.

(b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):

1. The property subject to forfeiture is legally seized incident to an arrest.

2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).
Asset Forfeiture

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

603.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds should not be seized.

(b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).

(c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect’s immediate family (Health and Safety Code § 11470).

(d) Vehicles, boats or airplanes owned by an “innocent owner,” such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).

(e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

603.3.3 SEIZED VEHICLES
Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded. The officer seizing the vehicle shall notify the Detective Bureau Supervisor of the seizure of the vehicle and circumstances of the seizure as soon as possible.

If the vehicle cannot be driven, a tow truck will be used to tow the vehicle to the storage facility. Personal property located in a seized vehicle shall be removed and booked into Property as either evidence or for safekeeping.

603.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
Asset Forfeiture

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

603.5 MAINTAINING SEIZED PROPERTY
The Evidence Room Supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
(b) All property received for forfeiture is checked to determine if the property has been stolen.
(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

603.6 FORFEITURE REVIEWER
The Chief of Police will appoint an officer as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a [department/office]-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly Health and Safety Code § 11469 et seq. and Penal Code § 186.2 et seq. and the forfeiture policies of the forfeiture counsel.
(b) Serving as the liaison between the [Department/Office] and the forfeiture counsel and ensuring prompt legal review of all seizures.
(c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.
(d) Ensuring that property seized under state law is not referred or otherwise transferred to a federal agency seeking the property for federal forfeiture as prohibited by Health and Safety Code § 11471.2.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for [department/office] use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

1. Names and contact information for all relevant persons and law enforcement officers involved.
2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
3. A space for the signature of the person from whom cash or property is being seized.
4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

(g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or [Department/Office] Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each asset forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.
2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (Health and Safety Code § 11488.4).
4. Property is promptly released to those entitled to its return (Health and Safety Code § 11488.2).
5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
6. Any cash received is deposited with the fiscal agent.
Asset Forfeiture

7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.

8. Current minimum forfeiture thresholds are communicated appropriately to officers.

9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

(i) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.

(j) Ensuring that the process of selling or adding forfeited property to the [department/office]'s regular inventory is in accordance with all applicable laws and consistent with the [department/office]'s use and disposition of similar property.

(k) Keeping a manual that details the statutory grounds for forfeitures and [department/office] procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Health and Safety Code § 11469).

(l) Providing copies of seized business records to the person or business from whom such records were seized, when requested (Health and Safety Code §11471).

(m) Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds $5,000.00 (Health and Safety Code § 11471.5).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Health and Safety Code § 11495).

603.7 DISPOSITION OF FORFEITED PROPERTY
Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer’s employment or salary depend upon the level of seizures or forfeitures he/she achieves (Health and Safety Code § 11469).

The [Department/Office] may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

603.7.1 RECEIVING EQUITABLE SHARES
When participating in a joint investigation with a federal agency, the Banning Police Department shall not receive an equitable share from the federal agency of all or a portion of the forfeiture
proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of $40,000 or more.

603.8 CLAIM INVESTIGATIONS
An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).
Informants

604.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

604.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Banning Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Banning Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

604.2 POLICY
The Banning Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

604.3 USE OF INFORMANTS

604.3.1 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

604.3.2 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

604.3.3 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
Informants

(b) The juvenile’s attorney, if any
(c) The court in which the juvenile’s case is being handled, if applicable (Penal Code § 701.5)
(d) The Chief of Police or the authorized designee

604.4 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Investigation Bureau supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
(b) Criminal activity by informants shall not be condoned.
(c) Informants shall be told they are not acting as police officers, employees or agents of the Banning Police Department, and that they shall not represent themselves as such.
(d) The relationship between [department/office] members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
   2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigation Bureau supervisor.
   3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Investigation Bureau supervisor.
   1. Officers may meet informants alone in an occupied public place, such as a restaurant.
(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
(g) In all instances when [department/office] funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

604.4.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the [Department/Office]
and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of an officer.
(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
(d) The informant appears to be using his/her affiliation with this [department/office] to further criminal objectives.
(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

604.5 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of [department/office] members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigation Bureau. The Investigation Bureau supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Investigation Bureau supervisor or their authorized designees.

The Investigation Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigation Bureau supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

604.5.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:
Informants

(a) Name and aliases
(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability
   1. If an informant is determined to be unsuitable, the informant’s file is to be marked “unsuitable” and notations included detailing the issues that caused this classification.
(j) Name of the officer initiating use of the informant
(k) Signed informant agreement
(l) Update on active or inactive status of informant

604.6 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant’s personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant’s previous criminal activity
- The level of risk taken by the informant

The Investigation Bureau supervisor will discuss the above factors with the Patrol Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

604.6.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from a Investigation Bureau buy/expense fund.
   1. The Investigation Bureau supervisor shall sign the voucher for cash payouts from the buy/expense fund.
Informants

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.
   2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
   3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
   4. Authorization signatures from the Chief of Police and the City Manager are required for disbursement of the funds.

(c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
   1. The cash transfer form shall include the following:
      (a) Date
      (b) Payment amount
      (c) Banning Police Department case number
      (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
   2. The cash transfer form shall be signed by the informant.
   3. The cash transfer form will be kept in the informant's file.

604.6.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

604.6.3 AUDIT OF PAYMENTS
The Investigation Bureau supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds
Informants

and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.
Eyewitness Identification

605.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this [department/office] employ eyewitness identification techniques (Penal Code § 859.7).

605.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

605.2 POLICY
The Banning Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

605.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

605.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Detective Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.

(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.

(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

(k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

605.5 EYEWITNESS IDENTIFICATION
Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).

605.6 DOCUMENTATION
A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.
Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

605.6.1 <B>DOCUMENTATION RELATED TO RECORDINGS</B>
The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

605.6.2 <B>DOCUMENTATION RELATED TO BLIND ADMINISTRATION</B>
If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

605.7 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:
   1. The length of time the witness observed the suspect.
   2. The distance between the witness and the suspect.
   3. Whether the witness could view the suspect’s face.
   4. The quality of the lighting when the suspect was observed by the witness.
   5. Whether there were distracting noises or activity during the observation.
   6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
   7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
Eyewitness Identification

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

605.8 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

605.8.1 OTHER SAFEGUARDS
Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that that may validate or invalidate an eyewitness’ identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).
Brady Material Disclosure

606.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

606.1.1 DEFINITIONS
Definitions related to this policy include:

- **Brady information** - Information known or possessed by the Banning Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

606.2 POLICY
The Banning Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Banning Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

606.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
606.4 DISCLOSURE OF PERSONNEL INFORMATION
Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer's personnel file.

(b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

606.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.
Warrant Service

607.1 PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY
It is the policy of the Banning Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR
The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS
Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS
If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence
to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

### 607.6 WARRANT PREPARATION
An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.

(b) A clear explanation of the affiant’s training, experience and relevant education.

(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

(f) A specific description of the location to be searched, including photographs of the location, if reasonably available.

(g) A sufficient description of the items to be seized.

(h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

### 607.7 HIGH-RISK WARRANT SERVICE
The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the
Warrant Service

designated members to the presence of potential evidence and not touch or disturb the items.

(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

607.8 DETENTIONS DURING WARRANT SERVICE
Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE
The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS
The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
Warrant Service

- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Banning Police Department are utilized appropriately. Any concerns regarding the requested use of Banning Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Watch Commander should assume this role.

If officers intend to serve a warrant outside Banning Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Banning Police Department when assisting outside agencies or serving a warrant outside Banning Police Department jurisdiction.

607.11 MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

607.12 TRAINING
The Training Sergeant should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.
Chapter 7 - Equipment
Department Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to properly care for Department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or Department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of Department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of Department property may lead to discipline including, but not limited to the cost of repair or replacement.

(a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any Department issued property or equipment assigned for their use.

(b) The use of damaged or unserviceable Department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or required by exigent circumstances, Department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be made in a written memorandum. This memorandum is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Division Lieutenant, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.
Department Owned and Personal Property

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT
A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit. A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER
Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, whether in or outside the jurisdiction of the City of Banning, shall report it as provided below.

(a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

(b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY
If employees of another jurisdiction cause damage to real or personal property belonging to the City, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Division Lieutenant.
Personal Communication Devices

701.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the [Department/Office] or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY
The Banning Police Department allows members to utilize [department/office]-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the [Department/Office], will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member’s PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY POLICY
Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued PCDs. Administrative searches can take place for work-related purposes that may be unrelated
to investigations of employee misconduct and, as practicable, will be done in the presence of the affected employee. All such searches shall be fully documented in a written report.

701.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)
No member is authorized to be the sole possessor of a [department/office]-issued PCD. [Department/Office]-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a [department/office]-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for [department/office] purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

701.4 [DEPARTMENT/OFFICE]-ISSUED PCD
Depending on a member’s assignment and the needs of the position, the [Department/Office] may, at its discretion, issue or fund a PCD. [Department/Office]-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the [Department/Office] and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD
Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Carrying a personally owned PCD is a privilege, not a right.

(b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.

(c) Employees shall promptly notify the Department in the event the PCD is lost or stolen.

(d) The PCD and any associated services shall be purchased, used and maintained solely at the employee’s expense.

(e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.

701.6 USE OF PCD
The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct [department/office] business:
(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace shall be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.

(e) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official [department/office] business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

(f) Members will not access social networking sites for any purpose that is not official [department/office] business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

(b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

   1. An investigation into improper conduct should be promptly initiated when circumstances warrant.

   2. Before conducting any administrative search of a member’s personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the
use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating [department/office] vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the [Department/Office] or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.9 OFFICIAL USE
Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other [department/office] communications network.

702.2.3 REMOVAL OF WEAPONS
All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the [department/office] armory prior to the vehicle being released for maintenance, service or repair.

Officers in patrol shall obtain clearance from the dispatcher before responding to the car wash. Only one marked unit should be at the car wash at the same time unless otherwise approved by a supervisor.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

702.6 NON-SWORN EMPLOYEE USE
Non-sworn employees using marked vehicles shall ensure all weapons are removed from vehicles before going into service. Non-sworn employees shall also prominently display the “out of service” placards or lightbar covers at all times. Non-sworn employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.
Vehicle Operations

703.1 PURPOSE AND SCOPE
The purpose of this General Order is to set guidelines to ensure departmental vehicles are properly maintained and operated in safe and lawful manner.

703.3 OPERATION OF EMERGENCY VEHICLE
An emergency vehicle shall only be operated by a sworn Police Officer or other authorized personnel. The vehicle shall be designated "out of service" with a window sign and/or a covered light bar when operated by other than sworn personnel.

Department members shall use seat belts, as designed, at all times when operating or riding in a Department vehicle.

703.6 VEHICLE RESPONSE
The Department shall employ two (2) types of responses identified as Emergency and Routine.
Vehicle Operations

(a) An Emergency Response is defined as driving an emergency vehicle with the emergency lighting system activated and operating the siren as reasonably necessary.

(b) An Emergency Response is authorized when responding to a reported life-threatening situation.

(c) An Officer may initiate an Emergency Response, but he/she must relay to dispatch that he/she has done so.

(d) Dispatch then is required to notify field supervision for approval to continue the Emergency Response based on the information available at the time.

(e) Officers authorized to engage in Emergency Responses must adhere to all Vehicle Code sections regarding the operation of an emergency vehicle.

(f) All other responses shall be a Routine Response, and the employee shall drive the vehicle with due regard for the safety of all persons.

703.8 EMERGENCY VEHICLE REQUIREMENTS
Only designated and equipped Departmental vehicles shall be used as emergency vehicles.

703.9 ANNUAL REVIEW OF VEHICLE OPERATIONS
Once per year, the Administrative Division Lieutenant (and/or designee) will conduct a review for the purpose of assuring the Department policy and guidelines for traffic enforcement, vehicle operations, responses, and pursuits are current and meet Departmental need. The recommended changes will be submitted to the Chief of Police for approval.
Vehicle Use

704.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Banning to provide assigned take-home vehicles. Conversely, this policy does not prevent the creation of a contractual agreement that provides assigned take-home vehicles.

704.2 POLICY
The Banning Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

704.3 USE OF VEHICLES

704.3.1 SHIFT ASSIGNED VEHICLES
The Watch Commander shall ensure a copy of the Watch Commander's Equipment Log, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

704.3.2 OTHER USE OF VEHICLES
Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Watch Commander. A notation will be made on the shift Watch Commander's Equipment Log indicating the member’s name and vehicle number.

This subsection does not apply to those who are assigned to vehicle transportation duties to and from the maintenance yard or carwash.

704.3.3 INSPECTIONS
Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.
Vehicle Use

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

In the event the officer’s assigned vehicle is on his/her private property, the member will make the vehicle available for inspection upon notice from the department.

704.3.4 SECURITY AND UNATTENDED VEHICLES
Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

704.3.5 MDT
Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. If the vehicle is not equipped with a working MDT, the member shall notify Dispatch. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

704.3.6 VEHICLE LOCATION SYSTEM
Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle’s location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle or tracking device for one with a working system, if available.

With a legitimate justification, system data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Division Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

704.3.7 KEYS
Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

The loss of a key shall be promptly reported in writing through the member’s chain of command.
**Vehicle Use**

704.3.8 AUTHORIZED PASSENGERS
Members operating department vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

704.3.9 ALCOHOL
Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

704.3.10 PARKING
Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

704.3.11 ACCESSORIES AND/OR MODIFICATIONS
There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

704.3.12 NON-SWORN MEMBER USE
Non-sworn members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Non-sworn members shall prominently display the "out of service" placards or light bar covers at all times. Non-sworn members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

**704.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES**

Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time and/or in accordance with any valid and current contractual agreements.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

704.4.1 ON-DUTY USE
Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.
Vehicle Use

704.4.2 UNSCHEDULED TAKE-HOME USE
Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

(a) The circumstances are unplanned and were created by the needs of the department.
(b) Other reasonable transportation options are not available.
(c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Banning City limits.
(d) Off-street parking will be available at the member’s residence.
(e) Vehicles will be locked when not attended.
(f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

704.4.3 ASSIGNED VEHICLES
Assignment of take-home vehicles shall be based on the location of the member’s residence, the nature of the member’s duties, job description and essential functions, and employment or appointment status. Residence in the City of Banning is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Banning may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member’s tax adviser.

Criteria for use of take-home vehicles include the following:

(a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Division Commander gives authorization.
(b) Vehicles may be used to transport the member to and from the member’s residence for work-related purposes.
(c) Vehicles will not be used when off-duty except:

(1) In circumstances when a member has been placed on call by the Chief of Police or Division Commanders and there is a high probability that the member will be called back to duty.

(2) When the member is performing a work-related function during what normally would be an off-duty period, including travelling to or from a work-related activity or function.
(c) When the member has received permission from the Chief of Police or Division Commanders.

(d) When the vehicle is being used by the Chief of Police, Division Commanders or members who are in on-call administrative positions.

(d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.

(e) The two-way communications radio, MDT and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.

(f) Unattended vehicles are to be locked and secured at all times.

(a) No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).

(b) All weapons shall be secured while the vehicle is unattended.

(c) All department identification, portable radios and equipment should be secured.

(g) Vehicles are to be parked off-street at the member’s residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage or behind a locked gate where the vehicles is not open to public view, all firearms and kinetic impact weapons shall be removed and properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).

(h) Vehicles are to be secured at the member’s residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.

1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.

2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.

(i) The member is responsible for the care and maintenance of the vehicle.

704.4.4 ENFORCEMENT ACTIONS

When driving a take-home vehicle to and from work outside of the jurisdiction of the Banning Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.
Vehicle Use

704.4.5 MAINTENANCE
Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

(a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.
(d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.
(e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair card explaining the service or repair, and leave it on the seat or dash.
(f) All weapons shall be removed from any vehicle left for maintenance.
(g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

704.5 UNMARKED VEHICLES
Vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a division supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also record the use with the Watch Commander on the shift assignment roster.

704.6 DAMAGE, ABUSE AND MISUSE
When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

704.7 TOLL ROAD USAGE
Law enforcement vehicles are not routinely exempted from incurring toll road charges.
Vehicle Use

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

(a) Members operating department vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.

(b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Division Commander within five working days explaining the circumstances.

704.8 ATTIRE AND APPEARANCE
When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

704.9 B.P.O.A. MOU TAKE-HOME AGREEMENT
Per the current B.P.O.A. M.O.U, each full time Police Officer who has completed the department's Field Training Officer Program, the applicable probationary period, is a B.P.O.A. Member in good standing, and assigned to patrol will be assigned a marked take-home patrol vehicle. This entitlement does not apply to officers on administrative leave, off work due to injuries sustained on duty, out on medical leave, or any extended family medical leave. The entitlement does not require the member to participate in the take-home patrol vehicle program.

The goal of the department's Assigned Take-Home Patrol Vehicle Program is to comply with the current B.P.O.A. M.O.U. and to maintain a fleet of assigned take-home patrol vehicles in order to provide greater police visibility in the city, increase the sense of safety and security, enhance the department's ability to deploy police resources in a rapid and efficient manner in emergency situations in spite of limited resources and staffing, and provide more efficient and effective police services and protection to the city's residents, merchants, and visitors.

Police Officers participating in the Assigned Take-Home Patrol Vehicle Program shall comply with all department policies and procedures related to department vehicle use and the conditions contained in the Assigned Take-Home Vehicle Use Agreement. Failure to follow the agreement and department policies and procedures could result in the revocation of the police officer's right to participate in the program.

This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

(b) Scheduling and maintaining dispatcher time records.

(c) Supervising, training and evaluating dispatchers.

(d) Ensuring the radio and telephone recording system is operational

(e) Maintaining Dispatch database systems.

(f) Maintaining and updating Dispatch procedures manual.

1. Procedures for specific types of crime reports may be necessary. For example, specific questions and instructions may be necessary when talking with a victim of a sexual assault to ensure that his/her health and safety needs are met, as well as steps that he/she may take to preserve evidence.

2. Ensuring dispatcher compliance with established policies and procedures.

(g) Handling internal and external inquiries regarding services provided and accepting personnel complaints in accordance with the Personnel Complaints Policy.

(h) Maintaining a current contact list of City personnel to be notified in the event of a utility service emergency.

800.5.2 ADDITIONAL PROCEDURES
The Dispatch Supervisor should establish procedures for:

(a) Recording all telephone and radio communications and playback issues.

(b) Availability of current information for dispatchers (e.g., Watch Commander contact, rosters, member tracking methods, member contact, maps, emergency providers, tactical dispatch plans).

(c) Assignment of field members and safety check intervals.

(d) Procurement of external services (e.g., fire suppression, ambulances, aircraft, tow trucks, taxis).
Dispatch

(e) Handling misdirected, silent and hang-up calls.
(f) Handling private security alarms, if applicable.
(g) Radio interoperability issues.

800.5.3 DISPATCHERS
Dispatchers report to the Dispatch Supervisor. The responsibilities of the dispatcher include, but are not limited to:

(a) Receiving and handling all incoming and transmitted communications, including:
   (a) Emergency 9-1-1 lines, including Text to 9-1-1
   (b) Business telephone lines.
   (c) Telecommunications Device for the Deaf (TDD)/Text Telephone (TTY) equipment.
   (d) Radio communications with [department/office] members in the field and support resources (e.g., fire department, emergency medical services (EMS), allied agency law enforcement units).
   (e) Other electronic sources of information (e.g., text messages, digital photographs, video).

(b) Documenting the field activities of [department/office] members and support resources (e.g., fire department, EMS, allied agency law enforcement units).

(c) Inquiry and entry of information through Dispatch, [department/office] and other law enforcement database systems (CLETs, DMV, NCIC).

(d) Monitoring [department/office] video surveillance systems.

(e) Maintaining the current status of members in the field, their locations and the nature of calls for service.

(f) Notifying the Watch Commander or field supervisor of emergency activity, including, but not limited to:
   1. Vehicle pursuits.
   2. Foot pursuits.
   3. Assignment of emergency response.

800.6 CALL HANDLING
This [Department/Office] provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
• When?
• Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Dispatch, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller’s language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

See attachment: 2016 Text to 9-1-1 Policy.pdf

800.6.1 EMERGENCY CALLS
A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding [department/office] members and affected individuals.

Emergency calls should be dispatched immediately. The Watch Commander shall be notified of pending emergency calls for service when [department/office] members are unavailable for dispatch.

800.6.2 NON-EMERGENCY CALLS
A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

800.7 RADIO COMMUNICATIONS
The police radio system is for official use only, to be used by dispatchers to communicate with [department/office] members in the field. All transmissions shall be professional and made in a calm, businesslike manner, using proper language and correct procedures. Such transmissions shall include, but are not limited to:
Dispatch

(a) Members acknowledging the dispatcher with their radio identification call signs and current location.
(b) Dispatchers acknowledging and responding promptly to all radio transmissions.
(c) Members keeping the dispatcher advised of their status and location.
(d) Member and dispatcher acknowledgements shall be concise and without further comment unless additional information is needed.

The Dispatch Supervisor shall be notified of radio procedure violations or other causes for complaint. All complaints and violations will be investigated and reported to the complainant's supervisor and processed through the chain of command.

800.7.1 FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE
Banning Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and requirements.

800.7.2 RADIO IDENTIFICATION
Radio call signs are assigned to [department/office] members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the [department/office] member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate [department/office] member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the [department/office] station name or number.

800.8 DOCUMENTATION
It shall be the responsibility of Dispatch to document all relevant information on calls for service or self-initiated activity. Dispatchers shall attempt to elicit, document and relay as much information as possible to enhance the safety of the member and assist in anticipating conditions that may be encountered at the scene. Desirable information would include, at a minimum:

- Incident control number.
- Date and time of request.
- Name and address of the reporting person, if possible.
- Type of incident reported.
- Involvement of weapons, drugs and/or alcohol.
- Location of incident reported.
- Identification of members assigned as primary and backup.
- Time of dispatch.
- Time of the responding member’s arrival.
800.9 CONFIDENTIALITY
Information that becomes available through Dispatch may be confidential or sensitive in nature. All members of Dispatch shall treat information that becomes known to them as confidential and release that information in accordance with the Protected Information Policy.

Automated data, such as Department of Motor Vehicle records, warrants, criminal history information, records of internal police files or medical information, shall only be made available to authorized law enforcement personnel. Prior to transmitting confidential information via the radio, an admonishment shall be made that confidential information is about to be broadcast.

800.10 TRAINING AND CERTIFICATION
Dispatchers shall receive training consistent with minimum standards established by POST (Penal Code § 13510).
Radio Operations and Procedures

801.1 PURPOSE AND SCOPE
It shall be the policy of the Banning Police Department to adhere to and follow all regulations regarding operation of radio communications equipment established by the appropriate governing agencies and to insure that all employees are instructed in these regulations.

801.2 VOICE RADIO SYSTEM
The voice radio system is a communications system which requires strict adherence to a set of procedures. Unless these procedures are followed, the system will fail. Only one person can transmit on a particular frequency at a time. To conserve airtime and permit all parties to transmit information, it is imperative that messages be kept as brief as possible. Unnecessary use of airtime could promote disastrous results. At the precise moment one transmission is started, another officer may encounter an extreme emergency. The system must also have some procedures which are inherent to the police officer's special job requirements; i.e., pursuit, broadcasting, crimes in-progress, and multiple emergency unit dispatching.

801.3 STANDARD GUIDE FOR RADIO COMMUNICATIONS
Before the specific voice procedures are enumerated, standard rules which govern all radio operation will be reviewed.

(a) Listen before transmitting. Be sure you have a clear frequency.

(b) Radio checks and time checks should be held to a minimum.

(c) Keep messages as brief as clarity will allow.

(d) Absolutely NO PROFANITY is allowed. Profanity is forbidden by Federal Communications Commission (FCC) Regulations.

801.3.1 KNOWLEDGE OF THE CITY
A police officer's actions are frequently initiated in response to a radio transmission. The officer must visualize what is taking place and select a route and method of response to place themselves at the scene quickly and in the most favorable position. Such things as landmarks, businesses, schools, parks, intersections, address numbering systems etc., are invaluable tools which assist officers on their beats.

801.3.2 RADIO CODES
The Banning Police Department has officially adopted the standard TEN "10" CODE as our operating radio code. Some modifications have been made to the TEN CODE in order to facilitate local needs. This code should be used as a matter of routine communications and only deviated from under special circumstances. (See Code Listing).
801.3.3 CLARITY
In order to be understood when transmitting a message, the following rules should be adhered to:

(a) Keep the mouth close to the microphone and speak normally. Excess volume will cause the transmitter to over-modulate, thereby distorting the signal.

(b) Pronounce words distinctly and slowly. The average rate of speech is 90-100 words per minute, but the average person can copy only about 30-35 words per minute using abbreviations.

(c) Use the TEN "10" CODE whenever possible.

(d) Choose words that are distinct and forceful in sound and that convey a definite meaning. Arrange all information in proper sequence and in complete detail before transmitting in order that there will be no hesitations.

(e) Avoid emotion, humor, or excessive emphasis. Emotion tends to distort the voice and render it incapable of being understood. Public safety messages require very little expression, but a high degree of intelligibility.

801.3.4 BREVITY
The following points will assist in keeping radio messages concise:

(a) Radio transmissions should be brief and to the point. Telephone facilities should be used for all lengthy messages to the Department. To insure correct receipt of a message by the receiving station, attempt to omit superfluous words and phrases such as "WILL DO", "OKAY", "COPY", "CAN DO", "POSSIBLE", "POSSIBLY", "APPROXIMATELY", "AT YOUR CONVENIENCE", "WILL CHECK AND ADVISE", "I BELIEVE", "APPARENTLY", or "YOU ARE COVERED". No excuses or verbal "thank yous" are necessary over the radio. Addition or omission of such phrases and words will not change the meaning of the message.

(b) Anticipate questions from the receiving station and endeavor to include such information in the first transmission.

(c) All messages should be impersonal. Use of names, nicknames, and messages not involving public safety business are improper and unprofessional. Never use the name of the person to whom you are speaking, or "I" referring to yourself. Radio systems are not licensed for person-to-person communications.

(d) The primary reasons for having a Departmental Radio Code are clarity and brevity. In all situations where the established code properly conveys the message, the code should be used.

(e) Extraneous information concerning the status or result of a call shall not be transmitted. If additional information is needed by dispatch, they may be advised when the officer returns to the station.
801.3.5 ACCURACY
Officers and dispatchers will make every effort to insure the correctness of transmissions. The following points will be kept in mind at all times:

(a) Do not guess. Check all doubtful words, or ask for a repeat. Never acknowledge a message until definitely sure that the message is completely understood.

(b) When asked for a fill-in on transmissions, give only that portion of the message requested, and do not repeat the whole message.

(c) Correct pronunciation of numerals and letters using approved pronunciation and standard phonetic alphabet (where required) will assist in maintaining accuracy. The phonetic alphabet should not be used to excess. Where required, use phonetics on the first letter of the word and spell the balance using proper pronunciation and enunciation.

801.3.6 PHONETIC ALPHABET
The following words will be used in place of a letter when necessary:

<table>
<thead>
<tr>
<th>A-Adam</th>
<th>M-Mary</th>
</tr>
</thead>
<tbody>
<tr>
<td>B-Boy</td>
<td>N-Nora</td>
</tr>
<tr>
<td>C-Charles</td>
<td>O-Ocean</td>
</tr>
<tr>
<td>D-David</td>
<td>P-Paul</td>
</tr>
<tr>
<td>E-Edward</td>
<td>Q-Queen</td>
</tr>
<tr>
<td>F-Frank</td>
<td>R-Robert</td>
</tr>
<tr>
<td>G-George</td>
<td>S-Sam</td>
</tr>
<tr>
<td>H-Henry</td>
<td>T-Tom</td>
</tr>
<tr>
<td>I-Ida</td>
<td>U-Union</td>
</tr>
<tr>
<td>J-John</td>
<td>V-Victor</td>
</tr>
<tr>
<td>K-King</td>
<td>W-William</td>
</tr>
<tr>
<td>L-Lincoln</td>
<td>X-Xray</td>
</tr>
<tr>
<td></td>
<td>Z-Zebra</td>
</tr>
</tbody>
</table>

Where use of the phonetic alphabet is required for greater clarity, the whole phonetic word should be used in place of the alphabetical letter. EXAMPLE - License DGR 123 will be transmitted as "DAVID GEORGE ROBERT - ONE TWO THREE."

801.3.7 NUMBERS
All numbers should be given as individual numbers and repeated. Always use the word "Zero" and never "Oh."
801.3.8 USE OF NAMES
When transmitting, avoid using names of citizens, victims, or reporting parties. Amateur operators, the general public, the press and even criminals monitor police transmissions. Brief descriptive phrases may be used in place of proper names, i.e., "see the party," "See and/or woman." Only ask for RP’s identity if absolutely necessary.

801.3.9 LONG TRANSMISSIONS
Any transmission longer than 30 seconds should be broken up at 30 second intervals by using the word “break” and waiting for 5 seconds before resuming transmission. This accomplishes two things:

(a) It allows the station or unit copying to assure that they are receiving message, or if not, to ask for a repeat.

(b) It allows any other station or unit who may have an emergency transmissions to go ahead without waiting, where seconds might be valuable.

NOTE: SLANG AND POLICE JARGON - The use of police jargon on the radio is not in keeping with law enforcement as a profession. Such terms as "caper," "heist," "kick in," "juvie," "deuce," etc., do not identify the modern well-trained officer, but only tends to place the officer in the same category with any other person who uses poor English. The use of the jargon above as well as other terms of like nature is prohibited in reports, radio transmissions, and in speaking to citizens.

801.4 FEDERAL COMMUNICATIONS COMMISSIONS (FCC) RULES
Public Safety Radio services are authorized by the Federal Communications Commission and governed by the rules contained in Part 69, Sub-part F. Following is a summary of pertinent rules, which are included here for clarification. This summary does not take the place of the entire text of the Federal Communications Commission Rules and Regulations. These rules, however, except for a few particular regulations, need not be committed to memory. Common courtesy and common sense applied to the use of the radio and radio equipment should provide adequate guidelines for any person employed by this department.

801.4.1 COMMUNICATIONS ACT OF 1934
The rules pertinent to our operations are as follows:

(a) License suspension may occur if an operator has transmitted superfluous radio communications of signals or communications containing profane or obscene words, language, or meaning or has knowingly transmitted false or deceptive signals or communications, or a call signal or letter which has not been assigned by proper authority to the station they are operating: or

(b) Has willfully or maliciously interfered with any other radio signals; or

(c) Has willfully damaged or permitted radio apparatus or installations to be damaged; or

(d) Has failed to carry out a lawful order of the master or person lawfully in charge of the stations which they are employed to operate.
(e) The transmission of unnecessary or unidentified signals or correspondence shall be forbidden to all stations.

(f) Before transmitting, any station must keep watch over a sufficient interval to assure itself that it will cause no harmful interference with the transmissions being made within its range; if such interference is likely, the station shall await the first stop in the transmission which it may disturb.

(g) No one receiving a radio or wire message not intended for the public shall divulge it to anyone except the addressee or his authorized agent or to another station for forwarding, unless required to do so by a court of competent jurisdiction, and no one not entitled to it shall receive any radio or wire communication and use it for their own benefit. The penalty is a fine not exceeding $10,000 or imprisonment for a term not exceeding two (2) years, or both.

(h) Any person receiving official notice of a violation of the terms of the Communications Act of 1934, as amended, Treaty, or Rules and Regulations of the Commission shall answer such within 10 days or as otherwise designated. Notify the Chiefs office immediately upon receipt of any such notice.

(i) No log or portion thereof shall be erased, obliterated, or willfully destroyed within the period of retention provided by the rules.

(j) Logs of a radio station shall be retained by the licensee for a period of one (1) year.

(k) For all base and fixed stations, the name of the person responsible for the operation of the transmitting equipment each shift shall sign, no initial, the record both when coming on and when going off-duty. It is essential for the operator to sign "off-duty" and "on-duty" when going to lunch in order to alleviate conflict as to who is the "responsible person" at all times. The remaining operator shall sign "on-duty" when the other operator goes to lunch and "off-duty" when they return.

801.4.2 COMMON VIOLATIONS

The following are the most common violations:

(a) Failure to sign "on" and/or "off" duty.

(b) Time lapse between operators signing "off" and "on" duty.

(c) Sign "on" the same time other operator signs "off".

(d) Wrong, and duplication of dates.

(e) Lack of station identification every 60 minutes our call sign is KNDS859. Complete call signs must be used. Digits alone are the same as an incomplete phone number.

801.4.3 FCC PENALTIES

Title V (General Penalty) - FCC Regulations provide for the following:
Radio Operations and Procedures

(a) Section 591 - Any person who willfully and knowingly does or causes or suffers to be done any act, matter, or thing, in this Act prohibited or declared to be unlawful, or who willfully or knowingly omits or fails to any act, matter, or thing in this Act required to be done, or willfully and knowingly causes or suffers such omissions or failure, shall upon conviction thereof, be punished for such offense for which no penalty (other than a forfeiture) is provided in this Act, by a fine of not more than $10,000 or by imprisonment for a term not to exceed two (2) years, or both.

(b) Section 502 - Any person who willfully and knowingly violates any rule, regulation, restriction, or condition made or imposed by the Commission under the authority of this Act, or any rule, regulation, restriction, or condition made treaty or convention, or regulations annexed thereto to which the United States is or may hereafter become a party, shall in addition to any other penalties of not more than $500 for each and every day during which such offense occurs.

801.5 UNAUTHORIZED RADIO EQUIPMENT REPAIR
Such things as unauthorized repairs, tampering, adjusting, or altering radio equipment do not fall under the specialized tasks of police officers or dispatchers and are therefore NOT DONE. Strange noises, unauthorized broadcasts, commercial broadcasts, unsolicited remarks and profanity fall far below the standards of those persons qualified to use police radio equipment. These things are, as might be expected, covered by FCC rules, are subject to penalty, and come clearly under the heading of common sense and common courtesy.

801.6 PRIORITIES (RADIO VS PHONE)
A dispatcher torn between priorities: which to take first - the radio or phone. The radio is always FIRST "priority. A simple call from a Car, perhaps only the call letters, may indicate an emergency situation rapidly developing. In, fact the problem sometimes starts as soon as the officer picks up the microphone. At this point, they may be off balance and have at least one hand busy whether driving or standing outside in contact with a suspect. The suspect is the first to know what the officer has done wrong and this may be the first break in the officer's routine which presents a time for escape or attack. Many officers have developed the practice of sitting on the seat of a patrol unit with their leg out the door while using the radio. There are daily instances of police officers leaning inside an open car door to call on the radio. The dispatchers have been made aware of such bad habits and are cautioned to expect that the next radio transmission may be that of an officer who has just been mashed with a car door or lost his/her weapon by turning their back on a suspect. Granted, these instances are relatively few, but along with innumerable other things, they are happening and BPD is not immune.

801.6.1 MESSAGE PRIORITY
There will always be times when an emergency phone call is being received by the dispatcher and a patrol unit will call on the radio. This may be handled by the dispatcher acknowledging the unit with a stand by call. If your request is also an emergency, you are not faced with a dilemma which cannot be handled. With car-to-car reception, the field problem can frequently be handled
by another field unit. If it is a routine request, the field officer should stand by until the station is clear. If the field officer has an emergency situation he may transmit this message to dispatch or another field unit.

**801.7 ASSIGNMENT OF UNITS**

The size of our city, volume of calls for police service, and manpower disbursement all require a master plan to assure adequate deployment of police personnel in our community. The department must consider the number of officers which are available for every watch on every day. The dispatcher must be aware of available manpower, its approximate location, and response time at every moment. On-duty units are to be assigned "calls for service" calls in their beat.

(a) When the on-duty unit is busy and a call should be handled immediately, the closest practical unit will be assigned.

(b) When the on-duty unit is busy and there is little concern about the time element on a call, the call will be held as common sense dictates. Examples of this type call may be; stolen and recovered bikes (not-in-progress), abandoned cars (where the reporting party is home and there is no emergency, found property, supplementing a previous report, delayed reports, etc.

(c) Dispatchers will advise beat units of any call for service that cannot wait for a response. It is the officer's responsibility to determine whether to hold the call or respond immediately.

**801.7.1 AVAILABILITY OF UNITS**

The dispatcher must receive frequent updates from the field units therefore; the following procedure will be followed:

(a) All units receiving a radio call will acknowledge the call by giving their location. This will be an automatic action and will apply to all calls.

(b) When an emergency call is assigned to a unit and a back-up, each will respond with their location. Both units respond as determined by the nature of the call.

**801.7.2 TEMPORARY BEAT REASSIGNMENT**

Another unit will, when the beat unit leaves its assigned area for any length of time, assume beat responsibility extending beyond its own area of responsibility to cover both areas, temporarily, and notify the dispatcher of this status. When the absent unit returns to its area, the other unit will immediately return to its original area and again notify the dispatcher of this status.

**801.7.3 UNIT LEAVING ASSIGNED AREA**

All units will inform the dispatcher whenever it is required to leave the city.

**801.7.4 REPORTING UNIT STATUS**

All units shall keep the dispatcher appraised of their status.
If an investigation in the field takes more than 15 minutes, contact should be made with the Communication Center. If an officer does not clear after a lapse of 10 minutes, and the dispatcher is unable to contact either by radio or telephone, another unit should be dispatched for the check. If there is only one unit on-duty, the Watch Commander shall be dispatched for the check.

801.8 MEANING AND USE OF CODES

801.8.1 CODE 1 MEANING AND USE
Respond at the earliest convenience or as soon as other responsibilities of higher priority permit. No emergency or serious problem is involved, and all traffic laws and regulations are to be observed by the responding unit. Normally, all radio messages are Code 1, however, they are not normally labeled as such.

801.8.2 CODE 2 MEANING AND USE
Respond as soon as possible, temporarily suspending all other activities of a non-emergency nature. Urgency rather than emergency is denoted by this code. Examples of such conditions would be an officer's need for additional equipment or a supervisor for an immediate conference. A backup unit would normally fall under Code 2 classification. Neither red light nor siren is authorized, and all traffic laws and regulations are to be observed.

801.8.3 CODE 3 MEANING AND USE
Respond immediately in emergency status. The use of red lights and siren is recommended, and the unit may proceed as an emergency vehicle in accordance with the provisions of the Vehicle Code. The applicable section of the Vehicle Code is § 21055 which enumerates the section of the Vehicle Code from which a driver of an authorized emergency vehicle is exempt, describes what conditions constitute response by an authorized emergency vehicle, and specifies that both a red lamp visible from the front and the siren shall be utilized as required.

(a) **Elements of Code 3**: A call may justify a Code 3 if any of the following elements are present and, due to circumstances, time loss is important.

1. A serious public hazard. The location, weather conditions, time of occurrence, amount of traffic flow, and other such factors should be considered in making the determination.
2. The preservation of life.
3. Crimes of violence, which includes, but is not limited to robbery in-progress, robbery alarm, shooting, cutting, kidnapping, disturbance with weapons, riot, attack in-progress, assaults in-progress, and violent mental cases.
4. Immediate pursuit.
5. Officer needs help at a scene of an incident which is beyond their capacity to control.
All Code 3 calls will be determined by the Watch Commander, a supervisor or the officer assigned the call if the Watch Commander is not available. The determination will be made with the information available at the time the call is received and with available updated information. The dispatcher will advise responding units to downgrade the response only upon the instruction of a Watch Commander but is responsible for providing updated information on the situation as it becomes available.

Unauthorized Code 3 runs will not be tolerated because they cause unnecessary risk to personnel, equipment, and citizens. Until such time as police officers are able to instantly appear at places where they know they are needed, law enforcement will have to tolerate the frustration caused by being in the wrong place at the right time.

There will be NO Code 3 escorts. Transportation of injured persons inside the patrol unit is the last choice, and the dispatcher will be notified when such transportation is deemed necessary. Code 3 transportation will be given only in extreme emergency cases, and the dispatcher will be notified prior to its start. The dispatcher will notify the Watch Commander in this instance and shall follow his/her directions, including termination of the Code 3 transportation if instructed. Often times, an ambulance can be available on the scene within a very short time.

Document coded assignments. The dispatcher will document each coded assignment by indicating on the Activity Log each time a coded response is given.

801.8.4 CODE 4 MEANING AND USE
The situation at the scene of an incident is under control and there is no further assistance required or there is no merit to the situation. If a Code 4 is given, units that are not actively involved in the situation should return to normal patrol. When a unit or units are assigned to an emergency, they will usually drive at a higher rate of speed than normal. If the first unit arrives at a scene and advised "Code 4", the incident is either unfounded or an emergency does not exist. The dispatcher will immediately notify the other responding units of the Code 4 status so that they may cancel or slow down as the case may be. This lessens the danger to other units.

801.8.5 CODE 5 MEANING AND USE
The dispatcher and Watch Commander will be informed of all Code 5 operation being conducted by members of this or any other department by any personnel having knowledge of or participating in same. Notice of Code 5 operations will be transmitted to all personnel on-duty by means of telephone or personal contact. Code 5 indicates a stakeout is in-progress and all units are to remain clear of the area unless requested by the personnel conducting the investigation. Code 5 stakeout conducted by officers who desire to have the area remain as normal as possible, including normal patrol by marked units, will be informed in the prescribed manner. Temporary Code 5 stakeout by patrol units will not require formal notification. THE WATCH COMMANDER OR OFFICER-IN-CHARGE OF THE SHIFT WILL BE INFORMED OF ALL CODE 5 SITUATIONS ON THE SHIFT.
801.8.6 OFFICER NEEDS HELP
The 11-99 call is a request for emergency assistance and will be considered an extreme emergency. The request of the officer shall be honored to the letter and 11-99 is an automatic Code 3 response. When an 11-99 is broadcast by a unit in trouble, the dispatcher will attract the attention of any unit not acknowledging immediately. Units will be alerted to the call and ONLY ONE UNIT will respond Code 3. All other units shall respond Code 2 as defined in § 803.82.

If a backup unit is not available, the following procedure will apply:

NOTE: PROCEDURE (a) AND (b) AND ARE INTERCHANGEABLE AND SHOULD BE DONE QUICKLY AND ALMOST SIMULTANEOUSLY.

(a) Contact Riverside County Sheriff's Department, California Highway Patrol, or Beaumont Police Department and request backup. Give location of the officer in trouble, nature of the emergency, and ask for estimated time of arrival. (NOTE Determination of what department to call first depends on the location, situation or availability of the agency to respond.)

(b) The Watch Commander shall be advised of the emergency situation immediately, and follow their instructions.

(c) Callout available Banning officers when instructed.

801.9 BASIC BROADCAST RULES

(a) The following basic rules should be kept in mind at all times.

1. Attract the attention of the other party in such a manner that there can be no mistake as to who is being called.

2. Give them a chance to respond,

3. State as briefly as possible what the nature of the call is going to be.

(b) The following basic broadcast format should be followed:

1. **Address.** The station being called is stated first, followed by the station sending the message. Either address can be Banning (meaning the base station), or an individual's radio number.

2. **Acknowledgement.** The party to whom the message is addressed responds with their radio number. In the case of the base station, the acknowledgement will consist of "Banning -- go ahead (radio number)";

3. **Message.** The sending station then proceeds with the message. If an assignment is being given to a field unit, it will consist of the following five (5) portions in sequence:

4. **Type of call.** This is the Radio Code number as specified to the BPD ten "10" CODE.
5. **Time frame of occurrence.** When applicable, the following terms will be used to aid the officer in planning their arrival and initial actions while still en route:

(a) **In-progress** - indicates that the suspect is still at the scene, as far as can be determined.

(b) **Just occurred** - means that the incident has been completed for only a few minutes.

(c) **Investigation** - is used to indicate that evidence of the crime most likely still exists at the scene although the suspect is gone.

(d) **Report** - indicates that the incident is cold--no suspect, little chance of evidence. Little can be done except record the facts as known to the reporting party.

(e) **Seriousness** - If appropriate, mention will be made here of aggravated circumstances, weapons known or suspected to be involved, or overt acts committed which indicate degree of danger to citizens or officers. Short phrases such as "shots fired", "hostage taken", "fighting", "violent", "knife brandished", etc. should be employed.

(f) **Who to contact** - This is the description of the individual to be contacted at the scene using terms such as "see the man or woman near the car", or "see the boy or girl", etc.

(g) **Location of call** - This portion is the address or location to which the officer is to respond.

(h) **Closing.** The party to which the message is addressed ends the transmission with '10-4' once they are sure that they have copied the message. The officer should record all pertinent information. This will eliminate the necessity of repeat broadcasts.

801.9.1 PURSUIT PROCEDURE
The dispatcher will automatically clear the air by saying "10-33", whereupon all units and stations clear the air; (unit number) is in pursuit', and give the location and direction of travel. During the pursuit, provide the dispatcher with information so they may relay to other units. The noise connected with units in pursuit makes it difficult for the units to read one another, car-to-car, but in most cases, they all hear the base station. Banning PD and Interagency Pursuit Polices must be adhered to at all times.

(a) Speak in a slow calm, clear voice.

(b) Units knowing the direction of the pursuit will not be as likely to meet at intersections and can plan where to contact the pursuit.
Radio Operations and Procedures

(c) If a pursuit is started by any Banning PD unit, they will immediately notify the Communications Center using the prescribed manner. The dispatcher will at once clear the air. The officer in pursuit will then automatically give the following:

1. Direction of travel.
2. The name of the street traveled on.
3. The name of the last street crossed.

(d) If the pursuit began suddenly and the Communications Center does not already have the information, the license number, make, model, and color of the suspect's vehicle, the number of suspects, and the reason they are wanted must be given. Changes of route need only be indicated by the new direction and new street. Repeat information clearly and calmly as the units in the pursuit broadcast it.

801.9.2 ALL UNITS BROADCAST
All unit broadcasts which relate to wanted persons, wanted vehicles, armed or dangerous persons who pose a threat to our community, will be aired to available units. They will not be held until all units are clear. This may involve giving the broadcast several times, but it is the responsibility of the dispatcher to expedite all calls which identify a possible danger.

(a) If units have been off the air, information will be provided them when they return to service.

(b) When non-emergency information is aired to all units and out-of-service units miss the transmission, the information may be provided to them by landline, when convenient, or aired if a short transmission such as cancellations of wanted persons or vehicles, recovered property, etc.

801.9.3 VERIFICATION OF DISPATCH
When transmitting an assignment, do not assume that the unit received the message--BE SURE. If a station or unit does not acknowledge, repeat the message. It is also very important that responding units be advised as quickly as possible when an emergency no longer exists or when a call has been canceled. This allows the unit to resume a normal speed and makes responding to a call less hazardous.

801.9.4 PERSONS DESCRIPTION SEQUENCE
Wanted persons should be described as given on the BOL received from any agency. The State of California, Department of Justice, Bureau of Criminal Identification and Investigation (CII) has requested that all law enforcement agencies use standardized abbreviations on all bulletins and crime reports. Note that "Caucasian" is not used and that "Black" is used in place of Negro. Such abbreviations have no racial meaning but are intended as part a physical description. In order to conform to the request of CII and in the interest of standardization and consequent clarity, members of this department will use the following abbreviations in teletypes, and over the radio.

| WMA-White Male Adult | BMA-Black Male Adult | HMA-Hispanic Male Adult |
801.9.5  STOLEN AND WANTED VEHICLE DESCRIPTION SEQUENCE
Stolen and wanted vehicle should be described as given on the APR received from any agency.

801.9.6  WANTED BROADCASTS
The broadcast to all units of information pertaining to wanted persons or suspect, frequently armed and in vehicles, comes up quite often. These messages have to be put in order, usually are written down in advance, are usually long, and have to be given so everyone understands them the first time.

(a) These broadcasts are best given in the order that an officer on patrol might happen onto the suspects involved.

(b) The first thing the officer must know is the crime, which is second nature to their thinking process and will be quickly filed away in their memory.

(c) Knowing if the suspect is armed, unarmed, or unknown is vital to the way they will handle an initial contact.

(d) After their mental receiver has been started in the right direction, the first new thing they might observe on patrol would be a vehicle. It is the largest and most conspicuous detail of the broadcast. They may have just passed it or be right beside it or even recognize it from a previous case.

801.9.7  DRIVER'S LICENSE INFORMATION REQUESTS (10-27)
Whenever officers request driver's license information, they will advise the dispatcher of the name and DOB of the subject, along with the Driver's License Number. When dispatchers respond with the information, they will give the Driver's License Number and the subject's name and DOB shown on the 10-27 return. Any deficiency noted in the identification of the subject will cleared up before any further action is taken.

801.9.8  WANTED CHECKS ON SUBJECTS (10-29)
Officers requesting such checks will advise the dispatcher of the subject's complete name, DOB, sex, and race. Dispatchers responding with the information requested will give the name and identifying information to the officer as shown on the teletype. Any deficiency noted in the identification of the subject will be corrected before any further action is taken.
Property and Evidence

802.1 PURPOSE AND SCOPE
This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

802.2 DEFINITIONS
- **Property** - Includes all items of evidence, items taken for safekeeping and found property.
- **Evidence** - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.
- **Safekeeping** - Includes the following types of property:
  - Property obtained by the [Department/Office] for safekeeping such as a firearm
  - Personal property of an arrestee not taken as evidence
  - Property taken for safekeeping under authority of a law (e.g., Welfare and Institutions Code § 5150 (mentally ill persons))
- **Found property** - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

802.3 PROPERTY HANDLING
Any employee who first comes into possession of any property shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the items.

802.3.1 PROPERTY BOOKING PROCEDURE
All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

(a) Complete the property form describing each item of property separately, listing all serial numbers, owner’s name, finder’s name, and other identifying information or markings in the Property computer system.

(b) Mark each item of evidence with the booking employee’s initials and the date booked using the appropriate method so as not to deface or damage the value of the property.
(c) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.

(d) Place the case number on the evidence package where it can be easily read.

(e) The original property form shall be submitted with the case report. A copy shall be placed with the property in the temporary property locker or with the property if property is stored somewhere other than a property locker.

(f) When the property is too large to be placed in a locker, the item may be retained in the secured blood locker area, not the bloody drying lockers themselves. Submit the completed property record into a numbered locker indicating the location of the property.

802.3.2 EXPLOSIVES
Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Watch Commander. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The Evidence Technician is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

802.3.3 EXCEPTIONAL HANDLING
Certain property items require a separate process. The following items shall be processed in the described manner:

(a) Bodily fluids such as blood or semen stains shall be air dried prior to booking. Additionally, a bio-hazard sticker should be placed on the evidence package.

(b) License plates found not to be stolen or connected with a known crime, should be released directly to the Evidence Technician, or placed in the designated container for return to the Department of Motor Vehicles. No formal property booking process is required.

(c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame with a wired tag, not adhered to a bike or frame. The property may be released directly to the Evidence Technician, or placed in the bicycle storage area until a Evidence Technician can log the property.

(d) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking officer and the supervisor. The Watch Commander shall be contacted for cash in excess of $1,000 for special handling procedures.

City property, unless connected to a known criminal case, should be released directly to the appropriate City department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.
802.3.4 RELINQUISHED FIREARMS

Individuals who relinquish firearms pursuant to the provisions of Penal Code § 29850 shall be issued a receipt that describes the firearm, the serial number or other identification of the firearm at the time of relinquishment (Penal Code § 29810).

Relinquished firearms shall be retained for 30 days, after which time they may be destroyed, retained, sold or otherwise transferred, unless (Penal Code § 29810):

(a) A certificate is issued by a judge of a court of record or the District Attorney stating the firearms shall be retained; or
(b) The convicted person provides written notice of an intent to appeal the conviction that necessitated the relinquishment; or
(c) The Automated Firearms System indicates that the firearm was reported lost or stolen.

1. In such event, the firearm shall be restored to the lawful owner as soon as it is no longer needed as evidence, the lawful owner has identified the weapon and provided proof of ownership, and the [Department/Office] has complied with the requirements of Penal Code § 33850 et seq.

802.4 PACKAGING OF PROPERTY

Certain items require special consideration and shall be booked separately as follows:

(a) Narcotics and dangerous drugs
(b) Firearms (ensure they are unloaded and booked separately from ammunition)
(c) Property with more than one known owner
(d) Paraphernalia as described in Health and Safety Code § 11364
(e) Fireworks
(f) Contraband

802.4.1 PACKAGING CONTAINER

Employees shall package all property, except narcotics and dangerous drugs in a suitable container available for its size. Knife boxes should be used to package knives. Syringes and needles shall not be booked but disposed of in a sharps container after the contents have been removed.

A property tag shall be securely attached to the outside of all items or group of items packaged together.

802.4.2 PACKAGING NARCOTICS

The officer seizing narcotics and dangerous drugs shall retain such property in his/her possession until it is properly weighed, packaged, tagged, and placed into an evidence locker. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.
Property and Evidence

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room. The booking officer shall initial the sealed envelope and the initials covered with cellophane tape. Narcotics and dangerous drugs shall not be packaged with other property.

A completed property tag shall be attached to the outside of the container. The chain of evidence shall be recorded on the back of this tag.

802.5 RECORDING OF PROPERTY
The Evidence Technician receiving custody of evidence or property shall record the date and time the property was received and where the property will be stored on the Property computer system.

A property number shall be obtained for each item or group of items. This number shall be recorded in the Property Computer System.

If, during the time the property is held by the Banning Police Department, the location of the property is changed, the change shall be noted in the Property Computer System.

802.6 PROPERTY CONTROL
Each time the Evidence Technician receives property or releases property to another person, he/she shall enter this information in the property computer system and the individual receiving the property shall sign the updated Property Information and Release form verifying they took possession of the item(s). Officers desiring property for court shall contact the Evidence Technician at least one day prior to the court day.

802.6.1 RESPONSIBILITY OF OTHER PERSONNEL
Every time property is released or received, an appropriate entry on the Property Computer system shall be completed to maintain the chain of possession. No property or evidence, with the exception of safekeeping and found property, is to be released without first receiving written authorization from a supervisor or investigator.

Request for analysis, for items other than narcotics or drugs, shall be completed on the appropriate forms and submitted to the Evidence Technician. This request may be filled out any time after the booking of property or evidence.

802.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY
The transporting employee will check the evidence out of property, indicating the date and time in the property computer system and showing the property was removed due to a request for laboratory analysis.

The Evidence Technician releasing the evidence must complete the required information in the property computer system, completing an appropriate entry on the Evidence Control Sheet. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the officer will record the delivery time on both copies, and indicate the locker in which the item was placed, or the employee to whom it was delivered. The original copy of the lab
Property and Evidence

form will remain with the evidence, and the copy will be returned to the Records Bureau for filing with the case. The department member will also sign a chain-of-custody form.

802.6.3 STATUS OF PROPERTY
Each person receiving Property will make the appropriate entry to document the chain of evidence by making a computer entry. Temporary release of property to officers for investigative purposes, or for court, shall be noted in the property computer, stating the date, time and to whom released.

The Evidence Technician shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded in the property computer, indicating date, time, and the person who returned the property.

802.6.4 AUTHORITY TO RELEASE PROPERTY
The Chief of Police’s Designee shall authorize the disposition or release of all evidence and property coming into the care and custody of the Department. Except for safekeeping and found property, which may be released by the Evidence Technician.

802.6.5 RELEASE OF PROPERTY
All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation.

Release of property shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the authorizing supervisor or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Release of all property shall be documented on the property form.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 60 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be fully documented in related reports.

A Evidence Technician shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Records Bureau for filing with the case. If some items of property have not been released the property card will remain with the Evidence Room. Upon release, the proper entry shall be documented in the Property Log.
Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice that conforms to the provisions of Penal Code § 33865.

The Evidence Room Supervisor should also make reasonable efforts to determine whether the person is the subject of any court order preventing the person from possessing a firearm and if so, the firearm should not be released to the person while the order is in effect.

The [Department/Office] is not required to retain any firearm or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 33875).

802.6.6 DISPUTED CLAIMS TO PROPERTY
Occasionally more than one party may claim an interest in property being held by the [Department/Office], and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the [Department/Office] may wish to file an interpleader to resolve the disputed claim (Code of Civil Procedure § 386(b)).

802.6.7 CONTROL OF NARCOTICS AND DANGEROUS DRUGS
The Property Technician will be responsible for the storage, control, and destruction of all narcotics and dangerous drugs coming into the custody of this department, including paraphernalia as described in Health & Safety Code § 11364.

802.6.8 RELEASE OF FIREARM IN DOMESTIC VIOLENCE MATTERS
Within five days of the expiration of a restraining order issued in a domestic violence matter that required the relinquishment of a firearm, the Evidence Technician shall return the weapon to the owner if the requirements of Penal Code § 33850 and Penal Code § 33855 are met unless the firearm is determined to be stolen, evidence in a criminal investigation or the individual is otherwise prohibited from possessing a firearm (Family Code § 6389(g); Penal Code § 33855).

802.6.9 RELEASE OF FIREARMS AND WEAPONS IN MENTAL ILLNESS MATTERS
Firearms and other deadly weapons confiscated from an individual detained for an evaluation by a mental health professional or subject to the provisions of Welfare and Institutions Code § 8100 or Welfare and Institutions Code § 8103 shall be released or disposed of as follows:

(a) If a petition for a hearing regarding the return of the weapon has been initiated pursuant to Welfare and Institutions Code § 8102(c), the weapon shall be released or disposed of as provided by an order of the court. If the court orders a firearm returned, the firearm shall not be returned unless and until the person presents valid identification and
written notification from the California Department of Justice (DOJ) which conforms to the provisions of Penal Code § 33865.

(b) If no petition has been initiated pursuant to Welfare and Institutions Code § 8102(c) and the weapon is not retained as evidence, the [Department/Office] shall make the weapon available for return. No firearm will be returned unless and until the person presents valid identification and written notification from the California DOJ which conforms to the provisions of Penal Code § 33865.

(c) Unless the person contacts the [Department/Office] to facilitate the sale or transfer of the firearm to a licensed dealer pursuant to Penal Code § 33870, firearms not returned should be sold, transferred, destroyed or retained as provided in Welfare and Institutions Code § 8102.

802.6.10 RELEASE OF FIREARMS IN GUN VIOLENCE RESTRAINING ORDER MATTERS

Firearms and ammunition that were taken into temporary custody or surrendered pursuant to a gun violence restraining order shall be returned to the restrained person upon the expiration of the order and in accordance with the requirements of Penal Code § 33850 et seq. (Penal Code § 18120).

If the restrained person who owns the firearms or ammunition does not wish to have the firearm or ammunition returned, he/she is entitled to sell or transfer title to a licensed dealer, provided that the firearms or ammunition are legal to own or possess and the restrained person has right to title of the firearms or ammunition (Penal Code § 18120).

If a person other than the restrained person claims title to the firearms or ammunition surrendered pursuant to Penal Code § 18120 and the Banning Police Department determines him/her to be the lawful owner, the firearms or ammunition shall be returned in accordance with the requirements of Penal Code § 33850 et seq. (Penal Code § 18120).

Firearms and ammunition that are not claimed are subject to the requirements of Penal Code § 34000.

802.7 DISPOSITION OF PROPERTY

All property not held for evidence in a pending criminal investigation or proceeding, and held for six months or longer where the owner has not been located or fails to claim the property, may be disposed of in compliance with existing laws upon receipt of proper authorization for disposal. The Evidence Technician shall request a disposition or status on all property which has been held in excess of 120 days, and for which no disposition has been received from a supervisor or detective.

802.7.1 EXCEPTIONAL DISPOSITIONS

The following types of property shall be destroyed or disposed of in the manner, and at the time prescribed by law, unless a different disposition is ordered by a court of competent jurisdiction:

- Weapons declared by law to be nuisances (Penal Code § 29300; Penal Code § 18010; Penal Code § 32750)
• Animals, birds, and related equipment that have been ordered forfeited by the court (Penal Code § 599a)
• Counterfeiting equipment (Penal Code § 480)
• Gaming devices (Penal Code § 335a)
• Obscene matter ordered to be destroyed by the court (Penal Code § 312)
• Altered vehicles or component parts (Vehicle Code § 10751)

• Unclaimed, stolen or embezzled property (Penal Code § 1411)
• Destructive devices (Penal Code § 19000)
• Sexual assault evidence (Penal Code § 680(e))

802.7.2 UNCLAIMED MONEY
If found or seized money is no longer required as evidence and remains unclaimed after three years, the [Department/Office] shall cause a notice to be published each week for a period of two consecutive weeks in a local newspaper of general circulation (Government Code § 50050). Such notice shall state the amount of money, the fund in which it is held and that the money will become the property of the agency on a designated date not less than 45 days and not more than 60 days after the first publication (Government Code § 50051).

Any individual item with a value of less than $15.00, or any amount if the depositor/owner's name is unknown, which remains unclaimed for a year or by order of the court, may be transferred to the general fund without the necessity of public notice (Government Code § 50055).

If the money remains unclaimed as of the date designated in the published notice, the money will become the property of this [department/office] to fund official law enforcement operations. Money representing restitution collected on behalf of victims shall either be deposited into the Restitution Fund or used for purposes of victim services.

802.7.3 RETENTION OF BIOLOGICAL EVIDENCE
The Evidence Room Supervisor shall ensure that no biological evidence held by the [Department/Office] is destroyed without adequate notification to the following persons, when applicable:

(a) The defendant
(b) The defendant’s attorney
(c) The appropriate prosecutor and Attorney General
(d) Any sexual assault victim
(e) The Investigation Division supervisor

Biological evidence shall be retained for either a minimum period that has been established by law (Penal Code § 1417.9) or that has been established by the Evidence Room Supervisor, or until the expiration of any imposed sentence that is related to the evidence, whichever time period is
greater. Following the retention period, notifications should be made by certified mail and should inform the recipient that the evidence will be destroyed after a date specified in the notice unless a motion seeking an order to retain the sample is filed and served on the [Department/Office] within 180 days of the date of the notification. A record of all certified mail receipts shall be retained in the appropriate file. Any objection to, or motion regarding, the destruction of the biological evidence should be retained in the appropriate file and a copy forwarded to the Investigation Division supervisor.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the Chief of Police and the head of the applicable prosecutor’s office.

Biological evidence or other crime scene evidence from an unsolved sexual assault should not be disposed of prior to expiration of the statute of limitations and shall be retained as required in Penal Code § 680. Even after expiration of an applicable statute of limitations, the Investigation Division supervisor should be consulted and the sexual assault victim shall be notified at least 60 days prior to the disposal (Penal Code § 680). Reasons for not analyzing biological evidence shall be documented in writing (Penal Code § 680.3).

802.8 INSPECTIONS OF THE EVIDENCE ROOM
On a semi-annual basis, an audit will be conducted of the department’s property/evidence function and process. The audit will review the overall property and evidence operation, including written documentation; verifying location of property and evidence; and confirming timely and proper disposal of property. The audit is conducted to determine if property/evidence management directives are being followed and if property having no evidentiary value is being disposed of according to policy.
Booking of Digital Photographs, Video, and Audio Recordings

803.1 PURPOSE AND SCOPE
The purpose of this General Order is to establish a Department Procedure for the proper booking process of digital photographs, videos, and audio recordings for evidence.

803.1.1 DEFINITIONS

(a) **Digital Audio**: Digital audio technology is obtained through digital audio recorders. Audio digital files usually contain extensions of .dss, .wav, .wma, .mp3 or .cda. The best format for digital audio is .wav since it can easily be reformatted to several other media sources.

(b) **Digital Video**: Digital Video technology is obtained through digital video recorders. Digital video involves the conversion of sequenced video stills into digital computer files. Video files are very large and are almost always compressed since uncompressed files can fill up a hard drive rapidly. These types of files usually have the extensions of .mov or .mpeg.

(c) **Digital Photograph**: Digital Photographs are obtained through the use of digital cameras. This type of file is stored in numerical form. Digital photographs usually have file extensions of .jpg, .tiff, or .bmp. The best format for digital photos is .jpg since this type of file is compressed and does not take up as much space on the hard drive. The file extension of .jpg also can easily be opened by most photo software.

803.2 DIGITAL PHOTOGRAPHY
Photographs taken by Department Personnel should be processed in the following manner:

(a) The digital camera card should be copied onto a non-rewritable CD before viewing on a computer screen. Photo files should be saved in .jpg file format.

(b) Label both the CD & CD case with report number, date, time of recording, number of images (photos) and name of person who took the photos. In addition, place the following remark on the front of the CD case: "This certifies that the digital media contained on this CD/video tape was recorded directly from the digital camera card/original digital video cassette/digital audio recorder prior to screening on the computer."
The undersigned officer certifies that this digital media is therefore identical to the digital photos/digital video/digital audio taken at the scene”.

(c) Once a copy of the photographs is on a CD, the digital files can be viewed safely. In this manner there is no concern with accidentally erasing the photos. The original image remains on the CD and should never be altered. The copied CD can be placed into evidence as an original copy.

(d) Department Personnel can now view, print or enhance the photographs off a CD. Keep in mind that any changes that are made to the photos have to be documented in written form. If the enhanced photos are used in court they can be challenged. The defense has the right to know how the changes were made and what was changed. Make sure you keep good notes on the enhancement process if you do alter the original photo. The notes should be such that the process of enhancement/alteration can be repeated with the same final results.

(e) Erase all images of the photographs from the digital camera card and computer at the completion of the booking process.

803.3 DIGITAL VIDEO
Digital video taken by Department Personnel should be processed in the following manner:

(a) Video recorded off a digital video recording camera shall be copied unto a non-rewritable CD or standard VHS analog cassette tape. The digital video will be converted to MPEG compression format that is the most standard format to work with. The original copy of the digital recording will remain unaltered in the evidence locker. The digital video will not be stored into a computer database because of the tremendous amount of memory space necessary to store digital video.

(b) Any other copies can be used as a working copy. The working copy can then be enhanced or changed at the officer’s discretion. Copies for Discovery will be made off the original digital video recording. Alterations should be documented in written case notes. The notes should be detailed enough where trained personnel can repeat the steps and produce the same results when the image is subjected to image analysis.

(c) The CD(s) or VHS cassette tape will be labeled in the same manner as the digital photographs.

803.4 DIGITAL AUDIO
Digital Audio taken by Department Personnel should be processed in the following manner:

(a) Digital audio taken from a digital audio recorder will be downloaded to a non-rewritable CD. The CD will then be placed into evidence. The audio recording will be copied to .WAV format.

(b) The labeling of the CD will be made in the same manner as other digital media copies.
Booking of Digital Photographs, Video, and Audio Recordings

(c) If enhancement is needed, any changes to the audio recording should be documented in written case notes. The notes should be detailed enough where trained personnel can repeat the steps and produce the same results when the recording is subjected to audio analysis.

803.5 MEDIA STORAGE
All media will be store in a secure area with access restricted to authorized people. Recordings not otherwise needed for official reasons shall be retained for a period of not less than one year and thereafter should be erased with the written consent of the City Attorney. Any recordings needed as evidence in a criminal or civil proceeding shall be copied to a suitable medium and booked into evidence in accordance with current evidence procedures. (Government Code § 34090.6).
Records Bureau

804.1 PURPOSE AND SCOPE
The Records Manager shall maintain the Department Records Bureau Procedures Manual on a current basis to reflect the procedures being followed within the Records Bureau. Policies and procedures that apply to all employees of this Department are contained in this chapter.

804.1.1 NUMBERING SYSTEM
Reports are numbered based upon a numbering system generated by the CAD/RMS system at the time a call is initiated.

804.2 POLICY
It is the policy of the Banning Police Department to maintain [department/office] records securely, professionally, and efficiently.

804.3 RESPONSIBILITIES

804.3.1 RECORDS SUPERVISOR
The Chief of Police shall appoint and delegate certain responsibilities to a Records Supervisor. The Records Supervisor shall be directly responsible to the Administration Division Commander or the authorized designee.

The responsibilities of the Records Supervisor include but are not limited to:

(a) Overseeing the efficient and effective operation of the Records Bureau
(b) Maintaining and updating a Records Bureau procedure manual.
(c) Ensuring compliance with established policies and procedures.
(d) Supervising the access, use, and release of protected information (see the Protected Information Policy).
(e) Establishing security and access protocols for case reports designated as sensitive, where additional restrictions to access have been implemented. Sensitive reports may include, but are not limited to:
   1. Homicides.
   2. Cases involving [department/office] members or public officials.
   3. Any case where restricted access is prudent.

804.3.2 RECORDS BUREAU
The responsibilities of the Records Bureau include but are not limited to:

(a) Maintaining a records management system for case reports.
   (a) The records management system should include a process for numbering, identifying, tracking, and retrieving case reports.
(b) Entering case report information into the records management system.
   1. Modification of case reports shall only be made when authorized by a supervisor.
(c) Providing members of the [Department/Office] with access to case reports when needed for investigation or court proceedings.
(d) Maintaining compliance with federal, state, and local regulations regarding reporting requirements of crime statistics. This includes reporting statistical data to the California Department of Justice (DOJ) for:
   1. All officer-involved shootings and incidents involving use of force resulting in serious bodily injury (Government Code § 12525.2).
   2. Suspected hate crimes (Penal Code § 13023).
   3. Complaints of racial bias against officers (Penal Code § 13012; Penal Code § 13020).
   4. Civilian complaints made against officers (Penal Code § 832.5; Penal Code § 13012).
   5. Stop data required by Government Code § 12525.5 and 11 CCR 999.226.
(a) The reported information must not contain personally identifiable information of the person stopped or other information exempt from disclosure pursuant to Government Code § 12525.5 (11 CCR 999.228).
(e) Maintaining compliance with federal, state, and local regulations regarding criminal history reports and auditing.
(f) Identifying missing case reports and notifying the responsible member’s supervisor.
(g) Updating the Automated Firearms System to reflect any firearms relinquished to the [Department/Office] and the subsequent disposition to the DOJ pursuant to Penal Code § 34010 (Penal Code § 29810).
(h) Entering into the Automated Firearms System information about each firearm that has been reported stolen, lost, found, recovered, held for safekeeping, or under observation within seven calendar days of the precipitating event (Penal Code § 11108.2).
(i) Maintaining compliance with the state and DOJ reporting requirements regarding the number of transfers of individuals to immigration authorities and offenses that allowed for the transfers (Government Code § 7284.6(c)(2)).

804.3.3 RECORDS BUREAU PROCEDURE MANUAL
The Records Supervisor should establish procedures that address:

(a) Identifying by name persons in reports.
(b) Classifying reports by type of incident or crime.
(c) Tracking reports through the approval process.
(d) Assigning alpha-numerical records to all arrest records.
(e) Managing a warrant and wanted persons file.
804.4 DETERMINATION OF FACTUAL INNOCENCE
In any case where a person has been arrested by officers of the Banning Police Department and no accusatory pleading has been filed, the person arrested may petition the [Department/Office] to destroy the related arrest records. Petitions should be forwarded to the Administration Supervisor. The Administration Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Administration Supervisor should forward the petition to the Chief of Police or their designee and the City Attorney for review. After such review and consultation with the City Attorney, the Detective Bureau Supervisor and the Administration Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Administration Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The Administration Supervisor should respond to a petition with the [Department/Office]'s decision within 45 days of receipt. Responses should include only the decision of the [Department/Office], not an explanation of the analysis leading to the decision.

804.5 FILE ACCESS AND SECURITY
The security of files in the Records Bureau must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a police [department/office] case, including field interview (FI) cards, criminal history records, and publicly accessible logs, shall be maintained in a secure area within the Records Bureau, accessible only by authorized members of the Records Bureau. Access to case reports or files when Records Bureau staff is not available may be obtained through the Watch Commander.

The Records Bureau will also maintain a secure file for case reports deemed by the Chief of Police as sensitive or otherwise requiring extraordinary access restrictions.

804.6 ORIGINAL CASE REPORTS
Generally, original case reports shall not be removed from the Records Bureau. Should an original case report be needed for any reason, the requesting [department/office] member shall first obtain authorization from the Records Supervisor. All original case reports removed from the Records Bureau shall be recorded on a designated report check-out log, which shall be the only authorized manner by which an original case report may be removed from the Records Bureau.
All original case reports to be removed from the Records Bureau shall be photocopied and the photocopy retained in the file location of the original case report until the original is returned to the Records Bureau. The photocopied report shall be shredded upon return of the original report to the file.

804.7 CONFIDENTIALITY
Records Bureau staff has access to information that may be confidential or sensitive in nature. Records Bureau staff shall not access, view, or distribute, or allow anyone else to access, view, or distribute any record, file, or report, whether in hard copy or electronic file format, or any other confidential, protected, or sensitive information except in accordance with the Records Maintenance and Release and Protected Information policies and the Records Bureau procedure manual.

804.8 ARREST WITHOUT FILING OF ACCUSATORY PLEADING
The Patrol Division Commander should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

(a) The individual is issued a certificate describing the action as a detention.
(b) All references to an arrest are deleted from the arrest records of the [Department/Office] and the record reflects only a detention.
(c) The California DOJ is notified.
Restoration of Firearm Serial Numbers

805.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

805.2 PROCEDURE
Any firearm coming into the possession of the Banning Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

805.2.1 PRELIMINARY FIREARM EXAMINATION
(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an UNLOADED condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tabular magazine) as well as the chamber contents.
(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, TREAT THE FIREARM AS IF IT IS LOADED. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

805.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.
**Restoration of Firearm Serial Numbers**

805.2.3 OFFICER RESPONSIBILITY
The Evidence Technician receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

805.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released from the Banning Police Department.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

805.2.5 FIREARM TRACE
After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Evidence Technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

805.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.
Records Maintenance and Release

806.1 PURPOSE AND SCOPE
This policy provides guidance on the maintenance and release of [department/office] records. Protected information is separately covered in the Protected Information Policy.

806.2 POLICY
The Banning Police Department is committed to providing public access to records in a manner that is consistent with the California Public Records Act (Government Code § 6250 et seq.).

806.3 CUSTODIAN OF RECORDS RESPONSIBILITIES
The Chief of Police shall designate a Custodian of Records. The responsibilities of the Custodian of Records include but are not limited to:

(a) Managing the records management system for the [Department/Office], including the retention, archiving, release, and destruction of [department/office] public records.

(b) Maintaining and updating the [department/office] records retention schedule including:
   1. Identifying the minimum length of time the [Department/Office] must keep records.
   2. Identifying the [department/office] division responsible for the original record.

(c) Establishing rules regarding the inspection and copying of [department/office] public records as reasonably necessary for the protection of such records.

(d) Identifying records or portions of records that are confidential under state or federal law and not open for inspection or copying.

(e) Establishing rules regarding the processing of subpoenas for the production of records.

(f) Ensuring a current schedule of fees for public records as allowed by law is available (Government Code § 6253).

(g) Determining how the [department/office]’s website may be used to post public records in accordance with Government Code § 6253.

(h) Ensuring that all [department/office] current standards, policies, practices, operating procedures, and education and training materials are posted on the [department/office] website in accordance with Penal Code § 13650.

(i) Ensuring that public records posted on the [Department/Office] website meet the requirements of Government Code § 6253.10 including but not limited to posting in an open format where a record may be retrieved, downloaded, indexed, and searched by a commonly used internet search application.

(j) Ensuring that a list and description, when applicable, of enterprise systems (as defined by Government Code § 6270.5) is publicly available upon request and posted in a prominent location on the [Department/Office]’s website.
806.4 PROCESSING REQUESTS FOR PUBLIC RECORDS
Any [department/office] member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

806.4.1 REQUESTS FOR RECORDS
Any member of the public, including the media and elected officials, may access unrestricted records of this [department/office], during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

(a) The [Department/Office] is not required to create records that do not exist.

(b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain [department/office] records or information. If identification is required, a current driver’s license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).

(c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the [Department/Office] shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.

1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).

2. If the record requested is available on the [department/office] website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

(d) Upon request, a record shall be provided in an electronic format utilized by the [Department/Office]. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).

(e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the
redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the [department/office]-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.

(f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

806.5 RELEASE RESTRICTIONS
Examples of release restrictions include:

(a) Personal identifying information, including an individual’s photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record, or any [department/office] record including traffic collision reports, are restricted except as authorized by the [Department/Office], and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

(b) Social Security numbers (Government Code § 6254.29).

(d) Victim information that may be protected by statutes, including victims of certain crimes who have requested that their identifying information be kept confidential, victims who are minors, and victims of certain offenses (e.g., sex crimes or human trafficking, Penal Code § 293). 1. Victims of certain offenses (e.g., domestic violence, sexual assault, stalking, human trafficking, adult abuse) or their representatives shall be provided, upon request and without charge, one copy of all incident report face sheets, one copy of all incident reports, or both, pursuant to the requirements and time frames of Family Code § 6228.

(e) Video or audio recordings created during the commission or investigation of the crime of rape, incest, sexual assault, domestic violence, or child abuse that depicts the face, intimate body part, or voice of a victim of the incident except as provided by Government Code § 6254.4.5.

(f) Information involving confidential informants, intelligence information, information that would endanger the safety of any person involved, or information that would endanger the successful completion of the investigation or a related investigation. This includes analysis and conclusions of investigating officers (Evidence Code § 1041; Government Code § 6254).

1. Absent a statutory exemption to the contrary or other lawful reason to deem information from reports confidential, information from unrestricted agency reports shall be made public as outlined in Government Code § 6254(f).

(g) Local criminal history information including but not limited to arrest history and disposition, and fingerprints shall only be subject to release to those agencies and individuals set forth in Penal Code § 13300.

1. All requests from criminal defendants and their authorized representatives (including attorneys) shall be referred to the District Attorney, City Attorney, or the courts pursuant to Penal Code § 1054.5.

(h) Certain types of reports involving but not limited to child abuse and molestation (Penal Code § 11167.5), elder and dependent abuse (Welfare and Institutions Code § 15633), and juveniles (Welfare and Institutions Code § 827).

(i) Sealed autopsy and private medical information concerning a murdered child with the exceptions that allow dissemination of those reports to law enforcement agents, prosecutors, defendants, or civil litigants under state and federal discovery laws (Code of Civil Procedure §130).

(j) Information contained in applications for licenses to carry firearms or other files that indicates when or where the applicant is vulnerable or which contains medical or psychological information (Government Code § 6254).

(k) Traffic collision reports (and related supplemental reports) shall be considered confidential and subject to release only to the California Highway Patrol, Department of Motor Vehicles (DMV), other law enforcement agencies, and those individuals and their authorized representatives set forth in Vehicle Code § 20012.

(l) Any record created exclusively in anticipation of potential litigation involving this [department/office] (Government Code § 6254).

(m) Any memorandum from legal counsel until the pending litigation has been adjudicated or otherwise settled (Government Code § 6254.25).

806.6 RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the [department/office] name and to whom the record was released.

Each audio/video recording released should include the [department/office] name and to whom the record was released.

806.7 SEALED RECORD ORDERS
Sealed record orders received by the [Department/Office] shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Supervisor shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

806.8 SECURITY BREACHES
The Records Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any [Department/Office] information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the [Department/Office] determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.
For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number, California identification card number, tax identification number, passport number, military identification number, or other unique identification number issued on a government document commonly used to verify the identity of a specific individual
- Account number or credit or debit card number, in combination with any required security code, access code or password that would permit access to an individual’s financial account
- Medical information
- Health insurance information
- A username or email address, in combination with a password or security question and answer that permits access to an online account
- Information or data collected by Automated License Plate Reader (ALPR) technology
- Unique biometric data

806.8.1 FORM OF NOTICE

(a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:

1. The date of the notice.
2. Name and contact information for the Banning Police Department.
3. A list of the types of personal information that were or are reasonably believed to have been acquired.
4. The estimated date or date range within which the security breach occurred.
5. Whether the notification was delayed as a result of a law enforcement investigation.
6. A general description of the security breach.
7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.

(b) The notice may also include information about what the Banning Police Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).

(c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit
access to an online account, and no other personal information has been breached (Civil Code § 1798.29):

1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the [Department/Office] in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.

2. When the breach involves an email address that was furnished by the Banning Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

806.8.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

1. Written notice.

2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

3. Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the [Department/Office] does not have sufficient contact information. Substitute notice shall consist of all of the following:
   (a) Email notice when the [Department/Office] has an email address for the subject person.
   (b) Conspicuous posting of the notice on the [department/office]’s webpage for a minimum of 30 days.

4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

(b) If a single breach requires the [Department/Office] to notify more than 500 California residents, the [Department/Office] shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

806.9 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).
The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

806.9.1 DELAY OF RELEASE
Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

(a) Disclosure may be delayed up to 45 days from the date the [Department/Office] knew or reasonably should have known about the incident.

(b) Delay of disclosure may continue after the initial 45 days and up to one year if the [Department/Office] demonstrates that disclosure would substantially interfere with the investigation.

(c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

806.9.2 NOTICE OF DELAY OF RELEASE
When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

(a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.

(b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

806.9.3 REDACTION
If the Custodian of Records, in consultation with the Chief of Police or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the [Department/Office] should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in
the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

806.9.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE
If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the [Department/Office] may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

(a) The person in the recording whose privacy is to be protected, or his/her authorized representative.

(b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.

(c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the [Department/Office] determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The [Department/Office] may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).
Protected Information

807.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Banning Police Department. This policy addresses the protected information that is used in the day-to-day operation of the [Department/Office] and not the public records information covered in the Records Maintenance and Release Policy.

807.1.1 DEFINITIONS
Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Banning Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

807.2 POLICY
Members of the Banning Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

807.3 RESPONSIBILITIES
The Chief of Police shall select a member of the [Department/Office] to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).

(b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice’s current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.

(f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.
807.4 ACCESS TO PROTECTED INFORMATION
Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Banning Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

807.4.1 PENALTIES FOR MISUSE OF RECORDS
It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

807.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the [Department/Office] may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Bureau to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

809.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

809.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number, and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
   3. Who claimed ownership.
Seizure of Computers and Related Evidence

4. If it can be determined, how it was being used.

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

809.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

809.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.

(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).

(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

809.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.

(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Evidence Room to copy the contents to an appropriate form of storage media.

(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
Seizure of Computers and Related Evidence

(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

809.4 SEIZING PCDS
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.
Animal Control

(c) Follow-up on animal-related calls, such as locating owners of injured animals.

810.3 MEMBER RESPONSIBILITIES
Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
2. With the owner’s consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.
810.4 DECEASED ANIMALS
When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

When handling deceased animals, members should attempt to identify and notify the owner of the final disposition of the animal.

810.5 INJURED ANIMALS
When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a veterinarian and notice shall be given to the owner pursuant to the requirements of Penal Code § 597.1.

810.5.1 VETERINARY CARE
The injured animal should be taken to a veterinarian as follows:

(a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.

(b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency and Critical Care Services Clinic.

(c) An exception to the above exists when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.

Each incident shall be documented and, at minimum, include the name of the reporting party and veterinary hospital and/or person to whom the animal is released.

If [Animal Control] is not available, the information will be forwarded for follow-up.

810.5.2 INJURED WILDLIFE
Injured wildlife should be referred to the Department of Fish and Wildlife or the Marine Mammal Center as applicable.

810.5.3 RESCUE OF ANIMALS IN VEHICLES
If an animal left unattended in a vehicle appears to be in distress, members may enter the vehicle for the purpose of rescuing the animal. Members should (Penal Code § 597.7(d)):

(a) Make a reasonable effort to locate the owner before entering the vehicle.

(b) Take steps to minimize damage to the vehicle.
Animal Control

(c) Refrain from searching the vehicle or seizing items except as otherwise permitted by law.
(d) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and [Department/Office] of the member involved in the rescue.
(e) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.
(f) Take the animal to an animal care facility, a place of safekeeping or, if necessary, a veterinary hospital for treatment.

810.6 POLICY
It is the policy of the Banning Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

810.7 ANIMAL CRUELTY COMPLAINTS
Laws relating to the cruelty to animals should be enforced, including but not limited to Penal Code § 597 et seq. (cruelty to animals, failure to care for animals).

(a) An investigation should be conducted on all reports of animal cruelty.
(b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

810.8 ANIMAL BITE REPORTS
Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

810.9 STRAY DOGS
If a stray dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate animal care facility.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

810.10 DANGEROUS ANIMALS
In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Commander will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.
810.11  PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality-of-life issues.

810.12  DESTRUCTION OF ANIMALS
When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.
Chapter 9 - Custody

900.1 PURPOSE AND SCOPE
This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Banning Police Department facility. Such items can pose a serious risk to the safety and security of [department/office] members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS

(b) BAIL FOR ARRESTEES- The Department does not accept bail from or on behalf of arrestees. To post bail, citizens should be referred to the Riverside County Sheriff.

(c) ACCESS TO ATTORNEY- In the event the attorney for an arrestee arrives at the Department prior to the arrestee being transferred to the Riverside County Jail or another facility, or prior to the arrestee being released, the arrestee and his attorney shall be afforded a place of privacy to confer. The on-duty supervisor/officer will note the conference between the arrestee and his attorney. The attorney and his/her personal effects will be subject to search and inspection prior to coming into contact with the arrestee.

(d) TELEPHONE CALLS- Penal Code § 851.5 states that an arrestee has a right to make at least three completed telephone calls immediately upon being booked or no later than three hours after the arrest. It is the responsibility of the arresting officer to ensure that the arrestee is given the opportunity to make the telephone calls.
Detentions

901.3.1 POST ARREST AND BOOKING SUPERVISOR APPROVAL
Officers shall obtain approval from a Supervisor for all post-arrest decisions (i.e. the decision to book, cite release, etc.). After an arrest has been made and prior to the arrested subject's release, the arresting officer shall contact a Supervisor and inform the supervisor of the circumstance(s) of the arrest. After review of the circumstances of the arrest, the Supervisor will determine the release status of the arrestee. The notification to the supervisor may be made either in person, telephone, Nextel, etc.

In instances where Officers are only issuing a Notice to Appear for a violation (i.e. Vehicle Code § 12500) and the suspect was not physically taken into custody, the officer has no need to notify a supervisor prior to the release of the suspected offender.

Each Supervisor shall complete a Watch Commander's Report for his/her assigned shift. The completed Watch Commander's Report shall document all arrests made during the shift. Supervisors will be responsible for submitting the completed Watch Commander's Report to the Patrol Division Lieutenant on a daily basis. Supervisors are to ensure that the current version of the Watch Commanders Report is utilized.

901.3.2 CITE AND RELEASE POLICY

(a) The purpose of the Cite and Release Policy is to allow officers the flexibility, whenever possible, to book arrestees "in house" and release them from the Department facility rather than book them at Riverside County Jail.

(b) It shall be the Department policy to deal with persons coming into our custody in a humane and dignified manner and to interfere with their freedom of movement to the least possible extent under the law while conforming to sound practices conducive to the safety of all personnel. (Refer §§ 827.1 and 853.6 Penal Code.) § 853.6 of the Penal Code permits a subject arrested for a misdemeanor to be released on a notice to appear, at the officer's discretion. The following guidelines will be adhered to in reference to citation releases for misdemeanors (including numerous traffic offenses) and/or foreign warrants:

1. An arrestee may be released on his/her promise to appear provided:
   (a) The arrestee has not demanded to be immediately taken before a magistrate.

901.3.3 PERSONS INELIGIBLE FOR RELEASE

(a) Pursuant to Penal Code § 827. 1, persons who are stopped with a warrant for one of the following violations will not be considered for release under the above procedure:

1. The misdemeanor cited in the violation involves violence.
2. The misdemeanor cited in the violation involves a firearm.
3. The misdemeanor cited in the violation involves resisting arrest.
Detentions

4. The misdemeanor cited in the violation involve giving false information to a Peace Officer.

5. The warrant of arrest indicates that the person is not eligible to be released on a citation.

(b) Pursuant to Penal Code § 853.6, a person arrested for an offense declared to be a misdemeanor, including a violation of any city or county ordinance, does not demand to be taken before a magistrate, that the person shall be released in accordance with this General Order.

(c) Whenever any person is arrested by a Peace Officer for a misdemeanor, that person shall be released according to the procedures set forth by this chapter unless one of the following is a reason for non-release. In such a case, the officer must indicate, in a form provided by the Department, so indicate which of the following was a reason for non-release:

1. The person arrested is a danger to himself/herself due to intoxication or being under the influence of narcotics or drugs, to the extent that releasing him/her into the custody of another person may compromise someone’s safety.

2. The person requires medical care or is otherwise unable to care for themselves.

3. The person has other ineligible charges pending against him/her. (An example of this would be a DUI that would qualify for a community cite and release but has a foreign warrant such as resisting arrest. The officer issues a citation to appear for the DUI, and transports the subject for the foreign warrant to Riverside County Jail.)

4. There is a reasonable likelihood that the offense or offense would continue or resume, or that the safety of the persons or property would be immediately endangered by the release of the person.

5. The person refuses to sign the citation.

6. The person cannot or will not provide satisfactory, verifiable means of identification. (If the person can provide proper identification within a reasonable amount of time, the arrestee may then be released from the station after booking.)

7. In the event of multiple warrants, if one of the warrants states no citation may be issued, then all warrants must be served and no citation may be issued for any of the warrants.

901.3.4 PROCEDURE FOR RELEASE FOR RECORDABLE OFFENSES
Most misdemeanors which we can and do cite and release in the field or at the Police facility need to have certain procedures followed in order to ensure the violation will be properly recorded
into ClI. The procedure shall only apply to individuals who are cited out at the Banning Police Department, not bookings at Riverside County Jail. These are individuals who are cooperative and do fall within the guidelines set forth in § 853.6 of the Penal Code. When an individual is booked at the jail, the custody deputies complete this process. A list of recordable violations is to be maintained in dispatch.

(a) **FORMS**-Department of Justice Form JUS/8715 is to be completed and attached by the arresting officer at the time of processing on all specified offenses. The exceptions (which are not reportable) are listed below:
   1. 647(F) (alcohol)
   2. Minor in possession.
   3. City Ordinance violations.
   4. Possession of marijuana under an ounce.
   5. Trespassing with a motor vehicle.
   6. Misdemeanor DUI.

(b) The routing of the completed JUS/8715 FORMS shall be the responsibility of the Records Bureau.

### 901.3.5 OFFICER RESPONSIBILITY

Arresting officers shall fingerprint all suspects who are arrested for recordable violations using the CAL ID Live Scan machine. Officers are responsible for ensuring fingerprints are properly downloaded into the CAL ID Live Scan system. Uncooperative and/or potentially violent suspects should be transported to a Riverside County Jail Facility for processing.

(a) **ROUTING**-A member of the Records Bureau shall review the JUS/8715 forms to ensure the corresponding information is accurate and complete. When errors are found, it shall be brought to the attention of a supervisor.

(b) The entire JUS/8715 along with each arrest report will be submitted to the District Attorneys office.

(c) The same procedure applies regardless if the arrestee is a juvenile or an adult. Discretion is allowed and recommended for juveniles, especially juveniles under age 14.

### 901.4 PROCEDURE FOR RELEASE FOR FOREIGN WARRANTS

(a) The officer requests dispatch to confirm the warrant. While doing so the dispatcher obtains the court name, jurisdiction, date and time of appearance, giving the same to the officer.

(b) The officer uses the standard field citation filling in all the appropriate information.

(c) The officer then obtains a case number and time from dispatch.
Detentions

(d) The officer places the following information in the violation(s) section of the citation:
   1. "En route arrest" to: (Agency name that holds the warrant).
   2. Warrant number, date of warrant, and offense listed.

(e) The officer shall ensure that information including the correct jurisdiction information, address, and date/time for appearance are placed on the citation or at the bottom of the violation section.

(f) The officer will give the subject his copy of the completed and signed citation.

(g) Once the citation has been issued, the dispatcher will locate the warrant in the computer.

(h) The officer will fill out an arrest report and submit the same with the citation and the warrant confirmation teletype. The officer will also attach the JUS/8715 and submit it with the report. Once the report has been approved by a supervisor, the records section will mail the original citation along with a copy of the report and a copy of the abstract warrant to the appropriate jurisdiction. The entire JUS/8715 form will be forwarded to the agency responsible for the case.

901.5 BAIL - VEHICLE CODE SECTION 40304.5
Under this provision, detainees taken into custody for bail collection:

(a) Who have two or fewer outstanding warrants, or

(b) Who are arrested for failure to appear on a parking citation or traffic infraction, may not be booked, photographed, or fingerprinted for at least three (3) hours. During this three-hour period, the arrestee must be given an opportunity to immediately post cash bail or arrange a deposit of bail.
Temporary Custody of Adults

902.1 PURPOSE AND SCOPE
This policy provides guidelines to address the health and safety of adults taken into temporary custody by members of the Banning Police Department for processing prior to being released or transferred to a housing or other type of facility.

Temporary custody of juveniles is addressed in the Temporary Custody of Juveniles Policy. Juveniles should be located or arranged to prevent physical, visual, or auditory contact with adults in custody.

Custodial searches are addressed in the Custodial Searches Policy.

902.1.1 DEFINITIONS
Definitions related to this policy include:

Holding cell/cell - Any locked enclosure for the custody of an adult or any other enclosure that prevents the occupants from being directly visually monitored at all times by a member of the [Department/Office].

Safety checks - Direct, visual observation by a member of this [department/office] performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of adults in temporary custody.

Temporary custody - The time period an adult is in custody at the Banning Police Department prior to being released or transported to a housing or other type of facility.

902.2 POLICY
The Banning Police Department is committed to releasing adults from temporary custody as soon as reasonably practicable, and to keeping adults safe while in temporary custody at the [Department/Office]. Adults should be in temporary custody only for as long as reasonably necessary for investigation, processing, transfer or release.

902.3 GENERAL CRITERIA AND SUPERVISION
No adult should be in temporary custody for longer than six hours.

902.3.1 INDIVIDUALS WHO SHOULD NOT BE IN TEMPORARY CUSTODY

(d) Individuals who are a suspected suicide risk (see the Mental Illness Commitments Policy).

1. If the officer taking custody of an individual believes that he/she may be a suicide risk, the officer shall ensure continuous direct supervision until evaluation, release, or a transfer to an appropriate facility is completed (15 CCR 1030).

(e) Individuals who are obviously in crisis, as defined in the Crisis Intervention Incidents Policy.

(f) Individuals who are under the influence of alcohol, a controlled substance, or any substance to the degree that may require medical attention, or who have ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.

(h) Any individual who claims to have, is known to be afflicted with, or displays symptoms of any communicable disease that poses an unreasonable exposure risk (15 CCR 1051).

(i) Any individual with a prosthetic or orthopedic device where removal of the device would be injurious to his/her health or safety.

(j) Any individual who is obviously developmentally disabled (15 CCR 1057).

(k) Any individual who appears to be a danger to him/herself or others due to a mental disorder, or who appears gravely disabled (15 CCR 1052).

(m) Any individual obviously suffering from drug or alcohol withdrawal (15 CCR 1213).

Officers taking custody of a person who exhibits any of the above conditions should notify a supervisor of the situation. These individuals should not be in temporary custody at the [Department/Office] unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

902.3.2 SUPERVISION IN TEMPORARY CUSTODY
An authorized [department/office] member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision. Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability (15 CCR 1027).
Temporary Custody of Adults

At least one female [department/office] member should be present when a female adult is in temporary custody. In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process (15 CCR 1027).

Absent exigent circumstances, such as a medical emergency or a violent subject, members should not enter the cell of a person of the opposite sex unless a member of the same sex as the person in custody is present (Penal Code § 4021).

No individual in custody shall be permitted to supervise, control or exert any authority over other individuals in custody.

902.3.3 STAFFING PLAN

The Chief of Police or the authorized designee shall ensure a staffing plan is prepared and maintained, indicating assigned personnel and their duties. The plan should ensure that at least one member who meets the training standards established by the Corrections Standards Authority (CSA) for general fire- and life-safety and is trained in fire- and life-safety procedures relating specifically to the facility is on-duty at all times (15 CCR 1028).

The staffing plan shall be available for biennial review by CSA staff. The review and recommendations of the CSA biennial review shall be forwarded to the City, as required by 15 CCR 1027.

902.3.4 ENTRY RESTRICTIONS

Entry into any location where a person is held in custody should be restricted to:

(a) Authorized members entering for official business purposes.
(b) Emergency medical personnel when necessary.
(c) Any other person authorized by the Watch Commander.

When practicable, more than one authorized member should be present for entry into a location where a person is held in custody for security purposes and to witness interactions.

902.4 INITIATING TEMPORARY CUSTODY

The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others. The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving officer should ask the arresting officer if there is any statement, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the City jail or the appropriate mental health facility.

The officer should promptly notify the Watch Commander of any conditions that may warrant immediate medical attention or other appropriate action. The Watch Commander shall determine
whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

902.4.1 SCREENING AND PLACEMENT
The officer responsible for an individual in custody shall (15 CCR 1050):

(a) Advise the Watch Commander of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).

(b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:

1. Consider whether the individual may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141), or whether the person is facing any other identified risk.

2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):

   (a) Continuous, direct sight and sound supervision.

   (b) Single-cell placement in a cell that is actively monitored on video by a member who is available to immediately intervene.

3. Ensure individuals are separated according to severity of the crime (e.g., felony or misdemeanor).

4. Ensure males and females are separated by sight and sound when in cells.

5. Ensure restrained individuals are not placed in cells with unrestrained individuals.

(c) Ensure that those confined under civil process or for civil causes are kept separate from those who are in temporary custody pending criminal charges.

(d) Ensure separation, as appropriate, based on other factors, such as age, criminal sophistication, assaultive/non-assaultive behavior, mental state, disabilities and sexual orientation.

902.4.2 CONSULAR NOTIFICATION
Consular notification may be mandatory when certain foreign nationals are arrested. The Patrol Division Commander will ensure that the U.S. Department of State’s list of countries and jurisdictions that require mandatory notification is readily available to [department/office] members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Prominently displayed signs informing foreign nationals of their rights related to consular notification should also be posted in areas used for the temporary custody of adults.

[Department/Office] members assigned to process a foreign national shall:

(a) Inform the individual, without delay, that he/she may have his/her consular officers notified of the arrest or detention and may communicate with them.
Temporary Custody of Adults

      (d) Document all notifications to the embassy or consulate and retain the faxed notification and any fax confirmation for the individual's file.
   2. If the country is not on the mandatory notification list and the individual requests that his/her consular officers be notified, then:
      (a) Notify the country's nearest embassy or consulate of the arrest or detention by fax or telephone.
      (b) Forward any communication from the individual to his/her consular officers without delay.

Temporary Custody of Adults

to the security of the facility, the appliance may be removed from the individual unless its removal
would be injurious to his/her health or safety.

Whenever a prosthetic or orthopedic appliance is removed, the Watch Commander shall be
promptly apprised of the reason. It shall be promptly returned when it reasonably appears that
any risk no longer exists (Penal Code § 2656; 15 CCR 1207).

902.5.5 TELEPHONE CALLS
Immediately upon being booked and, except where physically impossible, no later than three
hours after arrest, an individual in custody has the right to make at least three completed calls
to an attorney, bail bondsman, and a relative or other person (Penal Code § 851.5). Additional
calls may be made as reasonable and necessary (15 CCR 1067). In providing further access to
a telephone beyond that required by Penal Code § 851.5, legitimate law enforcement interests
such as officer safety, effect on ongoing criminal investigations and logistics should be balanced
against the individual’s desire for further telephone access.

(a) Telephone calls may be limited to local calls, except that long-distance calls may be

Temporary Custody of Adults

The responsible supervisor should be advised any time a request for religious accommodation is denied.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

Individuals wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite sex if they so desire. Religious garments that substantially cover the individual's head and face may be temporarily removed during the taking of any photographs.

For example, an individual may request property (i.e., cash, car or house keys, medications) be released to another person. A request for the release of property to another person must be made in writing. Release of the property requires the recipient’s signature on the appropriate form.

Upon release of an individual from temporary custody, his/her items of personal property shall be compared with the inventory, and he/she shall sign a receipt for the property's return. If the individual is transferred to another facility or court, the member transporting the individual is required to obtain the receiving person’s signature as notice of receipt. The Department/Office shall maintain a copy of the property receipt.

The Watch Commander shall be notified whenever an individual alleges that there is a shortage or discrepancy regarding his/her property. The Watch Commander shall attempt to prove or disprove the claim.

902.8 HOLDING CELLS
A thorough inspection of a cell shall be conducted before placing an individual into the cell to ensure there are no weapons or contraband and that the cell is clean and sanitary. An inspection also should be conducted when he/she is released. Any damage noted to the cell should be photographed and documented.

902.8.1 USE OF SOBERING CELL
Inmates who are to be held in the Temporary Holding Facility and who present a threat to their own safety or the safety of others due to their state of intoxication should be placed in a sobering cell until their condition allows for continued processing.

The following guidelines apply when placing any inmate in a sobering cell (15 CCR 1056):

(a) Placement of an inmate into the cell requires approval of the Watch Commander.

(b) A cell log shall be initiated every time an inmate is placed in the cell. The log shall be maintained for the entire time the inmate is housed in the cell.

(c) A safety check consisting of direct visual observation sufficient to assess the inmate’s well-being and behavior shall occur at least once every 30 minutes. Each safety check shall be documented in the cell log. Supervisors shall check the logs for completeness every two hours and document this action on the cell log.

(d) Under no circumstances shall an inmate be held in a sobering cell for more than six hours without being evaluated by qualified medical personnel to ensure that the inmate does not have an urgent medical issue.

(e) Inmates will be removed from the cell when they no longer pose a threat to their own safety and the safety of others, and are able to continue processing.

902.9 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY

1001.2 POLICY
The Banning Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to document the history of work performance based on job standards on an annual basis.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1001.3 EVALUATION PROCESS
Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee’s immediate supervisor. Other supervisors directly familiar with the employee’s performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Assessment of an employee’s job performance is an ongoing process and should be documented when appropriate using a Divisional File Comment Card. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing, within 30 days of receiving the evaluation, in memo format addressed to the Chief of Police.

1001.3.1 RESERVE OFFICER EVALUATIONS
Reserve officer evaluations are covered under the Reserve Officers Policy.
Evaluation of Employees

1001.5 FULL-TIME REGULAR STATUS PERSONNEL

A Report of Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire except for employees who have been promoted in which case a Report of Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

Divisional File Comment Cards should be used throughout an employee's evaluation period to document both positive and if necessary needs improvement activities.

A reassessment evaluation may be completed on employees in accordance with their Union's current MOU.

Sworn probationary employees shall have a “Probationary Performance Evaluation” completed on them six months after their initial start date with the department. A second and final “Probationary Performance Evaluation” shall be completed on probationary employees and submitted for review by Administration at least two weeks prior to the employee's probationary completion date.

1001.5.1 RATINGS
When completing the Performance Evaluation, the rater will place a check mark in the box that best describes the employee's performance in each of the categories. The definition of the rating category is as follows:

Meets Standards - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Needs Improvement - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked as needs improvement shall be substantiated with supporting documentation.

1001.6 EVALUATION INTERVIEW
When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the
Evaluation of Employees

results of the just completed rating period and clarify any questions the employee may have. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation.

1001.6.1 DISCRIMINATORY HARASSMENT FORM
At the time of each employee's annual evaluation, the reviewing supervisor shall require the employee to read the City and Department harassment and discrimination policies, as well as the Department's pursuit policy. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

(c) That the employee knows how and where to report harassment policy violations.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week.

The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

1001.6.2 DIVISIONAL FILE UPDATE

Supervisors are responsible for updating employee information in divisional files during the evaluation process. This includes purging documents that were used in documenting an employee's evaluation.

The Division Lieutenant shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Lieutenant shall evaluate the supervisor on the quality of ratings given.

1001.8 EVALUATION DISTRIBUTION

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.

(d) The timely communication of the outcome to the complainant.

1004.7 WHISTLE-BLOWING
California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

(a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member’s supervisor or any other member with the authority to investigate the reported violation.

(b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.

(c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.

(d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.

(e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1004.7.1 DISPLAY OF WHISTLE-BLOWER LAWS
The [Department/Office] shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).
Anti-Retaliation

1004.8 RECORDS RETENTION AND RELEASE
The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1004.9 TRAINING
The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
Reporting of Employee Convictions

1005.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the [Department/Office] of any past and current criminal convictions.

The Administration Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this [department/office] (11 CCR 1003).

The Administration Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this [department/office] or any former peace officer if this [department/office] was responsible for the investigation (11 CCR 1003).

1005.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member’s ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this [department/office] may be inherently in conflict with law enforcement duties and the public trust.
Reporting of Employee Convictions

1005.4 REPORTING PROCEDURE
All members of this [department/office] and all retired officers with an identification card issued by the [Department/Office] shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the [Department/Office] shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1005.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee’s own resources and on the employee’s own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee’s duties, the employee may be placed on administrative leave, reassigned or disciplined. The [Department/Office] may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.
Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1006.2 POLICY
It is the policy of this [department/office] to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on [department/office] time can endanger the health and safety of [department/office] members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1006.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the [Department/Office] while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1006.3.2 USE OF MARIJUANA
Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1006.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on [department/office] premises or on [department/office] time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.
Drug- and Alcohol-Free Workplace

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the [Department/Office].

1006.7 REQUESTING SCREENING TESTS
The supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.
1006.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1006.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the [Department/Office] will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.9 CONFIDENTIALITY
The [Department/Office] recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee’s other personnel files.
Sick Leave

1007.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1007.2 POLICY
It is the policy of the Banning Police Department to provide eligible employees with a sick leave benefit.

1007.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION
All members should personally notify their immediate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If the immediate supervisor is not available (Off-work or unreachable at work), members should verbally (No messages or texts) contact the On-Duty Public Safety Dispatcher to make the notification. The Dispatcher will then notify the On-Duty Watch Commander of the call-off, so he/she can address personnel shortages if needed. If due to an emergency, a member is unable to make contact with a supervisor or the On-Duty Dispatcher, every effort should be made to have a representative for the member contact the supervisor or the On-Duty Dispatcher (Labor Code § 246).

Whomever receives a member’s notification of not being able to report for work shall complete the appropriate off work notification form, with all the required information, and submit it to administration. The completed form will then be attached to the member’s time card when submitted to the City’s finance department for payroll purposes.
Sick Leave

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the [Department/Office] with no less than 30 days’ notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider’s statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1007.5 REQUIRED NOTICES

The Administrative Services Director shall ensure:

(a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.

(b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1007.6 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:

1. Negatively affected the member’s performance or ability to complete assigned duties.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.
Communicable Diseases

1008.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of [department/office] members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS
Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Banning Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

1008.3 POLICY
The Banning Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1008.4 EXPOSURE CONTROL OFFICER
The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
Communicable Diseases

(c) The provision that [department/office] members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:
   1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
   2. Bloodborne pathogen mandates including (8 CCR 5193):
      (a) Sharps injury log.
      (b) Needleless systems and sharps injury protection.
   3. Airborne transmissible disease mandates including (8 CCR 5199):
      (a) Engineering and work practice controls related to airborne transmissible diseases.
      (b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.
   4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).
   5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.
   6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).

(f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other [department/office] members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the [Department/Office] website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1008.5 EXPOSURE PREVENTION AND MITIGATION
1008.5.1  GENERAL PRECAUTIONS
All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or [department/office] vehicles, as applicable.

(b) Wearing [department/office]-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1008.5.2  IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1008.6  POST EXPOSURE
1008.6.1  INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.
Communicable Diseases

1008.6.2 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

(a) Name and Social Security number of the member exposed
(b) Date and time of the incident
(c) Location of the incident
(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
(e) Work being done during exposure
(f) How the incident occurred or was caused
(g) PPE in use at the time of the incident
(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1008.6.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
[Department/Office] members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.
(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1008.6.4 COUNSELING
The [Department/Office] shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1008.6.5 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate
Communicable Diseases

(8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.

(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).

(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.7 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.
Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Banning Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1009.2 POLICY
The Banning Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the [Department/Office] and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all [department/office] facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5).

1009.3 SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited anytime members are in public view representing the Banning Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles.

1009.4 ADDITIONAL PROHIBITIONS
No person shall use tobacco products within 20 feet of a main entrance, exit or operable window of any public building (including any [department/office] facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

1009.4.1 NOTICE
The Chief of Police or the authorized designee should ensure that proper signage is posted at each entrance to the [Department/Office] facility (Labor Code § 6404.5).
Personnel Complaints

1010.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Banning Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1010.2 POLICY
The Banning Police Department takes seriously all complaints regarding the service provided by the [Department/Office] and the conduct of its members.

The [Department/Office] will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this [department/office] to ensure that the community can report misconduct without concern for reprisal or retaliation.

1010.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of [department/office] policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate [department/office] policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the [Department/Office].

1010.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.
1010.3.2 SOURCES OF COMPLAINTS
The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any [department/office] member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

1010.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1010.4.1 COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the [department/office] website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1010.4.2 ACCEPTANCE
All complaints will be courteously accepted by any [department/office] member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of his/her statement at the time it is filed with the [Department/Office] (Penal Code § 832.7).

1010.4.3 AVAILABILITY OF WRITTEN PROCEDURES
The [Department/Office] shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1010.5 DOCUMENTATION
Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.
Personnel Complaints

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the [Department/Office] should audit the log and send an audit report to the Chief of Police or the authorized designee.

1010.6 ADMINISTRATIVE INVESTIGATIONS
Allegations of misconduct will be administratively investigated as follows.

1010.6.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
   1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
   2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.

(b) Responding to all complainants in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the [Department/Office] receiving the complaint.
   2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Watch Commander.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and the Chief of Police are notified via the chain of command as soon as practicable.

(e) Promptly contacting the Department of Human Resources and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
Personnel Complaints

(f) Forwarding unresolved personnel complaints to the Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.

(g) Informing the complainant of the investigator’s name and the complaint number within three days after assignment.

(h) Investigating a complaint as follows:

1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.

2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

(i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).

(j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1010.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Unit, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.

(b) Unless waived by the member, interviews of an accused member shall be at the Banning Police Department or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of an accused member.

(d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

(e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.

(f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a Lybarger advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related
Personnel Complaints

investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.

(i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual’s statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(j) All members shall provide complete and truthful responses to questions posed during interviews.

(k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor’s Brady list or the name of the officer may otherwise be subject to disclosure pursuant to Brady v. Maryland. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a Brady list or may otherwise be subject to disclosure pursuant to Brady v. Maryland (Government Code § 3305.5).

1010.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.
Personnel Complaints

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1010.6.4 DISPOSITIONS
Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve [department/office] members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or [department/office] policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1010.6.5 COMPLETION OF INVESTIGATIONS
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

1010.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS
The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1010.7 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.
Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1010.7.1 DISCLOSURE OF FINANCIAL INFORMATION
An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

(a) Pursuant to a state law or proper legal process
(b) Information exists that tends to indicate a conflict of interest with official duties
(c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1010.8 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the [Department/Office], the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any [department/office] badge, identification, assigned weapons and any other [department/office] equipment.
(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1010.9 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Banning Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.
1010.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES
Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1010.10.1 DIVISION COMMANDER RESPONSIBILITIES
Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1010.10.2 CHIEF OF POLICE RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

(a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.

(b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.

2. If the member elects to respond orally, the presentation may be recorded by the [Department/Office]. Upon request, the member shall be provided with a copy of the recording.
Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1010.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT
The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

1010.10.4 NOTICE REQUIREMENTS
The disposition of any civilian’s complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1010.11 PRE-DISCIPLINE EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.
(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
(d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1010.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.
1010.13 POST-DISCIPLINE APPEAL RIGHTS
Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a Brady list or is otherwise subject to Brady restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such Brady evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1010.13.1 WRITTEN REPRIMAND APPEAL PROCESS
In the absence of an appeal process for written reprimands in a bargaining groups current MOU, the following process will apply:

Any employee wishing to formally appeal a written reprimand must submit a written request to his/her Lieutenant within ten days of being served with the written reprimand. The Lieutenant will then assign the appeal to an uninvolved supervisor of at least one rank above the rank of the supervisor issuing the original written reprimand.

Absent a written stipulation to the contrary, the employee will be provided with an evidentiary hearing before the assigned uninvolved supervisor within 30 days. The decision of the assigned uninvolved supervisor to sustain, modify, or dismiss the written reprimand shall be considered final.

1010.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS
At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.
1010.15 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.
Seat Belts

1011.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1011.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1011.2 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1011.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1011.4 INOPERABLE SEAT BELTS
Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1011.5 POLICY
It is the policy of the Banning Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.
1011.6 TRANSPORTING CHILDREN
Children under the age of 8 shall be transported in compliance with California’s child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1011.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1011.8 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

1012.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1012.2 POLICY
It is the policy of the Banning Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1012.3 ISSUANCE OF BODY ARMOR
The Administration supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Banning Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1012.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.
(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
(d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1012.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.
Body Armor

1012.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1012.4 RANGEMASTER RESPONSIBILITIES
The Rangemaster should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

   2. Disciplinary action resulting from a sustained civilian's complaint shall be maintained pursuant to the established records retention schedule and at least five years (Penal Code § 832.5).

(f) Adverse comments such as supervisor notes or memos may be retained in the [department/office] file after the member has had the opportunity to read and initial the comment (Government Code § 3305).
   1. Once a member has had an opportunity to read and initial any adverse comment, the member shall be given the opportunity to respond in writing to the adverse comment within 30 days (Government Code § 3306).
   2. Any member response shall be attached to and retained with the original adverse comment (Government Code § 3306).
   3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment and the member should sign or initial the noted refusal. Such a refusal, however, shall
not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file (Government Code § 3305).

(g) Commendations and awards.

(h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1013.4 DIVISION FILE
Division files may be separately maintained internally by a member's supervisor for the purpose of completing timely performance evaluations. The Division file may contain supervisor comments, notes, notices to correct and other materials that are intended to serve as a foundation for the completion of timely performance evaluations.

All materials intended for this interim file shall be provided to the employee prior to being placed in the file in accordance with Government Code § 3305 and Government Code § 3306.

1013.5 TRAINING FILE
An individual training file shall be maintained by the Training Sergeant for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; and education and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

(a) The involved member is responsible for providing the Training Sergeant or immediate supervisor with evidence of completed training/education in a timely manner.

(b) The Training Sergeant or supervisor shall ensure that copies of such training records are placed in the member’s training file.

1013.6 INTERNAL AFFAIRS FILE
Internal affairs files shall be maintained under the exclusive control of the Professional Standards Unit in conjunction with the office of the Chief of Police. Access to these files may only be approved by the Chief of Police or the Professional Standards Unit supervisor.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition (Penal Code § 832.12). Investigations of complaints that result in the following findings shall not be placed in the member’s file but will be maintained in the internal affairs file:

(a) Not sustained

(b) Unfounded

(c) Exonerated

Investigation files arising out of civilian’s complaints shall be maintained pursuant to the established records retention schedule and for a period of at least five years. Investigations that
resulted in other than a sustained finding may not be used by the [Department/Office] to adversely affect an employee’s career (Penal Code § 832.5).

Investigation files arising out of internally generated complaints shall be maintained pursuant to the established records retention schedule and for at least two years (Government Code § 26202; Government Code § 34090).

1013.7 MEDICAL FILE
A medical file shall be maintained separately from all other personnel records and shall contain all documents relating to the member’s medical condition and history, including but not limited to:

(a) Materials relating to a medical leave of absence, including leave under the Family and Medical Leave Act (FMLA).

(b) Documents relating to workers’ compensation claims or the receipt of short- or long-term disability benefits.

(c) Fitness-for-duty examinations, psychological and physical examinations, follow-up inquiries and related documents.

(d) Medical release forms, doctor’s slips and attendance records that reveal a member’s medical condition.

(e) Any other documents or materials that reveal the member’s medical history or medical condition, including past, present or future anticipated mental, psychological or physical limitations.

1013.8 SECURITY
Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

1013.8.1 REQUESTS FOR DISCLOSURE
Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.
Personnel Records

All requests for disclosure that result in access to a member’s personnel records shall be logged in the corresponding file.

1013.8.2 RELEASE OF PERSONNEL INFORMATION
Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this department may be guilty of a misdemeanor (Penal Code § 146e).

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member’s representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

1013.9 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS
Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from his/her personnel records shall file a written request to the Chief of Police through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member’s request and the written response from the Department shall be retained with the contested item in the member’s corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

(a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.
(b) Confidential portions of internal affairs files that have not been sustained against the member.
(c) Criminal investigations involving the member.
(d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.

1013.10 RETENTION AND PURGING
Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

Each supervisor responsible for completing the member’s performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.

(b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.

(c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

1013.11 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS
Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Unit supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.

- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the Skelly or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

(a) Records relating to the report, investigation, or findings of:
   1. The discharge of a firearm at another person by an officer.
   2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.

(b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the [department/office] or oversight agency regarding:
   1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
   2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple officers, the [Department/Office] shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the officer. However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a sustained finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(4)).

1013.11.1 REDACTION
The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

(a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers

(b) Information that would compromise the anonymity of complainants and witnesses
Personnel Records

(c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force.

(d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person.

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1013.11.2 DELAY OF RELEASE
Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations
   1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
   2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who used the force.

(b) Filed criminal charges
   1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations
   1. Disclosure may be delayed until whichever occurs later:
      (a) There is a determination from the investigation whether the use of force violated law or [department/office] policy, but no longer than 180 days after the date of the [department/office]'s discovery of the use of force or allegation of use of force.
      (b) Thirty days after the close of any criminal investigation related to the officer’s use of force.

1013.11.3 NOTICE OF DELAY OF RECORDS
When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation,
the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

(a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:

(a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the [Department/Office] must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the [Department/Office] may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).

Sworn employees and dispatchers shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed officers shall take their breaks within the city limits unless on assignment outside of the city.

The time spent for the meal period shall not exceed the authorized time allowed by the employee's supervisor or as specified by the current MOU.

Lactation Break Policy

1021.1 PURPOSE AND SCOPE

1021.3 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1021.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207 and Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.
Lactation Break Policy

Overtime Compensation Requests

1023.1 PURPOSE AND SCOPE
It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1023.1.1 DEPARTMENT POLICY
Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment; however, the employee may not exceed the authorized hours as stated in the current MOU.

Employees working overtime, funded through grants or sources other than city funds, shall be compensated in cash only.

1023.2 REQUEST FOR OVERTIME COMPENSATION
Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1023.2.1 EMPLOYEES RESPONSIBILITY
Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Employees submitting overtime cards for on-call pay when off duty shall submit cards to the Watch Commander the first day after returning for work.

1023.2.2 SUPERVISORS RESPONSIBILITY
The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.
Overtime Compensation Requests

After the entry has been made on the employee’s time card, the overtime payment request form is forwarded to the employee's Division Commander for final approval.

1023.2.3 DIVISION LIEUTENANT RESPONSIBILITY
Division Lieutenants, after approving payment, will forward the form to the City’s Finance Department.

1023.3 ACCOUNTING FOR OVERTIME WORKED
Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., two hours for Court, four hours for outside overtime). The supervisor will enter the actual time worked.

1023.3.1 VARIATION IN TIME REPORTED
Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the overtime payment request.
Outside Employment

1024.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. 1024.1.1 DEFINITIONS

For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1024.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee’s immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1024.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee’s Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.
Outside Employment

If the employee’s appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1024.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

(a) Should an employee’s performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.

(c) If, at any time during the term of a valid outside employment permit, an employee’s conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee’s full time duties until the employee has returned to a full duty status.

1024.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

(a) Involves the employee’s use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.

(b) Involves the employee’s receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee’s duties as a member of this department.

(c) Involves the performance of an act in other than the employee’s capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee’s duties for this department less efficient.
Outside Employment

1024.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The officer(s) shall wear the departmental uniform/identification.
2. The officer(s) shall be subject to the rules and regulations of this department.
3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
5. Outside security services shall not be subject to the collective bargaining process.
6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1024.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE
Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1024.3.3 SPECIAL RESTRICTIONS
Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer’s law enforcement status.
1024.4 DEPARTMENT RESOURCES
Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee’s position with this department.

1024.4.1 REVIEW OF FINANCIAL RECORDS
Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1024.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1024.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member’s permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:
Outside Employment

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee’s failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Banning Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

Banning Police Department employees may not use or carry any safety item, tool or other piece
of equipment unless specifically authorized in the Uniform and Equipment Specifications or by the
Chief of Police or designee.
Police Cadets

1029.1 PURPOSE AND SCOPE
Cadets work under direct supervision, perform a variety of routine and progressively more advanced tasks in an apprenticeship program in preparation for a career in law enforcement.

1029.2 EDUCATION REQUIREMENTS
Cadets are required to maintain a minimum grade point average of 2.0 ("C" grade) for all courses taken. Cadets shall complete six semester units of college course work per semester and senior cadets shall complete 12 units per semester.

1029.3 PROGRAM COORDINATOR
The Chief of Police will assign a Program Coordinator of his choice. This supervisor will be responsible for tracking the educational and job performance of cadets as well as making their individual assignments throughout the Department. He/she will also monitor the training provided for all cadets and review all decisions affecting job assignments, status for compensation, school attendance and performance evaluations.

1029.3.1 PROGRAM ADVISORS
The Program Coordinator may select individual officers to serve as advisors for the Cadet Program. These officers will serve as mentors for each cadet. Cadets will bring special requests, concerns, and suggestions to their program advisor for advice or direction before contacting the Program Coordinator. One advisor may be designated as the Coordinator's assistant to lead scheduled meetings and training sessions involving the cadets. Multiple cadets may be assigned to each program advisor. Program advisors are not intended to circumvent the established chain of command. Any issues that may be a concern of the individual's supervisor should be referred back to the Program Coordinator.

1029.4 ORIENTATION AND TRAINING
Newly hired cadets will receive an orientation of the organization and facilities before reporting to their first assignment. On-the-job training will be conducted in compliance with the Cadet Training Manual. Training sessions will be scheduled as needed to train cadets for as many assignments as possible. In addition to job-specific training, information will be offered to prepare cadets to compete successfully in the police officer selection process, as well as the academy training. All training will focus on improving job performance, as well as preparation to become police officers. These meetings will also offer an opportunity to receive continuous feedback regarding progress of the program.

1029.5 CADET UNIFORMS
Each cadet will be provided two uniforms meeting the specifications described in the Uniform Manual for non-sworn employees.
1029.6  ROTATION OF ASSIGNMENTS
Rotating job assignments should occur on a regular basis to enhance the career development for each cadet. Department needs and concerns will take precedence over individual considerations with the final decision resting with the Training Bureau Manager.

In general, senior cadets will be assigned to positions requiring more technical skill or responsibility, as well as serving to train cadets for new assignments or those newly hired.

1029.7  RIDE-ALONG PROCEDURES
All cadets are authorized to participate in the Ride-Along Program on their own time and as approved by their immediate supervisor and the appropriate Watch Commander. Applicable waivers must be signed in advance of the ride-along. Cadets shall wear their uniform while participating on a ride-along.

1029.8  PERFORMANCE EVALUATIONS
Performance evaluations for all cadets shall be completed monthly during their first year on probation. Upon successful completion of probation, cadets and senior cadets will be evaluated on a yearly basis to assess their current job performance and their potential as police officers.
Pregnancy Leave

1030.1 PURPOSE AND SCOPE
The purpose of this policy is to provide for a leave of absence for female employees due to pregnancy.

1030.2 POLICY

1030.2.1 LEAVE OF ABSENCE
(a) Any female employee affected by pregnancy, childbirth, or related medical conditions may take a leave of absence for a reasonable period of time.
(b) Such period of time not to exceed four (4) months.
(c) The employee shall be entitled to utilize any accrued vacation leave during this period of time.

1030.2.2 DUTY ASSIGNMENT

(b) The transfer, if requested, shall be afforded the employee where such can be reasonably accommodated.
(c) The Department is not required to create additional employment which it would not otherwise have created, nor shall the Department discharge any employee, transfer any employee with more seniority, or promote any employee who is not qualified to perform the job.

Nepotism and Conflicting Relationships

1031.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure equal opportunity and effective employment practices by avoiding actual or perceived favoritism, discrimination or actual or potential conflicts of interest by or between members of this department. These employment practices include: recruiting, testing, hiring, compensation, assignment, use of facilities, access to training opportunities, supervision, performance appraisal, discipline and workplace safety and security.

1031.1.1 DEFINITIONS

1031.2 RESTRICTED DUTIES AND ASSIGNMENTS
The Department will not prohibit all personal or business relationships between employees. However, in order to avoid nepotism or other inappropriate conflicts, the following reasonable restrictions shall apply (Government Code § 12940):

(a) Employees are prohibited from directly supervising, occupying a position in the line of supervision or being directly supervised by any other employee who is a relative or with whom they are involved in a personal or business relationship.
Nepotism and Conflicting Relationships

1. If circumstances require that such a supervisor/subordinate relationship exist temporarily, the supervisor shall make every reasonable effort to defer matters pertaining to the involved employee to an uninvolved supervisor.

2. When personnel and circumstances permit, the Department will attempt to make every reasonable effort to avoid placing employees in such supervisor/subordinate situations. The Department, however, reserves the right to transfer or reassign any employee to another position within the same classification in order to avoid conflicts with any provision of this policy.

(b) Employees are prohibited from participating in, contributing to or recommending promotions, assignments, performance evaluations, transfers or other personnel decisions affecting an employee who is a relative or with whom they are involved in a personal or business relationship.

(c) Whenever possible, FTOs and other trainers will not be assigned to train relatives. FTOs and other trainers are prohibited from entering into or maintaining personal or business relationships with any employee they are assigned to train until such time as the training has been successfully completed and the employee is off probation.

(d) To avoid actual or perceived conflicts of interest, members of this department shall refrain from developing or maintaining personal or financial relationships with victims, witnesses or other individuals during the course of or as a direct result of any official contact.

(e) Except as required in the performance of official duties or, in the case of immediate relatives, employees shall not develop or maintain personal or financial relationships with any individual they know or reasonably should know is under criminal investigation, is a convicted felon, parolee, fugitive or registered sex offender or who engages in serious violations of state or federal laws.

1031.2.1 EMPLOYEE RESPONSIBILITY
Prior to entering into any personal or business relationship or other circumstance which the employee knows or reasonably should know could create a conflict of interest or other violation of this policy, the employee shall promptly notify his/her uninvolved, next highest level of supervisor.

Whenever any employee is placed in circumstances that would require the employee to take enforcement action or provide official information or services to any relative or individual with whom the employee is involved in a personal or business relationship, the employee shall promptly notify his/her uninvolved, immediate supervisor. In the event that no uninvolved supervisor is immediately available, the employee shall promptly notify dispatch to have another uninvolved employee either relieve the involved employee or minimally remain present to witness the action.
1031.2.2 SUPERVISOR’S RESPONSIBILITY
Upon being notified of, or otherwise becoming aware of any circumstance that could result in or constitute an actual or potential violation of this policy, a supervisor shall take all reasonable steps to promptly mitigate or avoid such violations whenever possible. Supervisors shall also promptly notify the Chief of Police of such actual or potential violations through the chain of command.
Temporary Modified-Duty Assignments

1032.1 PURPOSE AND SCOPE
This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1032.2 POLICY
Subject to operational considerations, the Banning Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1032.3 GENERAL CONSIDERATIONS
Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Banning Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee’s ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

1032.4 PROCEDURE
Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.
Temporary Modified-Duty Assignments

Employees seeking a temporary modified-duty assignment should submit a written request to their Division Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

(a) An assessment of the nature and probable duration of the illness or injury.
(b) The prognosis for recovery.
(c) The nature and scope of limitations and/or work restrictions.
(d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
(e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Division Commander will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

1032.4.1 MODIFIED-DUTY SCHEDULES

The schedules of employees assigned to modified duty may be adjusted to suit medical appointments or Department needs at the discretion of the Division Commander.

The employee and his/her supervisors should be informed in writing of the schedule, assignment and limitations and restrictions as determined by the employee's health care provider.

1032.4.2 ACCOUNTABILITY

The employee's supervisor shall coordinate efforts to ensure proper time accountability and shall complete and process a change of shift/assignment form.

(a) Employees on modified duty are responsible for coordinating required doctor visits and physical therapy appointments in advance with their supervisor to appropriately account for any duty time taken. Doctor visits and appointments for treatment of injuries or illnesses that are not work related shall be arranged during off-duty time or otherwise charged to the employee's sick leave.

(b) Employees shall promptly submit a status report for each visit to their treating health care provider and shall immediately notify their supervisor of any change in restrictions or limitations as determined by their health care provider. An employee assigned to a modified-duty assignment shall provide a duty status report to their supervisor no less than once every 30 days while the employee is on modified duty.

(c) Supervisors shall keep the Division Commander apprised of the employee's status and ability to perform the modified-duty assignment. Modified-duty assignments that
Temporary Modified-Duty Assignments

extend beyond 60 days will require a written status report and a request for an extension to the Division Commander with an update of the employee's current status and anticipated date of return to regular duty. Extensions require approval of the Chief of Police.

(d) When it is determined that an employee on modified duty will return to regular duty, the supervisor shall notify the Division Commander and complete and process a change of shift/assignment form. All training and certification necessary for return to duty shall be reviewed and updated as necessary.

1032.4.3 MEDICAL EXAMINATIONS
The Department reserves the right to require, prior to returning to full-duty status, a fitness-for-duty examination of any employee assigned to a modified-duty assignment or of any employee having been on such assignment. Such examinations shall be at the expense of the Department.

Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

1032.5 ACCOUNTABILITY
Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Division Commander.

1032.5.1 EMPLOYEE RESPONSIBILITIES
The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

(a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.

(b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.

(c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.

(d) Submitting a written status report to the Division Commander that contains a status update and anticipated date of return to full-duty when a temporary modified-duty assignment extends beyond 60 days.

1032.5.2 SUPERVISOR RESPONSIBILITIES
The employee’s immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified duty.

The responsibilities of supervisors shall include, but not be limited to:
Temporary Modified-Duty Assignments

(a) Periodically apprising the Division Commander of the status and performance of employees assigned to temporary modified duty.

(b) Notifying the Division Commander and ensuring that the required documentation facilitating a return to full duty is received from the employee.

(c) Ensuring that employees returning to full duty have completed any required training and certification.

1032.6 MEDICAL EXAMINATIONS
Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1032.7 PREGNANCY
If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

1032.7.1 NOTIFICATION
Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City’s personnel rules and regulations regarding family and medical care leave.

1032.8 PROBATIONARY EMPLOYEES
Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified duty.

1032.9 MAINTENANCE OF CERTIFICATION AND TRAINING
Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.
Employee Speech, Expression and Social Networking

1033.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the [Department/Office].

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1033.1.1 APPLICABILITY
This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1033.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this [department/office]. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this [department/office] be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Banning Police Department will carefully balance the individual employee’s rights against the [Department/Office]’s needs and interests when exercising a reasonable degree of control over its employees’ speech and expression.

1033.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Banning Police Department employees, such as posting personal information in a public forum, can result in compromising an employee’s home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee’s family, or associates.
Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

### 1033.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the [department/office]’s safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Banning Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Banning Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Banning Police Department or its employees. Examples may include:

1. Statements that indicate disregard for the law or the state or U.S. Constitution.
2. Expression that demonstrates support for criminal activity.
3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the [Department/Office]. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Banning Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the [Department/
Office] for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of [department/office] logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Banning Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

(h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or [department/office]-owned, for personal purposes while on-duty, except in the following circumstances:

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).

2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1033.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS
While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Banning Police Department or identify themselves in any way that could be reasonably perceived as representing the Banning Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

(a) Endorse, support, oppose or contradict any political campaign or initiative.

(b) Endorse, support, oppose or contradict any social issue, cause or religion.

(c) Endorse, support or oppose any product, service, company or other commercial entity.

(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or officer associations), is affiliated with this [department/office], the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Banning Police Department.
Employee Speech, Expression and Social Networking

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1033.5 PRIVACY EXPECTATION
Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any [department/office] technology system (see the Information Technology Use Policy for additional guidance).

The [Department/Office] shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the [Department/Office] may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1033.6 CONSIDERATIONS
In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the [Department/Office] or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the [Department/Office].

(d) Whether the speech or conduct would negatively affect the member’s appearance of impartiality in the performance of his/her duties.

(e) Whether similar speech or conduct has been previously authorized.

(f) Whether the speech or conduct may be protected and outweighs any interest of the [Department/Office].
Illness and Injury Prevention

1034.1 PURPOSE AND SCOPE
The purpose of this policy is to establish an ongoing and effective plan to reduce the incidence of illness and injury for members of the Banning Police Department, in accordance with the requirements of 8 CCR § 3203.

This policy specifically applies to illness and injury that results in lost time or that requires medical treatment beyond first aid. Although this policy provides the essential guidelines for a plan that reduces illness and injury, it may be supplemented by procedures outside the Policy Manual.

This policy does not supersede, but supplements any related Citywide safety efforts.

1034.2 POLICY
The Banning Police Department is committed to providing a safe environment for its members and visitors and to minimizing the incidence of work-related illness and injuries. The [Department/Office] will establish and maintain an Illness and Injury Prevention program and will provide tools, training and safeguards designed to reduce the potential for accidents, illness and injuries. It is the intent of the [Department/Office] to comply with all laws and regulations related to occupational safety.

1034.3 ILLNESS AND INJURY PREVENTION PLAN
The Administration Division Commander is responsible for developing an illness and injury prevention plan that shall include:

(a) Workplace safety and health training programs.
(b) Regularly scheduled safety meetings.

   1. Meet regularly.
   2. Prepare a written record of safety and health committee meetings.
   3. Review the results of periodic scheduled inspections.
   4. Review investigations of accidents and exposures.
   5. Make suggestions to command staff for the prevention of future incidents.
   6. Review investigations of alleged hazardous conditions.
   7. Submit recommendations to assist in the evaluation of member safety suggestions.
   8. Assess the effectiveness of efforts made by the [Department/Office] to meet relevant standards.
Illness and Injury Prevention

(f) Establishment of a process to ensure serious illnesses or injuries and death are reported as required by the Division of Occupational Safety and Health Administration (Cal/OSHA) (8 CCR § 342).

1034.4 ADMINISTRATION DIVISION COMMANDER RESPONSIBILITIES
The responsibilities of the Administration Division Commander include but are not limited to:

(a) Managing and implementing a plan to reduce the incidence of member illness and injury.

(b) Ensuring that a system of communication is in place that facilitates a continuous flow of safety and health information between supervisors and members. This system shall include:
   1. New member orientation that includes a discussion of safety and health policies and procedures.
   2. Regular member review of the illness and injury prevention plan.

(c) Ensuring that all safety and health policies and procedures are clearly communicated and understood by all members.

(d) Taking reasonable steps to ensure that all members comply with safety rules in order to maintain a safe work environment. This includes but is not limited to:
   1. Informing members of the illness and injury prevention guidelines.
   2. Recognizing members who perform safe work practices.
   3. Ensuring that the member evaluation process includes member safety performance.
   4. Ensuring [department/office] compliance to meet standards regarding the following:
      (a) Respiratory protection (8 CCR § 5144)
      (b) Bloodborne pathogens (8 CCR § 5193)
      (c) Aerosol transmissible diseases (8 CCR § 5199)
      (d) Heat illness (8 CCR § 3395)
      (e) Emergency Action Plan (8 CCR § 3220)

      (g) Hazards associated with wildfire smoke (8 CCR § 5141.1)

(e) Making available the Identified Hazards and Correction Record form to document inspections, unsafe conditions or work practices, and actions taken to correct unsafe conditions and work practices.

(f) Making available the Investigation/Corrective Action Report to document individual incidents or accidents.
Illness and Injury Prevention

(g) Making available a form to document the safety and health training of each member. This form will include the member’s name or other identifier, training dates, type of training, and training providers.

(h) Conducting and documenting a regular review of the illness and injury prevention plan.

1034.5 SUPERVISOR RESPONSIBILITIES
Supervisor responsibilities include, but are not limited to:

(a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.

(b) Training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Standards of Conduct Policy.

(c) Establishing and maintaining communication with members on health and safety issues. This is essential for an injury-free, productive workplace.

(d) Completing required forms and reports relating to illness and injury prevention; such forms and reports shall be submitted to the Administration Division Commander.

(e) Notifying the Administration Division Commander when:
   1. New substances, processes, procedures or equipment that present potential new hazards are introduced into the work environment.
   2. New, previously unidentified hazards are recognized.
   3. Occupational illnesses and injuries occur.
   4. New and/or permanent or intermittent members are hired or reassigned to processes, operations or tasks for which a hazard evaluation has not been previously conducted.
   5. Workplace conditions warrant an inspection.

1034.6 HAZARDS
All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.
Illness and Injury Prevention

All significant actions taken and dates they are completed shall be documented on an Identified Hazards and Correction Record form. This form should be forwarded to the Administration Division Commander via the chain of command.

The Administration Division Commander will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1034.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Administration Division Commander shall ensure that the appropriate documentation is completed for each inspection.

1034.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field. Members shall complete the Identified Hazards and Correction Record form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

1034.8 INVESTIGATIONS

Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- A visit to the accident scene as soon as possible.
- An interview of the injured member and witnesses.
- An examination of the workplace for factors associated with the accident/exposure.
- Determination of the cause of the accident/exposure.
- Corrective action to prevent the accident/exposure from reoccurring.
- Documentation of the findings and corrective actions taken.
- Completion of an Investigation/Corrective Action Report form.
- Completion of an Identified Hazards and Correction Record form.

Additionally, the supervisor should proceed with the steps to report an on-duty injury, as required under the Occupational Disease and Work-Related Injury Reporting Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.
1034.9 TRAINING

Reference: New Text to 9-1-1 Communication Policy

Date: February 3, 2016

Effective today’s date, the attached “Text to 9-1-1” policy is in place. This policy will be added to the policy and procedure manual as it is updated in the future. Although this policy primarily involves the department’s dispatch center, everyone should read it to gain a better understanding of the “Text to 9-1-1” benefits and capabilities.
Text to 9-1-1 Communication System

802.5 Text to 9-1-1

Text-to-911 provides equal access to emergency services for the Deaf and Hard of Hearing Community as well as an alternate method of reporting emergencies when other traditional avenues are unavailable.

The Short Message Service (SMS) also known as text messaging provides support for wireless subscribers to send 911 SMS text messages to Public Safety Answering Points (PSAPs) by using the single code 911 as the destination address of the SMS message.

As with standard practice in the Communications Center, Text-to-911, is for official business and will fall under the same standards for recording and retention.

The following procedures will be followed for the processing of Short Message Service (SMS) to 911.

802.5.1 Logging on/off of the TCS EMedia Services 911 Platform

Beginning of Shift

Dispatchers assigned to receive Text-to-911 (SMS) messaging will log into the TCS EMedia 9-1-1 platform at the beginning of their shift provided there at least two (2) dispatchers on duty, as messages will only be received when logged on. Each dispatcher will ensure that the software is open and operational.

The EMedia software will be used in accordance with the training and policies that has been developed and presented.

Breaks

When the dispatcher is on break (Meal, restroom, etc) they will ensure that their assigned partner is available and they will log off of the system to avoid receiving a text-to-911 (SMS) message that may go unanswered. The remaining on-duty dispatcher has the option of logging off the system until the second dispatcher returns from their break.

End of Shift

At the end of their shift, or a change in assignment, the dispatcher will log off of the system after confirming their partner is available. During periods of shift change it is incumbent upon both dispatchers to provide and receive briefing or call information that is relevant to any active SMS calls for service.
802.5.2 Volume Control

When logged into the system, dispatchers must keep the volume for the text-to-911 (SMS) message on and set to an audible tone that can be heard by the dispatcher, as it is one of the indicators that a new 9-1-1 text message has been received.

802.5.3 Receiving a Text-to-911 Call

Prioritizing calls

All 9-1-1 calls are processed equally without regard to hierarchy and therefore Text-to-911 (SMS) lines will be accepted and answered immediately without delay and all calls shall be prioritized based on the nature of the call whether voice or text.

Ready/Not Ready

Upon receiving a Text-to-911 (SMS) call, the dispatcher may place themselves, “Not Ready/Busy,” on the telephone system until the text messaging call has been handled.

Location Accuracy

It is imperative that the location be obtained at the earliest convenience because routing for location accuracy varies between cellular providers and for practical purposes it should be treated as a Phase 1.

Rebid

At this time, the dispatcher is limited to a maximum of 5 rebids/refresh for updated location accuracy. The highlighted number in the center of the map indicates the number of times the location has been rebid/refreshed. Keep in mind the limits as you process the call.

Upon transferring to another PSAP, the new dispatcher will receive a new allocation of 5 opportunities to rebid/refresh the location.

802.5.4 Drop Down Question Menu

There are several frequently asked questions designed as pre-set messages that the call taker may use to ease the processing of the text conversation. The canned messages should be used whenever possible to both expedite the call taking process and for consistency between calls. The flow of the text conversation should emulate those of voice 9-1-1 calls in that the 5 1/2 W’s; Where, What, Who, When, Weapons, and How should be answered. Dispatchers will not use jargon, abbreviations, or acronyms but rather spell out questions to avoid misunderstanding with the callers.
1. The caller will be greeted with the following script: “Banning Police Department what is the location/address of the emergency you are reporting?”

Because it is imperative that the location be obtained and verified because routing for location accuracy varies between cellular providers and for practical purposes it should be treated as a phase, the dispatcher must ask for an address of the emergency. This helps to locate the subject in case of an emergency in the future and being able to ID who texted from a specific cell number. This alleviates unnecessary calls to the cellphone security/tracking companies and saves times, when they do not speak or provide an address.

2. The dispatcher should ask the caller if they can call in by voice and if it is safe for them to do so.

3. The dispatcher should ask the caller if they can receive a voice callback if necessary and if it is safe for them to receive a call from 9-1-1.

4. The dispatcher will always generate a call for service in CAD via RIMS mask and then determine if a field unit’s response is necessary. Under the source they will indicate, C, for cellular text.

5. Officer safety questions including the involvement of alcohol, drugs, and weapons will be asked.

802.5.5 Source Code and Call Type

The source code for all text calls will be “C” and the call type will be T911.

802.5.6 Multiple Text-to-911 Conversations

Each dispatcher assigned to Text-to-911 will process no more than two callers or conversations at once. Since multiple text sessions may be handled at once, per dispatcher, the highest priority Text-to-911 will be determined by the nature of the emergency.

Multiple texts, different incidents

It is imperative that if you receive multiple texts you respond to each message to ensure which call takes priority.

Multiple texts, same incident

If multiple texts are received about the same call or incident you must respond to each message to ensure that they are indeed related and not a different call.
802.5.7 Jurisdictional Boundaries

The caller is anchored to the originating PSAP until the dispatcher ends the conversation or transfers to another jurisdiction that accepts Text-to-911 calls. Upon successful transfer, the dispatcher may end their respective session by releasing the session.

Callers in a different Jurisdiction

SMS is an emerging technology and it is possible to receive a text from a caller that is not in your jurisdiction. If the text session enters another jurisdiction, then the incident will be passed on to that agency, either by transferring the session or by relaying all the information by voice.

Callers that travel into a different Jurisdiction – accepts text

If the caller leaves our jurisdiction the dispatcher will transfer the text session to the agency responsible for that jurisdiction if they are capable of receiving text sessions.

Callers that travel into a different Jurisdiction – does not accepts text

If the receiving agency does not have the capability of receiving text, the original dispatcher will maintain the session and relay the information to the appropriate agency.

802.5.8 Medical/Fire Calls

If it is determined that medical or fire suppression attention is necessary, and the responding agency is capable of receiving text sessions, the dispatcher will transfer the call via Text to the appropriate agency.

Prior to transfer

The dispatcher will send a text message to the caller stating, “Please stand by, I am connecting you with Fire/Medical services.

Secondary PSAP cannot accept text sessions

1. If the appropriate agency cannot process Text-to-911 calls the dispatcher will direct the caller to make a voice call to 9-1-1.

2. If the caller cannot make a voice call the dispatcher will take the necessary information and verbally turn it over to the correct agency. The dispatcher will then have to verbally update the responding agency as additional information is received, via text messaging

802.5.9 “E” priority calls for service

The dispatcher will keep the text session open to obtain and update officer safety information as well as update the call accordingly until an officer has made contact.
802.5.10   Texts Received in Languages other than English

Only dispatchers who have been recognized by the City of Banning as bi-lingual based on their language skills may answer calls via text in the approved language.

1. If the dispatcher assigned to Text-to-911 is not certified by the aforementioned criteria they will direct the caller to make a voice call to 9-1-1.

2. For callers texting in a language other than Spanish the dispatcher will direct them to make a voice call to 9-1-1.

3. If the dispatcher assigned to Text-to-911 is certified for written Spanish language skills and receives a call in Spanish from someone outside of our jurisdiction who is a member of the Deaf and Hard of Hearing community or in an emergency situation where it is too dangerous to make a voice call the dispatcher will process the call, gathering the necessary information, and contact the correct agency and provide them the information.

At this time, only Spanish, is offered as a second language but language translation services in the EMedia platform are currently in development to address the needs of our constituency.

802.5.11  Non-Response

Possible emergency

If there is language within the original text to indicate that there may be a legitimate emergency the dispatcher will message back the following:

“If you have an emergency, text or call 9-1-1.”

If there is still no response create a call for service using the type code T911 using the best known location, either latitude/longitude, or address. If there are indications that the circumstances would fit another type code use the most appropriate type code.

Possible accidental text

If the language within the original text does not indicate that there is an emergency or that it was a misdial or accidental text the dispatcher will message back the following:

“If you have an emergency, text or call 9-1-1.”

802.5.12  Anonymous Text

At this time, using the interim Text-to-911 solution, the caller must have a data plan through a wireless carrier so there will not be a truly anonymous text.

If there is an indication that a legitimate emergency is occurring and the caller is non-responsive the dispatcher will create a call for service using the non-responsive protocol.
In addition, the dispatcher will notify the Watch Commander who will in turn follow the protocol for obtaining subscriber information and create a call for service as the situation dictates.

805.5.13 Ending the Call

Confirming the address

Before ending the call, the dispatcher will advise the caller that the requested assistance is being sent to the address that the caller provided. This will help confirm that the address of the incident location is correct.

For example, “Deputies will be dispatched to 123 W. Main Street in Banning”

Notifying the caller the session will end

The dispatcher will send the caller a message indicating that the text session has ended and then the dispatcher may end the session by using the Release button. Dispatchers will keep in mind, that a text messaging session cannot be restored or initiated by the dispatcher. Text sessions may only be initiated by callers and may only be ended by the dispatcher.

805.5.14 Multimedia Message Attachments (MMS)

In the unlikely event a text message contains multimedia content, the dispatcher shall not open the content, click any link, or open any dialog box containing the content. Instead, the dispatcher will indicate in the text of the call for service that multimedia content was contained in the text and the time stamp.

Re: Dispatcher Note/Description Entry Directive

Effective immediately, department personnel shall not alter or delete any notes/description entries made by public safety dispatchers in the RIMS system. If department personnel believe incorrect information was entered by dispatch in the notes/description sections, they should contact the on-duty watch commander to determine if a change is needed.

The watch commander shall communicate with the on-duty dispatcher(s) to make changes to the notes/description entries if needed. If the Lead Public Safety Dispatcher is not on-duty at the time of the change, the watch commander shall send an email notifying them of the change for documentation and training purposes.

Date: 09/02/2013

Sir,

In May of this year, Lt. Holder asked me to compose a list of the ammunition the department uses, and why.

The list below was compiled based on ballistic tests from Winchester and the Federal Bureau of Investigation. I have also spoken with San Bernardino Sheriff's Office (SBSO) range staff, which does our perishable skills training and also their own ballistic tests.

Based on the information obtained from the above resources and my training and experience, I feel the following list of ammunition fits the needs of our department:

Winchester 9mm Luger, 115 grain, full metal jacket (practice)
Winchester Ranger 9mm Luger, 147 grain, T-Series (MP-5)
Winchester Ranger, 9mm Luger, 127 grain +P+, T-Series (duty)

Winchester 40 S&W, 180 grain, full metal jacket (practice)
Winchester Ranger 40 S&W, 180 grain, SXT (duty)

Winchester 357 Sig, 125 grain, full metal jacket (practice)
Winchester Ranger 357 Sig, 125 grain, SXT (duty)

Winchester 45 automatic, 230 grain, full metal jacket (practice)
Winchester Ranger 45 automatic +P, (duty)

Winchester 12 gauge, 2 ¾ inch, 1325 velocity, 9 pellet, 00 buck (practice/duty)

Winchester Super X, rifled shot shell, 12 gauge, 2 ¾ inch, Max DR EQ, 1 ounce, slug
(practice/duty)

Winchester 5.56, 55 grain, full metal jacket (practice and special applications such as when
greater penetration is needed)
Winchester 223 Remington, 55 grain, pointed soft point (duty)

In reference to back-up, off-duty and alternate-duty weapon ammunition, it’s recommended that
be “per the weapon manufacturer specifications”, however, no type of reloaded ammunition
(personal or factory) is allowed for use. Additionally, if ammunition for the above listed weapons
is a caliber we do not stock, it will be the officer’s responsibility to purchase.

I have attached a manufacturer’s ballistic chart for these cartridges along with an independent
comparison ballistic chart for 9mm along with San Bernardino Sheriff’s Departments Approved
Ammunition List.

Very Respectfully,
Sgt. Nic Schoen
2019 Dispatch Personal Electronic Device (PED) Directive.pdf
To: BPD Dispatch Personnel

From: Phil Holder, Captain

Reference: Use of Personal Electronic Devices (PEDs) in the Communication Center

The purpose of this directive is to set forth guidelines for the use of PEDs by public safety dispatchers to ensure their use does not disrupt the operational efficiency of the communication center. PEDs include but are not limited to computer laptops, iPads, tablets, and mobile phones.

Public Safety Dispatchers utilizing a PED in the communication center shall adhere to the following directive:

**Times of Authorized Use:**
- PEDs may be used by public safety dispatchers when they have no pending job related duties and there is no radio, phone, or text activity to handle.
- All PEDs in use will be immediately paused or turned off when any radio traffic, phone calls, or texts are received in the communication center. PEDs shall not be allowed back on until there is no further radio, phone, or text activity to be handled in the communication center.
- Communication Training Officers (CTOs) shall not use PEDs when assigned to a public safety dispatcher trainee with the exception of answering personal mobile phone calls, which should only last a moment or two. This is to ensure CTOs maintain their full attention on trainees and their job performance. CTOs should utilize “slow” times in the communication center as opportunities to provide additional training for the trainees.
- Public Safety Dispatcher Trainees are not authorized to use PED’s while in training with the exception of answering personal mobile phone calls. Which should only last a moment or two.

**PED and Internet Connections:**
- PEDs shall not utilize the department’s Wi-Fi network to access the internet.
- Personal Wi-Fi networks (Hotspots) shall not interfere with the department’s IT network equipment.
- At no time shall a PED in any form be connected to a department computer, monitor, or IT network.

**When in Use:**
- PEDs shall never be positioned in a manner that will restrict the view and/or access of department equipment.
- Earphones shall never be used with PEDs.
- The volume of PEDs shall be maintained at a level that is not disruptive to the operations of the communication center.
- Programming watched on the PEDs shall not contain vulgar language, nudity, or other content not appropriate for the work place.

Remember, the use of PEDs is a privilege and not a right.

Reference: Directive Regarding Habitual Runaways/Missing Persons

Date: November 19, 2014

When a group home employee, foster worker, social worker, or parent wants to report a minor (who is not at risk) as a runaway/missing person, an officer or dispatcher may complete or accept a Habitual Runaway/Missing Person report form as the first step of a Runaway/Missing Person Investigation if the missing juvenile has developed a pattern of being a runaway/missing person. A runaway/missing person pattern will be considered as three or more runaway/missing person reports taken within a six month period of one another. This will also apply to non-at risk adults who establish the same pattern of being a reported missing person.

Department personnel (Officers, Records Personnel, and Dispatchers) shall accept all Habitual Runaway/Missing Person Report Forms and make sure they are correctly filled out and signed by the reporting party before providing an incident number. Once completed the form shall be scanned into the assigned incident along with the required CLETS/MUPS entries and required APRS for missing persons.

The Habitual Runaway/Missing Person report form is not to be used when there is information to indicate the minor or adult is at risk. In cases involving an at-risk minor or adult, all investigative measures and time specific requirements outlined in the department policy manual shall be followed.

Dispatch will maintain the Habitual Runaway/Missing Person Report Form in dispatch and check with the group home or reporting party to see if the minor/adult has returned. If the minor/adult has not returned within 72 hours, the Habitual Runaway/Missing Person Report Form shall be given to a patrol officer who will be assigned to conduct a detailed investigation, as to the circumstances related to the runaway/missing person, and generate an investigative report to document the follow-up investigation.

If the Habitual Runaway/Missing Person returns within 72 hours, the reporting party can report them as returned by speaking to a dispatcher and completing the same form, while checking the “Returned Runaway/Missing Person” box, and forwarding it to the Dispatcher. Dispatchers will ensure the form is completed fully and signed. The dispatcher shall then scan the form into the incident along with the appropriate CLETS/MUPS entries taking the runaway/missing person out of the system. Both original copies of the Habitual Runaway/Missing Person form will then be forward to the records department for retention.

If at any time during the process of completing the Habitual Runaway/Missing Person report form an employee suspects the reporting party is not being truthful, the employee shall immediately notify the on-duty Watch Commander of the circumstances.

This new directive takes effect immediately.

Department Updated Policy/Directive

To: All Personnel  
From: Alejandro Diaz, Chief of Police  
Reference: New Load Bearing Vest (LBV) Policy  
Date: March 16, 2017

Effective today’s date, the attached LBV policy is now in place.

BPS Tactical, Inc. the authorized manufacture for the LBV asks that you call to make an appointment before showing up to be fitted for the vest.
LOAD BEARING VEST (LBV)

As an alternative to the traditional “Sam Browne” equipment belt, the Load Bearing Vest (LBV) may be worn by sworn personnel in uniformed assignments such as patrol, traffic, designated special events, and by non-uniformed personnel, such as detectives, while on-duty. The authorization of the LBV does not relieve the requirement that all sworn officers maintain a serviceable Class A and Class B uniform, to include a serviceable “Sam Browne” equipment belt, at all times. All specifications and uniform standards not specifically addressed in the LBV section shall default to the existing Class A and B uniform requirements.

Employees who choose to wear the LBV shall ensure it fits properly, is clean and free of stains, and is not damaged or excessively worn. The LBV is optional and shall be purchased totally at the expense of the employee. No part of the purchase cost shall be offset by the Department. Maintenance of the load bearing vest shall be the financial responsibility of the purchasing employee. For example, repairs due to normal wear and tear.

The color of the LBV shall be black, or olive green when assigned to the Gang Task Force. In order to provide a more professional appearance, the MOLLE design shall not be used on the LBV. Instead, pockets shall be sewn onto the LBV in a manner that securely holds their contents in place. The sole authorized manufacture for the department’s LBV is BPS Tactical, Inc. This company has all the Banning PD specifications for the vest.

The following specifications for insignia and design of the LBV shall be followed:

a. The officer’s first initial and last name shall be located on the right breast by means of an embroidered cloth name tape. The letters shall be yellow gold colored and ¾” tall. The word “POLICE” shall be yellow gold colored, 1” tall, and attached to the right breast directly under the employee’s name. A Banning Police Department cloth badge shall be attached to the left breast. The word “POLICE” shall be centered on the back of the LBV, yellow gold in color and 4” tall.

b. Only authorized equipment shall be worn on the LBV in the following manner:

1. The Taser device and baton shall be carried in a weak-side position on the LBV and/or duty belt opposite the duty weapon. Due to space limitations on the LBV, one of the noted devices may require positioning on the duty belt to avoid overcrowding of equipment on the LBV.

2. When attached to the LBV, the Body Camera device shall be carried in a central location on the front of the LBV that provides an optimal view for recording.

3. Equipment pockets must be sufficient to securely carry required equipment (Taser, Body Camera, OC Spray, Handcuffs, Baton, Handgun Magazines, Radio, and Digital Audio Recording Device) and optional equipment if desired (Flashlight, Keys, Cell Phone, Knife, Utility Pouch, etc.) on the LBV with exception of the duty handgun. Equipment pockets may not extend laterally above the bottom edge.
of the cloth badge and shall be limited to eight (8) total pockets on the front and side straps and a maximum of two (2) handcuff cases on the back of the LBV. A tab for the radio microphone does not count towards the 8 pockets.

4. Other than the Taser and Baton devices, placement of equipment pockets on the LBV is the choice of the employee so long as their placement does not interfere with the required LBV insignia and is easily accessible by the employee. Placement of equipment pockets on LBV's used by employees on a specialized task forces may vary according to their team standards.

5. Department issued body armor shall be worn as an insert to the LBV per manufacturer's guidelines. The LBV shall also be designed with internal pockets (front and back) to accommodate placement of department issued ballistic hard armor plates, when necessary.

6. Rifle magazines and fixed blade knives shall not be carried on the LBV. If worn on the LBV folding blade knives shall be concealed in a pocket.

c. The following uniform and duty holster specifications apply for employees wearing the LBV:

1. The authorized uniform to wear with the LBV is the Class C Uniform with the 5.11 Navy Blue Polo Shirt with department shoulder patches and rank if appropriate.

2. The LBV shall not be worn as court attire unless approved in limited circumstances by a supervisor.

3. The duty holster must conform to standards outlined in the firearms policy and may be worn at hip level or with a maximum six inch drop extension. The use of a thigh holster requires at least one leg strap for better weapon security.

4. Officers should never wear clothing (Jacket, Traffic Vest, etc..) over the LBV that would prevent them from having access to any of their equipment on the vest. However, it is understood that on occasion it will be necessary for officers to wear their traffic vests over their LBV for short periods of time while directing traffic. In these types of situations, officers should remain aware of their access limitations to equipment on their LBV and remove the traffic vest if they become involved in a situation that might require some type of enforcement action.

If officers anticipate wearing this type of clothing for an extended period of time, such as during periods of inclement weather, officers shall utilize their "Sam Browne" belt instead of the LBV.

During some special assignments, such as the Indio Music Festivals, the LBV is not authorized for use based on the required attire for officers working the event.

When officers are assigned to respond and handle a 5150 WIC walkaway the following steps will be taken:

- Responding officers will contact the RP and obtain the 5150 subject’s name, D.O.B., description, last known location and/or direction of travel, mental status, and what agency was responsible for the initial 5150 WIC status.

- Assigned officers will attempt to locate the subject by conducting an area search starting where the subject was last seen. If the subject resides in the City of Banning, officers will check the residence to see if the subject returned home. If the subject resides out of the City dispatch shall contact the responsible law enforcement agency and request them to check the residence to see if the subject came home.

- If the subject is not located after a reasonable search, the primary officer assigned to the call shall complete an APR to be disseminated to law enforcement agencies in the area indicating at the minimum the 5150 WIC Walkaway’s name, D.O.B., last known location, direction of travel, possible destination, physical and clothing descriptions, mental status, and last known place of residence. If the original 5150 WIC report was taken by another agency dispatch will contact that agency to notify them the 5150 subject has walked away from the facility where they were left.

- Before closing the call, the primary officer will make a log note under the appropriate incident number documenting the circumstances of the walkaway to include the subject’s name, D.O.B., physical and clothing description, mental status, and last known place of residence. Additionally, the primary officer shall indicate in the notes that an area check was completed, an APR was sent out, and if applicable what agencies were contacted and made aware of the subject’s status.

- When a 5150 WIC Walkaway is located, after an APR was sent out, dispatch will send out a APR cancellation and document in the notes of the original incident where the subject was located and what agency located them.

Reference: Directive regarding idling vehicles

In order to better maintain our department’s vehicles and enhance their life expectancy the following directive is hereby implemented on today’s date:

“No department vehicle will be left idling, while parked, unless the vehicle is actively being used during an investigation or call for service such as traffic stops, traffic control, perimeter control, and suspect detainment.”

I realize this directive will result in officers having to get into hot/cold vehicles during their shifts. However, with minimal resources we need to do what we can to make our equipment last.

FYI:

The department is in the process of upgrading computers in patrol vehicles which should result in quicker turn-on times. Those vehicles not receiving new computers are in the process of being replaced with 6 new Ford Explorers. We hope to have these new vehicles approved, purchased and in place sometime during November of this year.

Thank you for your understanding and cooperation in following this directive. If you have any questions, please do not hesitate to contact me.

Reference: New Directive Regarding the Documentation of Found Property

PURPOSE:
This directive only applies to found property and is intended to streamline the process of documenting such incidents.

342.2.2 NON-CRIMINAL ACTIVITY
The following incidents shall be documented using the appropriate approved report:
(e) Any found property....

The appropriate reports for found property are now the department’s Cad Incident Report and Property/Evidence Receipt. No Case Number is needed.

When officers collect found property they will check the found property box on the Banning Police Department Property/Evidence Receipt and complete the rest of the form in its entirety. This includes if applicable checking whether or not the finder wishes to claim the property after 90 days. The Cad Incident Number for the call shall replace the “Case No.” Officers will provide the “Finder” with the pink copy of the property/evidence receipt if appropriate. Remember to press hard when writing so the pink copy is legible. If the found property has a serial number, officers will still be responsible for ensuring dispatch has the information to enter it into CLETS, to include completing any associated paperwork such as the “Weapons Report.”

Once the receipt is completed, officers will package the found property appropriately, based on current property intake guidelines, and book it into the property room. For example, if the found property is a knife or gun the appropriate packaging is still required as is the need to weigh and/or count illegal substances before placing them into the property room locker for processing. The weight and/or count of the items must be documented in the “QTY” block of the Property/Evidence Receipt. After packaging the item, officers shall write the Cad Incident Number directly on the packaging with a non-erasable marker. The white copy of the Property/Evidence Receipt must accompany the packaged item into the property locker along with any other required paperwork, such as the “Weapons Report.”

The yellow copy of the Property/Evidence Receipt shall be turned into the WC, like other reports, for review and approval. After the WC ensures the form is completed in its entirety, he will forward it to the department’s Record Bureau where it will be scanned into the incident. The WC should also ensure the appropriate comments are in the Cad Incident Report.

When closing out the incident, officers must indicate in the Cad Incident Comments section that a Property/Evidence Receipt was completed and what officer placed the item into a property room locker.

To ensure the Banning Police Department and its employees are in compliance with Penal Code Sections 849.5, 851.6 (b), and 851.6 (d) the following procedures shall be followed, as directed.

In-Custody/Booked Arrests Rejected by the DA’s Office:

When a person is arrested and charges are filed with the DA’s Office and no accusatory pleading is filed by the DA’s office with the courts charging the arrestee with an offense the department’s Records Staff shall take the following actions:

- Upon receipt of the DA2 (Yellow Copy) and JUS 8715 (Blue Copy) rejection forms from the DA’s office, Records Staff shall record the rejection in the appropriate location in the original case file in RIMS. This includes scanning both documents into the original file where they are labeled as “DA Rejection.”

- Change the arrestee’s connection in RIMS from “SA” (Suspect Arrested) to “DX” (Detention Only) under the Persons tab.

- Notify DB Sergeant and Evidence Technician of rejected cases, at least once per week, via email.

- Complete the Banning Police Department Detention Certificate Form A with the required information, which may necessitate searching the Riverside County Data Warehouse to obtain information on date of release and releasing agency.

- Submit completed Form A to the Lieutenant, Captain, or Chief of Police for approval and signature. Upon its return, scan the form into the original case file as a PDF and in the notes section add “Detention Certificate” and the date the original form was mailed to the most current address on file for the subject. A copy of the original form shall be made and retained in the hard copy file.

If the subject is a transient and does not have a permanent address on file, the original form shall be stored with the original report’s hard copy on file in records. If at a later date the subject provides an address or presents themselves in person with proper ID, records staff can then provide them with the original form after making a copy that will still be maintained in the hard copy file.
**Public Intoxication Arrests/Bookings & No Further Proceedings Are Desirable:**

When a person is arrested, transported to the jail for detox, and no further proceedings are desirable the following procedures shall be followed, as directed.

- During the booking process of the intoxicated subject, the arresting officer shall complete Banning Police Department Detention Certificate Form B before leaving the jail facility. Once the form is completed, the arresting officer will leave the **white** copy at the jail for the arrestee to take with them when they are released and the **yellow** copy for the jail staff.

- The arresting officer shall complete the required police report pertaining to the arrest, listing the arrestee’s connection in RIMS as “SA” (Suspect Arrested). The arrest report shall include the **pink** copy of the Banning Police Department Detention Certificate Form B and the booking paperwork from the jail. The arrest report shall also document the white copy of the form was left for the arrestee at the jail.

- Once the report is received by Records Staff they will change the arrestee’s connection in RIMS from “SA” (Suspect Arrested) to “DX” (Detention Only) under the Persons tab.

- Records Staff will complete the required information on the California JUS 8715 Form and mail the **red** copy to the DOJ address noted on the backside of the **blue** copy of the same form. The **blue** copy shall then be scanned into the original RIMS report and labeled “No Further Proceedings Desirable.” The **blue** copy will remain with the hard copy file of the original report in records. (See the attached example of the CA JUS 8715 Form indicating what information must be added to the form before it is sent to the CA DOJ.)

**Arrestee Release from the Field/Station**

When a subject is arrested and it is later determined they should be released from custody without being booked or cited the following procedures shall be followed, as directed. This also applies to releases from the hospital unless the subject is booked into the county hospital ward.

- The arresting officer or his designee shall complete the Banning Police Department Detention Certificate Form B and leave the completed **white** copy at the jail for the subject when they are released. Both the **yellow** and **pink** copies of the form shall be included with the report and one of them scanned into the Rims report.

- Officers completing reports related to the arrest and release of the subject shall classify them as “DX” (Detention Only) under the Persons tab.

- If a subject was arrested and released and a related criminal report is not required, an information report shall be completed to document the circumstances involving the arrest and release of the subject.

- A CA JUS 8715 form is not required as the subject was not booked and charges were not filed with the DA’s Office.
Past Arrests Rejected by DA’s Office

If a citizen contacts the Records Staff enquiring about their past arrest by the Banning Police Department; and it is determined the arrest in question was rejected for prosecution by the DA’s Office the following procedures shall be followed, as directed.

- Records Staff shall confirm the subject’s identification with a valid ID. Records Staff will then confirm the case status by reviewing the arrest report in question to determine if in fact it was rejected by the DA’s Office.

- If it is confirmed the case was rejected by the DA’s Office, Records Staff shall immediately change the arrestee’s connection in RIMS from “SA” (Suspect Arrested) to “DX” (Detention Only) under the Persons tab.

- The Records Staff will then complete Banning Police Department Detention Certificate Form A and provide the original copy to the requesting subject only after making a copy to include with the hard copy file maintained in Records. This copy should be scanned into the RIMS case file and labeled “Detention Certificate Personally Served (Date) by (Records Staff Last Name). A copy of the subject’s presented ID should also be copied and attached to the hard copy Form A for proof of service.

- Remember to have the Lieutenant, Captain, or Chief of Police sign Form A before providing it to the citizen.

SUBJECT INFORMATION
The agency that initiates the JUS 8715/8715A must fill out this section.

A. LAW ENFORCEMENT
The JUS 8715/8715A is to be initiated by the agency that makes an arrest for which a fingerprint-based arrest report has been submitted to the California Department of Justice (DOJ). The arresting/booking agency should complete Section A then either furnish the form to the DOJ (if disposition is final) or route the form to the prosecution when requesting that charges be filed.

Enter one of the following codes to indicate final disposition at the law enforcement level:

849(b)(1) PC
1 Complainant Refuses to Prosecute
2 Arrestee Exonerated
3 Further Investigation
4 Admissible Evidence Insufficient
5 Ascertained Evidence Insufficient
6 849(b)(2) PC
7 849(b)(3) PC
8* Other Law Enforcement Disposition

Out-of-County Warrant Releases
10 Released on Bail
11 Extradition Proceedings

L  Prosecutor Prefiling Deferral

After deferral, the prosecutor is responsible for completing Section B, Reopen from Prosecution Prefiling Deferral, on the JUS 8715A.

C. COURT
When the court initiates the disposition document, the complete booking information must be added by the court, or the disposition must be forwarded to the booking agency for the missing arrest/booking information. In cases where the subject has not already been booked, the court should order the subject booked. The court is responsible for initiating a disposition document when:

- The JUS 8715 was not initiated by a law enforcement agency, but the subject appeared in court.
- The case was reopened, retried, or subsequent action occurred. Use the JUS 8715A to record this information.

The court is responsible for completing Sections C, D, E, F, and G on the JUS 8715 and Sections C, D, E, F, G, and H on the JUS 8715A.

Enter one of the following dismissal codes in the corresponding charge box for each charge dismissed:

* Note the particular reason(s) for dismissal or declaration of mistrial in the "Remarks" area of Section E of the JUS 8715 and Section F of the JUS 8715A.

ROUTING
All pages of the JUS 8715/8715A forms accompany case documentation as it is forwarded to each agency involved in processing the case. Once a final disposition is rendered, the original first page is sent to the DOJ at the following address:

California Department of Justice
Bureau of Criminal Information and Analysis
P.O. Box 803417
Sacramento, CA 94203-4170

A. JUS 8715: The second page (blue) is retained by the law enforcement agency if final disposition occurred at the law enforcement level. If final disposition occurred at any other level, the second page (blue) should be returned to the law enforcement agency when final disposition occurs. The third page (green) is retained by the court having final jurisdiction.

B. JUS 8715A: The last page (JUS 8715A) is retained by the court and used to report any pertinent subsequent action information. Once completed, the original JUS 8715A is mailed to the DOJ, a photocopy is forwarded to the law enforcement agency, and a photocopy is retained by the court.
2017 Portable Audio-Video Recorders.pdf
Department Updated Policy/Directive

To: All Personnel

From: Alejandro Diaz, Chief of Police

Reference: Update to BPD Policy Section 450 Portable Audio/Video Recorders Involving Recording Identification.

Date: January 24, 2017

It has been identified that the “Unique ID” box in the Puma Management System cannot be used to add the below listed criteria codes when audio files are downloaded. Subsequently, the following change is hereby implemented, which will allow for the criteria codes to be added into the Puma Management System.

Recording Identification:
In order to identify recordings requiring extended retention periods, the following codes will be added to the “Notes” section in the Puma Management Software when downloading audio files. When adding the criteria codes to the note section please ensure the code is listed first before you add other information. Also, ensure you use capital letters for the codes. If a recording does not meet one of the following criteria no code is required.

- UOF Incidents involving the Use of Force
- OIS Officer Involved Shooting
- DA Incidents involving a Detention or Arrest.
- IC Incidents involving an Informal Complaint Against an Officer

Information identified in Policy Sections 450.7 (b) – (f) should be documented in the notes section of the Puma Management Software for each recording if they are applicable. Information related to documenting subsection (a) can be accomplished by using the “Evidence” drop down menu in the same software system by checking “Yes” or “No.”
2017 Stolen Vehicle Narrative Update.pdf
To: Department Personnel  
From: Phil Holder, Captain  
Reference: Change in narrative form regarding stolen vehicles

Date: December 22, 2017

Effective today’s date, officers can now use the CHP 180 to complete their narratives for initial and recovered stolen vehicle reports instead of using the RIMS narrative. However, to ensure this works effectively the following guidelines must be followed:

- Written narratives must be neat and legible. (Pencil or felt tip pens are best used on the CHP 180 Form. Since the form must be scanned and attached to the original case in RIMS, the use of a pencil is OK, as the information will be memorialized permanently once it is scanned into RIMS.

- The written narratives still need to contain all pertinent information that was being added in the RIMS narrative section. (If there are special circumstances that require a narrative longer than the space provided on the CHP 180 Form then the RIMS narrative section will be used.)

- In addition to the written narrative, all applicable and available information must be added to the Stolen/Embezzled/Recovery Narratives on the back side of the CHP 180 (Sections 1 – 36). This information need not be added to the written narrative.

- Both the front and back of the CHP 180 Form must be scanned and attached to the case in RIMS.

- Copies of the CHP 180 Form must still be forwarded to Records in the same manner.

- This change does not apply to stolen vehicle recoveries involving an arrest. When an arrest is made the RIMS narrative section shall be used as there will be more details in the report.

This change is a result of the Ad Hoc Report Writing Committee’s efforts to streamline the department’s report writing process. Additional changes are on the way and will be implemented as they are finalized and approved.
“WRAP” Directive

To: BDP Personnel  Date: May 12, 2017

From: Alejandro Diaz, Chief of Police

The Banning Police Department has approved the use of the Wrap within the guidelines provided.

PURPOSE:
The Wrap provides a safe and quick method of controlling and immobilizing a violent or potentially violent/combative subject who has been detained or taken into custody. This directive is in conjunction with current Banning Police Department Policy Section 306 – Handcuffing and Restraints and is intended to notify Department personnel of the procedural guidelines for the Wraps use.

CRITERIA FOR USE:
The Wrap can be used prior to or after a violent or potentially violent/combative subject is controlled using approved departmental methods. Like any restraint device, do not assume the Wrap is escape proof. Once applied, THE SUBJECT SHOULD NOT BE LEFT UNMONITORED.

The Wrap should be considered for use under the following situations:

A. Whenever you anticipate possible violent/combative behavior.
B. To immobilize a violent/combative subject.
C. To limit violent/combative subjects from causing injury to themselves or others.
D. To prevent violent/combative subjects from causing property damage by kicking.
E. To restrain subjects after a chemical spray or stunning device is used.
F. When conventional methods of restraint are not effective.
G. In transportation of violent/combative subjects.

REPORTING USE OF THE WRAP:

A. Any officer, who applies The Wrap for any reason, other than at an approved training exercise, will notify an on-duty supervisor.
B. The incident will be appropriately documented according to department policy.

TRAINING:
Only qualified personnel who have successfully completed the Department’s training in the use of the Wrap should use this restraining device.
